prices inflated, and real estate rose in price beyond anything reasonable. But the in-evitable end came at last. The bubble has burst, and within the last few weeks the

a government to borrow money, and it may seem a good thing while the money lasts to have it to spend. But borrowed money all has to be paid back, principal and interest, and in a few years these become a heavy burden upon the people and a constant drain upon the country. The borrowing and

spending lavishly beget habits of recklessness and extravagance which again require

spending extravagantiy what the hext over must pay for by the most rigid economy. There is surely in this a lesson for us, as a prowace and a dominion. Our public men have been wont to point to Australia as ex-ceeding's properous, although her debt was many times that of ours. Fortunately, our governments we been less extravagant, and our public be deen less extravagant, they are quite late enough, as large in-deed as sound business minciples will jus-tify, and our statesmen will to wise if they
