WALTER SCOTT, "the Keen Kutter"

WOULD BENEFIT THE WHOLE PROVINCE

All Nova Scotians Want Modern Hotel For Their Capital

A city with a large modern appointed and comfortable hotel is as a city set upon a hill that cannot be hid. It will naturally attract tourists within the province and abroad to that city. Halifax above all its needs, requires a first-class modern, spacious hotel. The existence of such a hostelry would mean prosperity for the city itself and the whole province.

Nova Scotians know the need of such hotel accommodation in Halifax. They stay at home, because there is no adequate and comfortable accommodation for them in the capital city. The consequence is that they do not get cosmopolitan ideas, money is kept out of circulation, railways suffer loss in traffic, and business in general does not "pick up" or increase. For citizens thru out the province, as well as in the metropolis a big, modern hotel is imperatively needed in Halifax and all Nova Scotians should demand that such a structure be erected in "The world's third most important port."

The Temple Church, Yarmouth, N. S., has extended a hearty and unanimous call to Rev. S. A. MacDougall, of Nictaux, N. S., to become its Pastor. The Temple church is one of the strongest in the western part of the Province and affords a splendid opportunity. Pastor MacDougall has been with the Nictaux Church nearly four years and has enjoyed a very

fruitful pastorate, some 100 or more uniting by Baptism and a number by letter. The call is now under consideration and Mr. MacDougall is expected to give his answer shortly.

A Practical Experience

In a speech made before the Illinois Retailers' Association, of Chicago, Henry C. Lytton, the President of the Hub, the largest clothing store in the world, stated that the store does a business of over \$4,250,000 annually—that he spent nearly half his available capital the first year in publicity, newspaper advertising, after he opened his State Street store—that advertising and persistency is the only "luck" that ever brought success to the business man.

In a further statement Mr. Lytton said "I believe in honest advertising as a merchant cannot afford to gain a BUYER who does not become a CUSTOMER. I cannot lay too much stress on newspaper advertising. I am one of the firmest believers in Newspaper Publicity that you have ever met in my line of business or in any other."

IMPORTANT EVENT IN LAWRENCE TOWN

Visit from Rev. Hamilton Wigle, B. A.—presentation to Dr. J. B. Hall

Lawrencetown has recently been privileged to have a visit from the Rev. Hamilton Wigle, B. A. Principal of the Mount Allison Ladies College. On Sunday morning, the 16th inst., he preached to a large congregation in the Methodist church on the important theme of Christian Education and deep appreciation was expressed for his service.

On Monday evening the Lecture Hall of the Demonstration Building was filled with a fine audience to hear the reverend gentleman deliver his popular lecture. "What's Wrong with the World?" Mr. Wigle delivered a thoughtful and intensely interesting address, and will be cordially welcomed back on subsequent visits.

At the close of the lecture a delightful event took place. The Rev. F. H. Beals, M. A. came to the front and in a few well chosen words, asked Dr. Hall's acceptance of a beautiful illuminated address on parchment which was presented to Dr. Hall by the citizens of Lawrencetown as a token of the high esteem in which he is held. Dr. Hall was taken completely by surprise but very feelingly indicated his profound gratitude for such an expression of regard. "He's a Jolly Good Fellow" was then sung by the gathering, and Mrs. E. C. Shaffner appropriately rendered "Auld Lang Syne." A most successful gathering broke up with the National Anthem. The address to Dr. Hall follows:— To James Barclay Hall B. A., Ph D.

Rendering "honor to whom honor" is due is a sentiment with which all are in cordial agreement, and it is therefore with perfect appropriateness that we today seek to do honor to you. Among the many worthy citizens reared in our idyllic Annapolis Valley Village none ranks higher in our estimation than your worthy self. Our minds indulge in retrospection, and imagination conjures up your splendid struggle to secure an advanced education. Your elevation from the workshop to a highly honorable position in the educational life of our Province is a lasting tribute to your ability and determination. During the years you have never lost interest in Lawrencetown, your native place. We your fellow townsmen, in the past have appreciated greatly your visits here on vacation, and now are delighted to have you as a permanent resident in our midst. Your presence is a source of inspiration

and uplift to the entire community. We value very much your labors among us in the Church and in the Literary Society. You have shown occasion in this rural locality by fostering School Exhibitions with their attendant instruction and work, and also by being one of the main factors in securing for our town the Demonstration Building. We are grateful that your zeal for our well-being shows no sign of waning, and that at the present time you are helping forward our Public Library and are also engaged in the fine work of teaching an evening School.

We respectfully ask your acceptance of this address as a slight indication of the eminent regard and honor in which you are held. We do this in no formal way, but as a spontaneous expression of our genuine feelings. We feel that in thus seeking to honor you, we are honoring ourselves. Our earnest hope is that for a long time to come we may be privileged to enjoy a continuance of your helpful leadership and genial friendship.

Signed on behalf of the citizens of Lawrencetown, N. H. Philmer, L. R. Morse, H. H. Whitman, J. E. Shaffner, H. T. James, F. G. Palfrey, etc.
