\$1.75.

500 MILE STOCK.

MR. JAMES GRIST has now for disposal some excellent, strong, stylish birds, bred out of the world-famous 500-mile winners, "NAPOLÉON," "HURRICANE" and "YOUNG GLADIATOR."

Mr. G. is the first fancier in the United States to have birds accomplish such a long distance, and the first to supply the U. S. Government with his Champion Long-Distance Flying Stock, which cannot be excelled. All the imported birds are selected specimens from the well known Belgian establishments of Messrs. Pictinacks, Mills, and Sman.

Will fly the above three Homing Pigeons against any other fancier's, for \$100.

Imported Birmingham Roller Pigeons:

The most interesting little Flying Pigeons living. (See November issue of Review.) Can be flown twice a day and remain up three hours, during which time they pass through the most wonderful and marvelous aerial gymnastics at an immense altitude.

For prices and particulars of above, address
