THE BEST QUEENS

Are those that produce the best bees for gathering honey and are gentle bees. These are the Queens I purpose breeding from and believe they are superior to imported queens. I have selected three out of over 200 as producing bees famous for honey gathering, and originally bought from

MR. JAMES HEDDON.

Not content with these, I have purchased from

MR. G. M. DOOLITTLE

one selected by him from over 600 which I also will breed from. The value of Mr. G. M. Doolittle's Italians as honey gatherers is well known. Those who have tried the Heddon strain require no recommendation from me. A customer last season took over 1900 pounds of honey and increased to 27 from 14 colonies purchased from me last year. Another nearly 150 lbs. from one colony and increased to five. Another 140 lbs and increased to four colonies. These were all the bees I sold last year, or no doubt could give more recommendations.

Prices for 1887 as follows: Tested queens on June 5th or after, \$2; Hybrid queens on June 1st or after 60 cents each. Dollar queens after June 15th from Doolittle's Italians or Heddon's strain \$3; 10 per cent off to any person ordering one dozen during the season of 1887; 15 per cent off to any one ordering one dozen at one time (can have them sent three at a time if desired). Will endeavor to be prompt in shipping. In ordering please state whether from G. M. Doolittle's selected Italian queen, or from my selected Heddon strain. Address,
