

BEE LORE.

HONEY is selling to-day as cheap as a good quality of molasses. Yet there are thousands of children throughout the land who never had a taste of honey.

Where one has limited capital and wishes to become an expert or a specialist, it is far better to begin on a small scale and gradually increase his number of colonies, making them pay their way and also furnish funds for new investments.

One of the most remarkable yields of honey ever heard of has just been gathered at an apiary near Riverside, Cal. The yield for the season from thirty-three hives was seven and a quarter tons, an average of 414 pounds to the hive.

HONEY MARKET.

CINCINNATI.

There is no material change in the market. Demand is slow for manufacturing purposes, while trade is fair in comb and extracted honey for table use. Arrivals are good. Extracted honey brings 4 to 8 cents on arrival, according to quality. Choice comb honey 14 to 16 cents in the jobbing way. Home demand for beeswax is fair, which brings 20 to 22 cents for choice yellow on arrival.
