104.	do Collection of Hard Soap.....	2 00
105.	do Collection of Fancy Soap.....	4 00

Extra Prizes, of which a considerable number have been promised, will shortly be arranged and published in the Sun newspaper.

COLCHESTER COUNTY EXHIBITION PRIZE LIST.

The Colchester County Exhibition which opens on Tuesday September 25th, and closes on the 27th, will likely be attended by many visitors from different parts of the Province. The Prize list has, as far as possible, been arranged to bring out the many varied industries of the County. In class 1, Horses, \$199 are offered; in class 2, Cattle, \$560; in class 3, Sheep, \$96; in class 4, Swine, \$81; in class 5, Poultry, \$31.50; in class 6, Roots and Vegetables, \$78.50; in class 7, Grain and Field Seeds, Grain Manufactures, &c., \$40.50; in class 8, Dairy Produce, \$25; in class 9, Woollen Manufactures, Flax, and Straw Goods, \$91; in class 10, Fruits, \$47;

in Ornamental Plants and Flowers, \$46.5 in class 12, Manufactures, \$434; besides number of extra prizes have been offered. The total amounts to \$1735, the largest sum ever offered at a County Exhibition in Nova Scotia. We hope our farmers and mechanics will come out in full force. The Regulations are almost the same as at the Provincial Exhibition in October last. We notice change in Rule 11, wherein we find the necessary attendants upon stock will not be admitted free but will receive tickets with their names upon them for 25 cents which will be good for the whole exhibition. This is a good arrangement and will prevent any one from entering an animal, whether fit for competition or not, merely for the sake of three pence as an attendant upon such stock. We hope that the Committee will also carefully carry out the last part of Rule 24. In Rule 15 a slight change is introduced; to prevent confusion and obviate the loss of articles, we find that no exhibit can be removed from the Woollen Manufactures and Fine Arts Department without presenting to the heads of that department a "Delivery Card," furnished each exhibitor therein, at the time of entering his or her articles. We hope this experiment, for such we understand it to be, may prove successful, and that after the exhibition no complaint whatever may be made of articles lost, &c. The change in Rule 12 may keep out certain flocks of geese that were prize winners last October.—Sun.

We have received from W. D. Dimock, Esq., Secretary of the Provincial Exhibition of 1876, the following memorandum of an omission in the published Prize List of that Exhibition. We join in the Secretary's expression of regret that the admirable work done in the Sun office should have been overlooked in the printed Report, for we believe the Exhibition Committee, in carrying out their labors to a successful issue, had no more faithful or useful ally than the Editor of the Sun:—

"We regret that inadvertently "Specimens of Book and Job Printing" from the Sun office, Truro, that received a Certificate of Merit at the Provincial Exhibition last October, were omitted from the list of articles receiving such honor certificates published in the Annual Report of the Central Board of Agriculture. The Specimens exhibited by Mr. Alley were admitted by all to be exceedingly creditable to his office and in the mechanical execution were almost faultless."

The arrangements for Stud Horses, for the season, so far as we have been able to ascertain, are as follows:—

MARQUIS OF LORNE, will make the season of 1877 in the County of Hants, commencing about the middle of May, and will travel between Falmouth and Shubenacadie. The owner is Alexander Ross, Middle River, Pictou. This is an English Draught Horse. He was selected at the Hamilton, Ontario, Exhibition,
