A NOTED BUT UNTITLED WOMAN.

(From the Boston Globe.)

Mrs. E. F. Pinkham.

The above is a good likeness of Mrs. Lydia E. Pinkham, of Lynn, Mass., who above all other human beings may be truthfully called the "Dear Friend of Woman," as some of her correspondents love to call her. She is devoted to her work, which is the outcome of a life-study, and is obliged to keep six lady assistants, to help her answer the large correspondence which daily pours in upon her, each bearing its special burden of suffering, or joy at release from it. Her Vegetable Compound is a medicine for good and not evil purposes. I have personally investigated it and am satisfied of the truth of this.

On account of its proven merits, it is recommended and prescribed by the best physicians in the country. One says: "It works like a charm and saves much pain. It will cure entirely the worst form of falling of the uterus, leucorrhoea, irregular and painful menstruation, all ovarian troubles, inflammation and ulceration, floodings, all displacements and the consequent spinal weakness, and is especially adapted to the Change of Life."

It permeates every portion of the system, and gives new life and vigor. It removes fatigues, restores weakness, destroys all craving for stimulants, and relieves weakness of the stomach. It cures bloating, headache, nervous prostration, general debility, sleeplessness, depression and indigestion. That feeling of bearing down, causing pain, weight and backache, is always permanently cured by its use. It will at all times, and under all circumstances, set in harmony with the law that governs the female system.

It costs only \$1. per bottle or six for \$5., and is sold by druggists. Any advice required as to special cases, and the names of many who have been restored to perfect health by the use of the Vegetable Compound, can be obtained by addressing Mrs. P., with stamp for reply, at her home in Lynn, Mass.

For Kidney Complaint of either sex this compound is unsurpassed as abundant testimonials show.

"Mrs. Pinkham's Liver Pills," says one writer, "are the best in the world for the cure of Constipation, Biliousness and Turbidity of the Liver. Her Blood Purifier works wonders in its special line and bids fair to equal the Compound in its popularity."

All will respect her as an Angel of Mercy whose sole ambition is to do good to others.

Why go limping and whining about your bowels when a 25 cent bottle of Holloway's Corn Cure will remove them?

## Scientific and Useful.

JOHNNYCAKE.—Beat two eggs, add one pint sour milk, cream, salt, sugar, soda, and one pint of corn meal.

SODA AND WINDOWS.—If you put soda in the water with which you are to wash windows, you will find that finger-marks, putty stains, etc., will be much more easily removed than if clear water alone is used.

SUGAR PIE.—Line the plate with crust, laying a strip around the edge, fill the plate with dry maple sugar, pour on this two-thirds cup of sweet cream, put on a few pieces of butter, grate on nutmeg, and finish the top by laying on strips of crust as you like it.

TAPIoca CUP PUDDING.—This is very light and delicate for invalids. An even tablespoonful of beat tapioca soaked for two hours in nearly a cup of new milk; stir into this the yolk of a fresh egg, a little sugar, a grain of salt, and bake it in a cup for fifteen minutes. A little jelly may be eaten with it.

WALL-PAPER PASTE.—Four pounds of fine wheat flour are mixed with a small quantity of cold water, thoroughly stirred; two ounces of powdered alum are then added, and, when dissolved, a gallon of boiling water. When cooled, it may be thinned, as desired, with cold water, and used. Rye flour makes much better paste than wheat.

PRINCE PUDDING.—One quart of milk, one cup of sugar, two cups of bread crumbs, three eggs, yolks only, one teaspoonful baking powder; any kind of flavouring. Beat the whites to a stiff froth and put on top of pudding after it is baked; set back in the oven to get a delicate brown; put three teaspoonfuls of white sugar into the eggs before you stop beating.

SQUASH PIE.—A good squash pie is easily made if one will take care to observe this rule: Do not attempt to make a squash pie unless you have at least three eggs to spare for each pie. Beat the eggs till they are as light as it is possible to make them; then beat the eggs and squash together till it all looks foamy; add milk enough to thin it sufficiently; bake in a moderate oven, and success is sure.

A CHEAP FILTER.—The most impure water may be rendered pure by filtering through charcoal. Take a large flower-pot, put a piece of sponge or clean moss over the hole in the bottom, fill three-quarters full of equal parts of clean sand and charcoal the size of a pea; over this lay a woollen cloth large enough to hang over the sides of the pot. Pour the water into the cloth and it will come out pure.

ROAST VEAL.—Prepare a leg of veal for the oven by washing, drying and larding it with strips of fat bacon or ham, and dredging it well with flour and seasoning with salt and pepper; baste frequently and serve with the gravy thickened. A roast fillet of veal should be prepared by stuffing it with bread crumbs, seasoned with chopped ham, summer savoury, pepper and salt. Dredge lightly with flour, and bake.

ELECTION CAKE.—Take three pounds of sifted flour, leaving out a pint to put in with fruit, and mix in warm fresh milk till it is stiff batter; weigh one and a half pounds sugar, one pound of butter; mix them to a cream, then mix one-half of this with the batter of milk and flour, and one-half pint of good home-made yeast; beat very thoroughly together, when light, which will take several hours in winter (better mix at night and stand in a warm place till morning) add the remainder of butter and sugar with six eggs, and one pound of raisins, one glass of brandy, cinnamon, mace or nutmeg, according to taste, and a little soda. It should rise the second time before putting in pans for baking. The more such cake is beaten the finer and lighter it will be.

"And simply call attention to the merits of Hop Bitters in as plain, honest terms as possible,

"To induce people

"To give them one trial, which so proves their value that they will never use anything else."

"THE REMEDY so favourably noticed in all the papers,

"Religious and secular, is 29  
"Having a large sale, and is supplying all other medicines.

"She lingered and suffered along, pining away all the time for years."
