It Makes You Hungry

"I have used Paine's Celery Compound and it has had a salutary effect. It invigorated the system and I feel like a new man. It improves the appetite and facilitates digestion." J. T. COPPLELAND, PRIMUS, S. C.

Spring medicine means more now a-days than it did ten years ago. The winter of 1888-89 has left the nerves all fagged out. The nerves must be strengthened, the blood purified, liver and bowels regulated. Paine's Celery Compound—the Spring medicine of to-day—does all this, as nothing else can. Prescribed by Physicians, Recommended by Druggists, Endorsed by Ministers, Guaranteed by the Manufacturers to be

The Best Spring Medicine.
"In the spring of 1887 I was all run down. I would get up in the morning with so tired a feeling, and was so weak that I could hardly get around. I bought a bottle of Paine's Celery Compound, and before I had taken it a week I felt very much better. I can cheerfully recommend it to all who need a building up and strengthening medicine." Mrs. B. A. Dow, Burlington, Vt.

Paine's Celery Compound
is a unique tonic and appetizer. Pleasant to the taste, quick in its action, and without any injurious effect. It gives that rugged health which makes everything taste good. It cures dyspepsia and kindred disorders. Physicians prescribe it. \$1.00. Six for \$5.00. Druggists.

CATARRH.
A New Home Treatment for the Cure of Catarrh, Catarrhal Deafness, and Hay Fever.

The microscope has proved that these diseases are contagious, and that they are due to the presence of living parasites in the thin lining membrane of the upper air passages and eustachian tubes. The eminent scientists—Tyndall, Huxley and Beale—condorse this, and those authorities cannot be disputed. The regular method of treating these diseases is to apply an irritant remedy weekly and even daily, thus keeping the delicate membrane in a constant state of irritation, accompanied by violent sneezing, allowing it no chance to heal, and as a natural consequence of such treatment not one permanent cure has ever been recorded. It is an absolute fact that these diseases cannot be cured by an application made oftener than once in two weeks, for the membrane must get a chance to heal before any application is repeated. It is now seven years since Mr. Dixon discovered the parasite in catarrh and formulated his new treatment, and since then his remedy has become a household word in every country where the English language is spoken. Cures effected by him seven years ago are cures still, there having been no return of the disease. So high are these remedies valued, and so great is the demand for them, that ignorant imitators have started up everywhere, pretending to destroy a parasite—of which they know nothing, by remedios the results of the application of which they are equally ignorant. Mr. Dixon's remedy is applied only once in two weeks, and from one to three applications effect a permanent cure in the most aggravated cases. N.B.—For catarrhal troubles peculiar to females this remedy is a specific. Mr. Dixon sends a pamphlet describing his new treatment on the receipt of one cent in stamps. The address is A. H. Dixon & Son, 303 King Street West, Toronto, Canada.—Scientific American.

EATING BEFORE SLEEPING.—Experience teaches us that to eat heavily before going to bed is unwise, and productive of evil consequences. It also counsels at the same time that it is equally unadvisable for the stomach to be in a perfectly empty condition.
As a Drink in Fevers
Use **Horsford's Acid Phosphate**
DR. CHAS. H. S. DAVIS, Meriden, Conn., says: "I have used it as an accessory in cases of melancholia and nervous debility, and as a pleasant and cooling drink in fevers, and have been very much pleased with it."
FRIED MUTTON STEAKS.—Make a batter of grated bread crumbs, milk and one egg, in a shallow dish. Take some mutton steaks cut from the loin with the bone cut short. Dip each steak twice in the batter and fry them in hot butter or dripping and send them to the table hot.

IRON RUST may thus be removed: While rinsing clothes on washing day, upon such as have iron rust spot put a little oxalic acid on the spot and rub it in, then put a little salt on it, and hold it for a moment on a hot flat iron or a dish with boiling water in it, and the rust will disappear. Rinse again carefully.
Origin of Swearing.
The brother of the fairy Pari Banou was only thirty inches high. His beard was thirty-two feet long, and extended horizontally in front of him as he walked. He invented swearing to express his feelings when poor biscuit was set on his table. His wife could always make biscuit to please him by using Imperial Cream Tartar Baking Powder.

SCALLOPED TOMATOES.—Put a layer of tomatoes, either stewed or raw, in the bottom of a baking dish, cover them with a layer of stale bread crumbs, then sprinkle with sugar, salt and pepper, then another layer of potatoes, and so continue until the dish is full, having the last layer crumbs. Cut two ounces of butter into bits, and place them over the top. Bake in a quick oven twenty-five or thirty minutes.
PINEAPPLE MARMALADE.—Pare, slice, core and weigh the pineapple, then cut it into small bits. Make a syrup of a tea-cup of water to two pounds of sugar; melt and heat to a boil. Heat two pounds and a half of the chopped pineapple in a vessel set within one of boiling water, covering closely to keep in the flavour. When it is heated through and begins to look clear add the syrup. Boil together half an hour, stirring all the while, or until it is clear, bright paste.
