#### MOTHERS AND NURSES.

All who have the care of children should know that Dr. Fowler's Extract of Wild Strawberry may be confidently depended on to cure all summer complaints, diarrhoea, dysentery, cramps, colic, cholera infantum, cholera morbus, canker, etc., in children or adults.

Samual Williams, of Bowie, Texas, has patented a machine to whip up horses working a draft horse-power. A man, standing at a distance, pulls a cord hanging from a post beside him and thus operates the whip.

#### THE WORST FORM.

Dear Sirs,—About three years ago I was troubled with dyspepsia in its worst form, neither food nor medicine would stay on my stomach, and it seemed impossible to get relief. Finally I took one bottle of B.B.B. and one box of Burdock Pills, and they cured me completely.

Mrs. S. B. Smith, Elmsdale, Ont.

The demands for aluminum in this country appear to be greater than the market will supply. "The Engineering News" says: "There is no necessity of hunting for new uses for the metal in order to find a market for the works at present in operation."

#### FROM INDIA'S CORAL STRAND.

Dear Sirs,—I have much pleasure in certifying that after suffering severely for 15 months from diarrhoea, which came on after childbirth, previous to which I had suffered from dysentery for some months, I was cured by Dr. Fowler's Extract of Wild Strawberry.

Annie M. Gibson, Brillpatam, India.

The edict has gone forth for the recall of the white stocking. Princess Alexis of Hesse has some in her trousseau, and so, also, has Princess May. The latter has one exceedingly pretty pair of fine white silk, with a wide piece of exquisite lace insertion running up the leg.

#### WHAT SAY THEY?

In popularity increasing. In reliability the standard. In merit the first. In fact, the best remedy for all summer complaints, diarrhoea, dysentery, cramps, colic, cholera infantum, etc., is Dr. Fowler's Extract of Wild Strawberry. All medicine dealers sell it.

To clean sewers a brush has been invented by S. E. Johns on, of Selma, Cal., which consists of a hollow cylinder from which wires project radially. There are swivels at the end of the central portion, and into these are fastened ropes, by means of which the thing can be pulled to and fro between manholes.

#### THE SAMBRO LIGHTHOUSE

Is at Sambro, N. S., whence Mr. R. E. Hatt writes as follows:—"Without a doubt Burdock Blood Bitters has done me a lot of good. I was sick and weak and had no appetite, but B. B. B. made me feel smart and strong. Were its virtues more widely known many lives would be saved."

A collection of the "Punch" drawings of Mr. Linley Sambourne has been exhibited recently at London. Talk's cheap, but when it's backed up by a pledge of the hard cash of a financially responsible firm, or company, of world-wide reputation for fair and honorable dealing, it means business!

Now, there are scores of sarsaparillas and other blood-purifiers, all cracked up to be the best, purest, most peculiar and wonderful, but bear in mind (for your own sake), there's only one guaranteed blood-purifier and remedy for torpid liver and all diseases that come from bad blood.

That one—standing solitary and alone—so'd on trial, is Dr. Pierce's Golden Medical Discovery.

If it doesn't do good in skin, scalp and scrofulous diseases—and pulmonary consumption is only lung-scrofula—just let its makers know and get your money back.

Talk's cheap, but to back a poor medicine, or a common one by, by selling it on trial, as "Golden Medical Discovery" is sold, would bankrupt the largest fortune.

Talk's cheap, but only "Discovery" is guaranteed.

The monkey wrench, according to "Hardware," does not derive its name from the animal which evolutionists teach us to regard as our distant cousin, but from its inventor, Charles Moncky, who patented the idea. For a time the manufacturers sold the article as "Moncky's wrench." Gradually this became distorted into "monkey wrench."

## Only the Scars Remain.

"Among the many testimonials which I see in regard to certain medicines performing cures, cleansing the blood, etc.," writes HENRY HUDSON, of the James Smith

Woolen Machinery Co., Philadelphia, Pa., "none impress me more than my own case. Twenty years ago, at the age of 18 years, I had swellings come on my legs, which broke and became running sores. Our family physician could do me no good, and it was feared that the bones would be affected. At last, my good old mother urged me to try Ayer's Sarsaparilla. I took three bottles, the sores healed, and I have not been troubled since. Only the scars remain, and the memory of the past, to remind me of the good

Ayer's Sarsaparilla has done me. I now weigh two hundred and twenty pounds, and am in the best of health. I have been on the road for the past twelve years, have noticed Ayer's Sarsaparilla advertised in all parts of the United States, and always take pleasure in telling what good it did for me."
