

The **necessity** of the **enzymes** in the food **ingested** has been **absolutely demonstrated** by recent **research**.

LACTO-GLOBULIN

is the only **proteid food** that contains in **itself** the **natural enzymes** necessary to complement its **nutri-**
tive value.

“**LACTO-GLOBULIN**” presents a solution of most dietetic difficulties. It will be assimilated when all other foods fail, and has a marked and natural soothing action on the whole gastro-intestinal tract.

A pure albumen (not caseinate) prepared from absolutely fresh milk by scientific methods.

ANY DRUGGIST CAN SUPPLY IT.

Lacto-Globulin Co.,

LIMITED.

795 CRAIG STREET, MONTREAL.
