

NEWS AND NOTES.

It seems to be pretty well understood that children must be sick at times, we would say to all anxious mothers that Nestle's Milk Food is an excellent preventative of cholera infantum, and all such complaints so common to children.

It is the fashion in London to wear corsets and petticoats matching. The stockings always match the dress, or they are of Black silk.

IRON.—The Iron in Estey's Iron and Quinine Tonic is in a form and in a chemical condition easily broken up and assimilated by the blood; and being combined with pure Sulphate of Quinine and Sherry Wine, forms an agreeable and pleasant Tonic and Invigorator to the whole system.

Fur and velvet is the latest combination for bonnets, the fur being used for the brim and the velvet for the crown.

CONUNDRUMS.—Who hath sunburns? Who hath bad complexion? Who hath chafing? Who hath soreness of lips? Who hath rough hands? Who hath soreness of chin after shaving? They who use not Philoderma!

There is every indication, the New York milliners think, that this is the last season of small bonnets.

A GREAT WANT SUPPLIED

The consumers of Kerosene Oil, will find it to their advantage to buy LUXOR OIL, as it is without doubt the purest Oil to be had. By actual comparison it will be found as white as water. This is obtained by removing all impurities from the ordinary oil. It is no dearer than ordinary oil. As it will burn one-fourth longer and gives a clear brilliant flame, emitting no smoke or odor. To those using COAL OIL STOVES it is highly recommended, as it will give greater heat and will do more cooking for the same money. For sale in barrels and cases, two cans in a case.

Catarrh—A New Treatment.

Perhaps the most extraordinary success that has been achieved in modern science has been attained by the Dixon treatment for catarrh. Out of 2000 patients treated during the past six months, fully ninety per cent. have been cured of this stubborn malady. This is none the less startling when it is remembered that not five per cent. of the patients presenting themselves to the regular practitioner are benefitted, while the patent medicines and other advertised cures never record a cure at all. Starting with the claim now generally believed by the most scientific men that the disease is due to the presence of living parasites in the tissues, Mr. Dixon at once adapted his cure to their extermination; this accomplished, the catarrh is practically cured, and the permanency is unquestioned, as cures effected by him four years ago are cures still. No one else has ever attempted to cure catarrh in this manner, and no other treatment has ever cured catarrh. The application of the remedy is simple, and can be done at home, and the present season of the year is the most favorable for a speedy and permanent cure, the majority of cases being cured at one treatment. Sufferers should correspond with Messrs. A. H. DIXON & SON, 305 King Street West, Toronto, Canada, and enclose stamp for their treatise on Catarrh.—Montreal Star.
