Iron in the Blood

MAKES THE WEAK STRONG.

The Peruvian Syrup, a Protected
Solution of the Protochloride of
Iron, is so combined as to have
the character of an aliment, as
easily digested and assimilated
with the blood as the simplest
food. It increases the quantity
of Nature's Own Vitalizing
Agent, Iron in the blood, and
cures "a thousand ills," simply
by Toning up, Invigorating and
Vitalizing the System. The en-
riched and vitalized blood per-
meates every part of the body,
repairing damages and waste,
searching out morbid secre-
tions, and leaving nothing for
disease to feed upon.

This is the secret of the won-
derful success of this remedy in
curing Dyspepsia, Liver Com-
plaint, Dropsy, Chronic Diar-
rhoea, Boils, Nervous Affections,
Chills and Fevers, Humors,
Loss of Constitutional Vigor,
Diseases of the Kidneys and
Bladder, Female Complaints,
and all diseases originating in
a bad state of the blood, or ac-
companied by debility or a low
state of the system. Being free
from Alcohol, in any form, its
energizing effects are not fol-
lowed by corresponding reac-
tion, but are permanent, infu-
sing strength, vigor, and new
life into all parts of the system,
and building up an Iron Con-
stitution.

Thousands have been changed
by the use of this remedy, from
weak, sickly, suffering crea-
tures, to strong, healthy, and
happy men and women; and
invalids cannot reasonably hesi-
tate to give it a trial.

See that each bottle has PERU-
VIAN SYRUP blown in the glass.

Ayer's
Cherry Pectoral,

For Diseases of the Throat and Lungs,
such as Coughs, Colds, Whooping-
Cough, Bronchitis, Asthma,
and Consumption.

Among the great
discoveries of modern
science, few are of
more real value to
mankind than this ef-
fectual remedy for all
diseases of the Throat
and Lungs. A vast
trial of its virtues,
throughout this and
other countries, has
shown that it does
surely and effectually
control them. The testimony of our best citi-
zens, of all classes, establishes the fact, that
CHERRY PECTORAL will and does relieve and
cure the afflicting disorders of the Throat and
Lungs beyond any other medicine. The most
dangerous affections of the Pulmonary Organs
yield to its power; and cases of Consumption,
cured by this preparation, are publicly known,
so remarkable as hardly to be believed, were
they not proven beyond dispute. As a remedy,
it is adequate, on which the public may rely
for full protection. By curing Coughs, the
forerunners of more serious disease, it saves un-
numbered lives, and an amount of suffering not
to be computed. It challenges trial, and con-
vinces the most sceptical. Every family should
keep it on hand as a protection against the early
and unperceived attack of Pulmonary Affec-
tions, which are easily met at first, but which
become incurable, and too often fatal, if neg-
lected. Tender lungs need this defence; and it
is unwise to be without it. As a safeguard to
children, and the distressing diseases which
beset the Throat and Chest of childhood, CHERRY
PECTORAL is invaluable; for, by its timely use,
multitudes are rescued from premature graves,
and saved to the love and affection centred on
them. It acts speedily and surely against ordi-
nary colds, securing sound and health-restoring
sleep. No one will suffer troublesome Influen-
za and painful Bronchitis, when they know
how easily they can be cured.
Originally the product of long, laborious, and
successful chemical investigation, no cost or toil
is spared in making every bottle in the utmost
possible perfection. It may be confidently relied
upon as possessing all the virtues it has ever
exhibited, and capable of producing cures as
memorable as the greatest it has ever effected.

UNIVERSAL EXHIBITION OF 1868
FIRST-CLASS MEDAL
ALF. LABARRAQUE AND Co

QUININUM LABARRAQUE

Approved by the Imperial Academy
of Medicine

The Quininum Labarraque is an eminently
tonic and febrifuge Wine, destined to replace
all the other preparations of Peruvian Bark.

The Bark Wines usually employed imme-
diately are prepared from Barks which vary
considerably in the degree to which they
possess the desired properties. Besides,
owing to the manner in which they are pre-
pared, these Wines contain scarcely more
than the traces of active principles, and
these always in variable proportions.

The Quininum Labarraque, approved by
the Academy of Medicine, constitutes, on the
contrary, a medicine of determined com-
position, rich in active principles, and on which
Physicians and Patients can always rely.

The Quininum Labarraque is prescribed
with great success for persons of weak con-
stitution, or for those debilitated by various
exhausting causes or past sickness; for youths
fatigued by too rapid growth; for young
girls whose development takes place with
difficulty; for women in childbirth; and for
aged persons enfeebled by years or illness.

It is the best preservative against Fevers.

In cases of Chlorosis, Anemia, or Greenish-
ness, this Wine is a powerful auxiliary of
the ferruginous preparations. In conjunction,
for example, with VALLEY'S PILLS, the rapid-
ity of its action is really marvellous.
