MONTREAL. This College is conducted by the Jesuit Fathers. opened on the 20th of September 1848, it was incorporated by an Act of the Provincial Parliament

n 1852, The Course of Studies, in which Religious Instruction holds the first rank, is divided into two Sections: the Classical and the Commercial.

The CLASSICAL COURSE, principally taught in French designed to impart a thorough knowledge of the Greek, Latin, French and English Languages and Literature, pure and mixed Mathematics, History and Geography, Philosophy and Natural Science, and what ever is necessary as preparation for a professional

areer. It comprises eight Classes : LATIN ELEMENTS, SYN-TAX, METHOD, VERSIFICATION, BELLES-LETTRES, RIE-TORIO, 1st and 2nd Year of Philosophy.

THE COMMERCIAL COURSE, principally taught in English, embraces the English and French Languages, Literature, Mathematic sand the other branches named above, moreover Book-keeping, and whatever else may fit a young man for commercial and industrial

It comprises four Classes: GRAMMAR, LITERATURE, RHETORIC and PHILOSOPHY.

There are, moreover, Elementary and Preporatory

Classes for younger students, The system of Education is paternal : the teach ers endeavour to unite kindness with firmness, and make use of the means of persuasion in preference to those of severity. To be admitted into the College, applicants must

present a certificate of good character. Monthly reports of behavior, application and pro-

gress, are sent to parents or guardians. None but relations or those who represent them are allowed to visit the boarders.

Half-Boarders and Day-Scholars must not absent themselves without the previous leave from the College authorities.

The collegiate year is of ten months, begining in the first week of September, and ending in the first week of July.

No reduction in the above mentioned terms will be granted for absence of less than one month. Each student must constantly be provided with at least:

2 complete suits (including cap or hat) besides overcoat and fur cap for the winter season, 12 handkerchiefs, 6 towels, 12 shirts, 6 pairs of socks, 3

pairs of shoes or boots.

The College authorities request parents not to allow their sons any extravagance with respect to elething, pocket money, etc., but rather to impress upon them the importance of economy. Likewise they should not allow them to keep any considerable amount of money in their possession.

To avoid delay, mistake, or any other inconveniences, money, Bank drafts or Checks should be always directed to the Treasurer of St. Mary's College Montreal.

CATHOLIC COMMERCIAL ACADEMY OF MONTREAL,

PLATEAU AVENUE - 699 St. CATHERINE STREET. THIS Institution has added lately to its Programme of studies a complete polytecnic Course. This Course was established by the Minister of Public Instruction for the diffusion of the knowledge of

the great industries among our Canadian youth Young men possessessing dispositions and aptitudes for the great manufactural and mining in-dustries; for Civil Engineering, architecture, surveying mechanics, &c., &c., are particularly invited to follow this course which is placed under the direction of a skilful professor trained, in the professional schools of France. The course embraces three years study, and for the benefit of those who have not completed their course in a Classical College a preparatory class has been opened. A Programme of the studies can be obtained either on personal or written application.

The Commercial Course will continue as heretofore, the only change being a separate class, exclusively devoted to commercial transactions. In this class practical transactions in Banking, Custom-House and commerce in general are carried on. When a pupil is ready to undergo his examination,

and passes it satisfactorily, he receives his Diploma This year the primary department will be transferred to a comfortable brick-house, next to the Academy, which has been purchased by the commissioners for that purpose.

The opening of classes will take place on Monday,

CERTIFICATE. I HEREBY certify that Mr. Patrick Coughlan, of Buckingham, P.Q., has cured me of Scuruy which I have had for five years. I tried different medical men, and also patented medicines, and found none that could cure me. I have taken 58 bottles of Sarsaparilla and found no change for the better; nothing took effect but Mr. Coughlan's remedies

administered by himself. I tried also Mrs. McGuirdhan, an Indian woman, but found no relief. I do recommend those afflicted with Scurvy or Salt-Rheum to try Mr. Coughlan's remedy and they

Ayer's Cherry Pectoral,

For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping-Cough, Bronchitis, Asthma, and Consumption.

Among the great discoveries of modern science, few are of more real value to mankind than this effectual remedy for all diseases of the Throat and Lungs. A vast trial of its virtues, throughout this and other countries, has shown that it does

surely and effectually control them. The testimony of our best citizens, of all classes, establishes the fact, that CHERRY PECTORAL will and does relieve and cure the afflicting disorders of the Throat and Lungs beyond any other medicine. The most dangerous affections of the Pulmonary Organs yield to its power; and cases of Consumption, yield to its power; and cases of Consumption, cured by this preparation, are publicly known, so remarkable as hardly to be believed, were they not proven beyond dispute. As a remedy, it is adequate, on which the public may rely for full protection. By curing Coughs, the forerunners of more serious disease, it saves unnumbered lives, and an amount of suffering not to be computed. It challenges trial, and convinces the most sceptical. Every family should keep it on hand as a protection against the early and unperceived attack of Pulmonary Affections, which are easily met at first, but which tions, which are easily met at first, but which become incurable, and too often fatal, if neglected. Tender lungs need this defence; and it is unwise to be without it. As a safeguard to children, smid the distressing diseases which beset the Throat and Chest of childhood, Cherry Protoral is invaluable; for, by its timely use, multitudes are rescued from premature graves, and saved to the love and affection centred on

and saved to the love and affection centred on them. It acts speedily and surely against ordinary colds, securing sound and health-restoring sleep. No one will suffer troublesome Influenza and painful Bronchitis, when they know how easily they can be cured.

Originally the product of long, laborious, and successful chemical investigation, no cest or toil is spared in making every bottle in the utmost possible perfection. It may be confidently relied upon as possessing all the virtues it has ever exhibited, and capable of producing cures as memorable as the greatest it has ever effected.

B. TANSEY M. J. O'B M. J. O'BRIEN,

CONFOUNDED. QUACKS Rheumatism and Gout have heretofore been con-

sidered by the ordinary practising physicians as incurable diseases, and the query has often been propounded of what benefit to the helpless sufferer is all their pretended science; and what doth it avail,—their long and tedious course of study—if they are obliged to acknowledge that all their resources are to no account when called upon to prescribe for a patient suffering from chronic rheumatism. The great trouble lies in the fact that the mode of investigation is prescribed within certain boundaries and limitations compelling the student to tread in certain well-worn paths, or suffer disgrace and ex-communication from that highly respectable order of mortals known as the Medical Faculty. How often genius has been curbed in its flights of investigation can easily be imagined. And often really grand and beneficial discoveries have been placed under the ban of censure by those self-constituted censors, for no reason whatever, but that they are innovations upon a stereotyped and time honored prescription. It was not so, however, with the proprietor of the

Diamond Rheumatic Cure,

for his high standing in the profession, and the learning and science of an able mind, quickly com-pelled the casson to succemb, and now physicians generally, all over the world, where this medicine is introduced, admit of its wonderful efficacy, and often prescribe it for their patients. Of course the use of the DIAMOND RHEUMATIC CURE, without the aid of a physician, is a saving in fees to the sufferer, but the really conscientious physician should rejoice at this, for the reason of the general benefits arising to mankind from its uso.

READ WHAT THE PEOPLE SAY.

Montreal, 21st March, 1871. Messis, Davins & Bolton: Dear Sirs—I with pleasure concede to the Agents wish that I give my endorsation to the immediate relief I experienced from a few dos s of Dr. Miller's Diamond Rheumetic Cure, having been a sufferer from the effects of Rheumatism, I am now after taking two bottles of this medicine, entirely free from pain. You are at liberty to use this letter, if you

doem it advisable to do so. I am, Sir, yours respectfully. JOHN HELDER ISAACSON, N.P.

MONTREAL, 17th March, 1874. Messrs. Drvins & Bolton: Gentlemen-I have suffered much with rheumatism, so much so that I was obliged to stay at home a certain time. I heard Mr. O'Neill, of the St. Lawrence Hall, speaking of your remedy. I asked him to get me a bottle immediately, which he did with great kindness. To my great surprise that bottle has cured me entirely, and I never felt better in my life. I attribute the use of my limbs to the "Dia-

mond Rheumatic Cure." JAMES GALLACHER, 58 Juror Street, Corner of Hermine. A BLESSING TO THE POLICE.

MONTREAL, 18th June, 1874. DEVINE & BOLTON: Gentlemen-Having been one of the many martyrs of rheumatism that I meet on my every day rounds, I was induced to try the celebrated DIA-MOND RHEUMATIC CURE. I had suffered the last five or six weeks the most terrible scute pains across my loins and back, so severe indeed that I bould hardly walk with the help of a stick. I commenced the Diamond remedy, following the directions carefully,—relief came immediately with the first bottle; improved rapidly with the second, and completely cured and free from pain after finishing my fifth small bottle. You are at perfect liberty either to refer to me privately or publicly, as I feel very thankful for the relicf, and sympathise with my

fellow-sufferers from Rheumatism. Yours respectfully, J. B. CORDINGE, Sanitary Police Officer, 51 Labelle Street. FURTHER PROOF.

TORONTO, March 30, 1874.

Dear Sir—After suffering for the past two years with Rheumatism, I can truly say that, after using two bottles of the DIAMOND RHEUMATIC CURE, I find myself free from that terrible disease. I have used all kinds of remedies and Doctor's prescriptions without end, but your simple remedy surpasses all. The effect upon me was like magic. I take great pleasure in recommending your medicine to

I remain,

MARGARET CONROY, 127 Sumach Street. This medicine is prepared by a careful experienced and conscientious physician, in obedience to the desire of numberless friends in the profession, in the trade and among the people. Every bottle is warranted to contain the full strength of the medicine in its highest state of purity and development, and is superior to any medicine ever compounded for this

terrible complaint.

In simple cases sometimes one or two doses suffice. In the most chronic case it is sure to give way by the use of two or three bottles. By this efficient and simple remedy hundreds of dollars are saved to those who can least afford to throw it away, as surely it is by the purchase of useless prescrip-

tions.
