SCIENCE IN FULL PROGRESS.

Thousands cured of Catarrh, Bronchitis, Thousands cured of Catarrh, Bronchitis, Asthma and Lung diseases by Dr. M. Souvielle's Spirometer, an instrument which conveys medicinal properties direct to the parts effected. These wonderful instruments are used in all first-class hospitals, and are prescribed by leading physicians. Full directions for treatment sent by letter, and directions are pressed to any address. It is instruments expressed to any address. It is only since Dr. Souvielle's invention that lung diseases are no longer feared except in their very last stage. Write for particulars to Dr. M. Souvielle, ex-Aide Surgeon of the French Army, 13 Phillip's Square, Montreal. Read the following notices :-

(From the Montreal Gazeite, December 24th, 1880.)

We are pleased to notice that a great many of our best citizens have bought Dr.
M. Souvielle's Spirometer, which is used
for the cure of those terrible diseases known by the name of Nasal Catarrh, Bronchitis and Asthma, and it is so highly spoken of as if Asthma, and is is so nightly spoken of as if these instruments and preparations were infallible in the cure of such complaints, and, to satisfy our curiosity, we visited Dr. M. Sanvielle at his effice, 13 Phillips' Square, Montreal, and gave a thorough examination of his invention, so that we can speak with our own authority of it. We think that such a method, which conveys medicinal propera method, which conveys medicinal properties direct to the organs affected by those distressing diseases, cannot fail to be a bent fit to bumanily, instead of pouring drugs into the stomach and deranging digestion. These wonderful instruments, with their contents, ware invented by Dr. M. Souviello after long and careful experiments in chemical analysis, and used in hundreds of cases treated by him there are the stomach and the and used in hundreds of cases treated by him in the hospitals of Europe. We find the Doctor a well learned gentleman, and he invites physicians and sufferers to try his instrument free of charge.

Common Sense in Medicine,

(Montreal Star, January 5, 1881.)
Dr. M. Souviolle, the Parislan physician and inventor of the Spirometer for the scientific treatment of diseases of the lungs and air passages, who recently took up his residence among us, is meeting with excellent success. Already the doctor has had hundreds of patients, who have given his system a trial, and, so far as we have learned, with both satisfaction and benefit. Dr. Souvielle makes a departure from the usual methods of treating diseases of the air passages. He contends that the proper mode of treating them is by inhalation and absorption, not by pouring drugs into the stomach and thus upsetting and disarranging one part of the system in the hope of benefitting another. This argument certainly has the advantage of being common sense, which is always the best kind of sense. The doctor certainly has the courage of his opinions and confidence in his system, for he gives a standing invitation to physicians and sufferers to visit him and test his instruments free of charge. His office is at 13 Phillip's Square, Montreal. **~~~~**

your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of MBS. WINSLOW'S SOOTHING SYRUP. It will relieve the poor little sufferer immediatelydepend upon it; there is no mistake about it There is not a mother on earth who has ever used it, who will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Sold everywhere at 25 cents a bottle. [G26

Among the pains and aches cured with marvellous rapidity by Dr. Thomas' Eclectric Oil, is car-ache. The young are especially subject to it, and the desirability of this Oil as a family remedy is enhanced by the fact that it is admirably adapted not only to the above ailment, but also to the huits, disorders of the bowels, and affections of the throat, to which the young are especially subject.

GARFIELD'S AVENGERS. WASHINGTON, Dec. 1 .- Scoville has re-

ceived the fo'lowing :--

MILWAUKEE, Nov. 26. To C. J. Guitcau, Judge Cox and Jury now trying Guiteau:

GENTLEMEN,-You are hereby notified if the trial of Guiteau for the murder of General Garfield results in the acquittal of the prisoner he and you may commend your souls to a merciful God and say farewell to your friends. We are now 1,000 strong in this city. Branch organizations are being formed in all the principal cities of the country. We expect at least 20,000 from New York and the whole State of Ohio. Have you heard of Lou Williams? Our object is death to Guiteau and he cannot oscane us if he is acquitted or declared insane. We are sworn to march to Washington and lynch the assussin, together with Judge Cox and the jury. Outraged justice demands the sacrifice for the deliberate murder of the noble Garfield for the farce which has been permitted to invade her solemn temple for the prestitution of law at the hands of miserable Cox. One has failed, but there are thousands who have yet to fail.

Beware. (Signed), THE PRESIDENT OF GARFIELD AVENGERS.
