

DESICCATED MOTHERMILK

A FOOD THAT YOU CAN SAFELY PRESCRIBE. NOT A
SUBSTITUTE, BUT SCIENTIFICALLY THE THING ITSELF

Of the great tissue builder and nerve center food, lactalbumin,
"Mothermilk" and human milk contain 1 ½ per cent.

"Mothermilk" being an exact duplicate of human breast milk,
gives to the baby, all that *the normal healthy mother* can give *at
her best.*

Samples sent prepaid to the profession upon request
