ROAD ROLLERS

For Every Kind of Road Work Use

Waterous DOUBLE CYLINDER Rollers

Their special features include:—Double cylinder, double crank engine; locomotive type boiler; steel gears cut from the solid and double speeds—forward and reverse.

150 Waterous Rollers in use in Canada to-day prove their adaptability to Canadian road making conditions. Leading Municipal and Contracting Engineers throughout the Dominion endorse their use.

See a Waterous Boiler at work and judge for yourself. Bulletin No. 301.
