

Nobody can help you more in both Canada and New Zealand.

Direct to/from Auckland

More Experience

Canadian Pacific Air Lines has a unique combination of wide experience in both the Canadian and New Zealand markets. We pioneered both passenger and cargo air services in Canada and have operated into New Zealand for over 35 years making us the Pacific's most experienced carrier. That's experience that can really work for you in both markets.

More Flights

Since the introduction of our Auckland-Vancouver and Auckland-Toronto services, business has boomed; so we'll soon be adding a second weekly flight. We will depart both Vancouver and Toronto on Fridays and Sundays and Auckland Sundays and Tuesdays.

More Service . . . and faster too!

Fly in the comfort of economy, the extra space and grace of Royal Canadian Business Class or the sheer luxury of Canadian Pacific's First Class. Cargo receives the treatment too with our unique C4 tracking system that lets you know where your consignment is at any time. And it's the fastest route between New Zealand and Eastern Canada.

Talk to your Canadian Pacific representative in either Canada or New Zealand. No-one can help you more doing business in both countries.
