

THIS VOLUME CONTAINS
A WELL-WRITTEN
LIFE OF DR. LIVINGSTONE,

Which has commanded the warmest approval of the literary world for years.

ALL DR. LIVINGSTONE'S LETTERS
TO
MEMBERS OF HER MAJESTY'S CABINET, SCIENTIFIC MEN, &c. IN ENGLAND
AND THE UNITED STATES.

His Letters to his own Family at Home,

AS WELL AS TO
HIS BROTHER IN CANADA.

ALL MR. STANLEY'S LETTERS FROM AFRICA

To the *New York Herald*, which cost its publisher \$20,000,
All written and edited at leisure, and covering a period including the life of nearly
FIFTY YEARS.

But it has no connection in any way with a book, sold at the extortionate price of \$5, and so severely handled by the English papers for its looseness, egotism, and hasty construction, and covering, all told, a period little more than a year.

Our book contains about twice the reading matter contained in the volume referred to.
