### MAYOR MAY CONCILIATE CARPENTERS AND BOSSES

Structural Iron Workers, However, Decline To Accept Effort at Mediation.

their employers together. From Mr. address. George Stevenson, the presi-Christman, contractor of the Oliver dent of the association, occupied the Oliver plant just now on account of the structural inon workers' strike there, which renders it impossible to preceed with carpenter work. John Poag & Co. intimated to Mayor Lees that the Bullders' Association would be willing to settle with the men on the basis of 37 1-2 cents an bour. This wage the strikers do not seem disposed to accept at present, as they to-day started some additional aggressive work, and believe that by heiding out a little longer they will force the employers to come to terms.

Don't Want Mediation.

## FOR ALL MEN

Declining Should Take Dr. Williams' Pink Pills.

Thousands of men throughout Cancount of lack of interest in the matter ada are suffering to-day from a deplorable failure of strength without granted for the temperance field day, knowing that they are the victims of exhaustion. The signs are plain. The sufferer cannot keep his mind on work, passes restless nights, turns against food and cannot digest feels exhausted after exertion, while headaches and fits of dizziness often add to his misery. These sympoms denote that the nervous system is weakened and insufficiently neurished. Dr. Williams' Pink Pills OTTAWA, May 15.-Mr. Fleiding will promptly cut weak blood and thus gave notice to-night for Wednesday give new strength and tone to the next of this resolution: "Resolved that it is expedient to can do this so promptly and so surely amend the Customs Tariff Act of 1907 Mr. W. H. Hipson, East Pubnico

Mr. W. H. Hipson, East Pubnico, N. S., says:—"For a number of years (1) "The governor-in-council may by I was troubled with violent headaches. order-in-council extend to Japan for When these spells came on the pain a period not exceeding two years from was so severe that I feared I would lose my senses. At the cutset these headaches would come on about once country on its exports to Canada as expressed by and contained in article v. of the treaty of commerce and navigation between Great Britain and gation between Great Britain and went on the attacks grew both in frequency of the second property of the second property of the trouble the house should be very careful in by the amateur company from Longest Property of the second property of the amateur company from Longest Property of the second property of the quency and severity. The pain was terrible and with each attack seemed could get was from a hot mustard foot bath, and the application of hot water and ammonia to my head: I would then have to be led to bed where I had to remain until the attack passed At this time Dr. Williams' and while I scarcely hoped they would tages enjoyed by Canada at present cure me. I decided to try them. After on its exports to Japan under the provisions of the said article and the said attacks were not so severe, and I joyfully continued taking the Pills until I had used ten boxes when every symptom of the trouble had passed

This is a plain statement of my case, but no words can tell what my sufferneath the two or three men engaged on the structural iron work at present. would have been in my grave, for

### POOR CROP OUTLOOK IN ONTABLE FALL WHEAT

Ice and Snew Did Considerable Damage, Says Official Report -Rye Faring Well.

Fall wheat crop reports issued yeserday by the Ontario Department of Agriculture make a bad showing in its May statement. The report says: The wheat sown in the fal! of 1910 entered the winter in excellent form all over the province, but its present condition is most variable. In some of HAMILTON, May 15.—(Special.)—
Mayor Lees to-day began his conToronto Conservatives at Cumberland the leading fall wheat counties, if is described as an absolute failure, while lere, and met with some success in his efforts to bring the carpenters and address. George Stevenson, the president of the association, occupied the Most of the hum done to the young works, the mayor received assurances that men there would be paid 40 cents an hour, the wage demanded. Mr. Christman, however, would not agree to an eight-hour day, which the union insists on He also stated that no carpenters would be taken on at the courts to the hydro-electric companies be transferred from the courts to the hydro-electric co mained for a long time, was peculiarly trying to the tender wheat, in some instances practically rotting it. Injury from insects was reported in

only a few instances, and these were not of a serious nature. In those sections of the province where the crop was a failure more of would have been plowed up but f the fact that it was seeded down with clover, and farmers are anxious to save the excellent catch of grass by resow ing the patchy spots with some spring grain—usually barley. In a number of cases, also, some inferior fields of wheat have been left untouched in the hope that they might pick up with favorable weather.

Most of the reports coming from the Lake Erie district were favorable. while in the Countles of Huron and Bruce in the adjoining Lake Huron district conditions were reversed, and sulted in the matter by the union included and had been asked by one of the officers of the union to approach the Hamilton Bridge Works an behalf of the men, the mayor will take no furtestant denominations in Canada to the corp was also more or less of a testant denomination. Government failure in the Georgian Bay counties. there is any doubt of his mediation being desired by the strikers. The men say there is no cause for anyone to interfere in the situation, as all they want is 40 cents an hour, and, as soon as that wage is granted the strikers. Word was received in the city was the contracted marriages.

Word was received in the city was also more or less of a failure in the Georgian Bay counties. In the West Midland district wheat to ask for appropriate action to estimate the whole was of fair promise, and the same may be said of the Counties.

Word was received in the city was also more or less of a failure in the Georgian Bay counties. In the West Midland district wheat to ask for appropriate action to estimate the whole was of fair promise, and the wall district wheat to ask for appropriate action to estimate the whole was of fair promise, and the wall district wheat to ask for appropriate action to estimate the wall district wheat to ask for appropriate action to estimate the whole was of fair promise, and the wall district wheat to ask for appropriate action to estimate the whole was of fair promise, and the wall district wheat to ask for appropriate action to estimate the wall district wheat to ask for appropriate action to estimate the wall district wheat to ask for appropriate action to estimate the wall district wheat to ask for appropriate action to estimate the wall district wheat to ask for appropriate action to estimate the wall district wheat to ask for appropriate action to estimate the wall district wheat to ask for appropriate action to estimate the wall district wheat to ask for appropriate action to estimate the wall district wheat to ask for appropriate action to estimate the wall district wheat to ask for appropriate action to estimate the wall district wheat to ask for appropriate action to estimate the wall district wheat to ask for appropriate action to estimate the wall district wheat to ask for appropriate action to estimate the wall district wheat to ask for appropriate action to estimate the wall di as that wage is granted the strike will end.

Word was received in the city yesterday that the British. Columbia the other countles of this group (York.) concluded the evidence in the McPherson-Ziegler case, and reserved judg-
