

CASH HAS POTENT VALUE

CASH has a value more potent to-day than for many years back. The stringency of the money market makes it necessary for the quick handling of goods—their prompt turning into cash. The prices on the fur garments in our showrooms tell you of our efforts to reduce our enormous stock of fur goods. Every garment in our store is

Moderately Priced

for quick selling. Just now, we're trying to encourage the early buying of Men's Fur-Lined Coats, and we rely entirely upon the price we are asking for these superior quality garments. Here's to-day you have a huge assortment from which to choose.

Men's Solid Beaver Cloth Overcoats, lined with muskrat and with large otter or Persian Lamb collars and lapels, splendidly finished, a rare opportunity for cash... \$65

We have cheaper coats, but this is a real stylish garment that will wear for years.

LABOR ELEMENT TO BLAME FOR B.C. DISTURBANCES

F. C. Wade, K.C., Scouts Idea That There is Prejudice Against Japs.

The London, Eng., Daily Chronicle has the following: "It is not always easy, as possible, for the armchair politician to follow the course of events on the outskirts of the empire. This has been the case with the recent outbreaks in British Columbia, and it is interesting and desirable to have a first-hand view of the situation from one who lives amid its surroundings and knows all the circumstances. F. C. Wade, K.C., a leading Canadian barrister, who was one of the counsel for Great Britain in the Alaska boundary dispute, is at present in Vancouver, and to a Daily Chronicle representative he gave some interesting and fresh points regarding events at Seattle and in British Columbia and Canada generally. "Race prejudice," said Mr. Wade, "is not at the bottom of the present trouble-making in everything they do, both Japs and Chinese are civil almost to the point of perpetual politeness. The Japanese are engaged chiefly in the fishing and lumber industries. The British Columbia generally has the people of the coast, and I am sure that more than in the province. If anything is being done to respect for the Chinese will likely take the place of the much abused term 'race prejudice.'"

The Real Value of Drugs

A well-known authority who has made a careful and scientific study of the relative values of drugs having a specific action on the kidneys and bladder, prescribes as follows: One-half ounce fluid extract dandelion; one-half ounce fluid extract riana compound; six ounces extract sarsaparilla. Dose—one tea-spoonful in a little water after meals and at bedtime. This vegetable mixture has a direct action on the liver and kidneys, and will cure all forms of constipation, sick headache, etc. Keep this prescription; it is valuable.

JUNCTION CITIZENS WANT PAVING RUSHED

Work is Being Needlessly Delayed and Want Night Gang—General County News.

Toronto Junction, Oct. 15.—Complete harmony does not exist between the different parties engaged in the paving of Dundas-street, and consequently the work is not being pushed ahead very rapidly. Evidently the force of men employed is much too small to "rush the job" as was intended, in order to accommodate the public, who are already beginning to tire of the tramp down to Humberdale. Of the days by there is comparatively little work made, and a sort of disheartening half-heartedness is evinced in the way the work is being carried on. The old macadam, which is being taken up from the road, and which would be conveniently and beneficially used on many of the streets of the town, is being quietly dumped to the side of the road, where it will be of no use to any individual. It has been suggested that night gangs be put on, and let the work be completed as arranged for, and if this happens, the night gang, even if completed this year, will neither be permanent nor satisfactory.

In police court to-day a Russian girl named Mary Panovick charged Paul Carrion, a Russian, with assault. Mary came from Rittman, Ohio, and Carrion made her acquaintance and persuaded her to marry him. The girl later decided that she had made the promise, and refused to do so. Carrion in the meantime had a possession of \$5 of the girl's money, and refused to return it unless she returned his love. He threatened her with a gun, and she fled to the police. Carrion was fined \$100 and costs for assaulting the girl. Carrion was also fined \$100 and costs for threatening the girl. Carrion was also fined \$100 and costs for threatening the girl.

SNOWBALL. Leaguers Held Great Rally in Village Yesterday.

SNOWBALL, Oct. 15.—(Special.)—Special services were held in the Methodist church to-day.

DIAMONDS WANLESS & CO., 168 Yonge St.

A Town of 1200 People One Irishman Planted in the Forest, and Behold the Result—Its Industries and Improvements.

With a population of 1200 Mildmay is exceptional. It has no defined boundaries, having no corporate existence even as a village. By choice of its citizens it remains a hamlet of the township of Carriack, county of Bruce, and its affairs are managed by the township council. It has a mixed population with Germans and their descendants, who cling to the mother tongue in the majority. The first purchasers of the site on which it stands were James Clark, William Stinson, Adam Johnston and William H. Bankiva. In the immediate vicinity, was already a village, while all around was a wilderness of forest, and the original owners never dreamed that they had purchased the site of a future town. Adam Johnston knew doubtless that "mighty oaks from little acorns grow," but he didn't know that when he sold a small plot to the site of the village, he was planting a double brand, he was planting an acorn. But it was the hut in the woods which Fitzpatrick started his shoe shop that was the germ of the future town. That was in 1855, and when in 1866 Samuel Carr visited the place, he saw the chance for a village. He saw the chance for a village. He saw the chance for a village. He saw the chance for a village.

LEMONTVILLE. Reopening Services Drew Big Crowd and Were Most Enjoyable.

LEMONTVILLE, Oct. 15.—The reopening service of the Lemontville Methodist Church, which was held on Sunday, Oct. 14, was largely attended. The Rev. Mr. Edwards, of Mt. Pleasant, was the officiating minister. Mr. and Mrs. J. Lunan of Victoria Square were guests in town on Sunday.

WOODBRIDGE. All Woodbridge Citizens Ask for Now is Fine Weather.

WOODBRIDGE, Oct. 15.—(Special.)—Everything is in readiness for the formal opening of the fall fair tomorrow, and given good weather, record attendance seems altogether probable. The track is in first-class condition, and a good host of well-known trotters, excellent sport is assured. The list of entries is remarkable, and in all lines there is every indication that the grand county fair will maintain its proud position, as the premier agricultural event in the Dominion. On Thursday special cars will leave at 10:30 a.m. and 12:45 p.m., returning will leave Woodbridge at 5:30, 7:12 and 10 p.m.

RIVERDALE. St. Matthew's Parish Building a Credit to the Congregation.

RIVERDALE, Oct. 15.—St. Matthew's Church in Riverdale has now attached to the church one of the most handsome and convenient buildings in the city. The congregation are greatly pleased with the new home for their Sunday school and social gatherings, and the architects, Messrs. Symons and Has, are to be congratulated on the beauty and excellence of the work. The seating capacity of the school room in the upper floors is about 800. The primary class room is arranged for 250 to 300 pupils, and a convenient hall for all purposes will accommodate some 300. There is also a very complete arrangement for kitchen, library, etc., hot water heating and electric lighting. The school room was filled last Sunday with scholars and other friends, when the building was solemnly dedicated by Bishop Reeves, Canon Farncomb, the rector of the church, spoke of the thankfulness of the earnest workers of the parish at the completion of the undertaking, and congratulatory addresses were given by Bishop Reeves and Canon Baldwin. The new building will be opened to the public with a supper and concert, Thursday, Oct. 17.

TO LOOSEN YOUR COLD To relieve tightness across the chest and clear your throat of soreness and phlegm, nothing is so prompt as Pol-Nervine. Why? It acts like magic—sure and thorough. "I never used anything but Pol-Nervine," writes E. P. Rensall of Sutton. "It not only serves as a household liniment best of all, but it cures colds and inflammatory pains are throat. Nervine surmounts anything ever used." If you haven't yet tried it, there's a pleasant surprise in store for you. Because it's a little different and a little better than a little remedy. Nearly fifty years in use.
