BYRON SANATORIUM PATIENTS REQUEST SUNDAY CAR SERVICE

Have Departmental Support For Their Plea.

COUNCIL HEARS APPEAL

Sir Adam Beck Addresses It, Asking Springbank Line Be Opened.

The question of Sunday cars to Springbank is again in the limelight. It was brought before the city council last night by Sir Adam Beck at the request of Edwin Ryan, medical director of the Soldiers' Civil Re-establishment Department at Toronto. Dr. Ryan wrote a letter to Sir Adam asking him to use his influence towards securing Sunday cars to the riverside park. When reading the letter to the council, Sir Adam remarked that he was not sure that his influence would carry any weight. He intimated that he would do what he could.

To Visit Friends.

In the letter, Dr. Ryan pointed out that the soldiers at Byron Sanatorium should have the convenience of the cars on Sundays in order to enable those of them who are able to visit their friends in the city. He also pointed out that the civilian patients of the Sanatorium would appreciate the Sunday service.

YOUNG LADS ADMIT STEALING 4 MOTOR CARS IN FEW DAYS

Three Remanded For Week on Theft Charge.

The police, in arraigning three lads n the juvenile court this morning, bagged the auto thieves who, since Halloween, have stolen four cars. The boys pleaded guilty and were remanded a week for sentence. The case oc-cupied over an hour of the magistrate's time. It is more than likely that the boys, two of whom are brothers, will be severely dealt with, as the magnistrate is determined to stamp out the istrate is determined to stamp out the epidemic of auto-thieving that has been thriving in London for some time.

A short time ago two lads were sentenced to three months in jail for having stolen a car. The cars of Archie Steele, Granton; Wm. McPhillips, London; R. J. Clifford, Putnam, and O. Campbell, Dutton, were the ones that the boys stole to have a good time. good time.

of the soldiers, if the proposal which is being made by City Treasurer James S. Bell in conjunction with the special committee can be carried out. The policies have been in force nearly four years and, according to the forms of the agreement, they may be extended for a period of from three to four years without the payment of any more premiums. The extra charges which have been levied by the company as a war risk will have to kept paid up. This change can only be made ordinarily with the written consent of the insured and the written consent of the insured and the written consent of the insured and the beneficiaries.

In a recent letter from the Metropolitan Life Insurance Company to Mr. Bell, the company intimates that it will waive the clause regarding written consent of the insured, but it still asks for the signatures of the beneficiaries. As the relatives of the men are scatally in the signature of the signatures. As the relatives of the men are scat-tered all over Canada and the United Richards-Wilcox Canadian states, and some are even in England, it would be nearly impossible for this to be done, and Treasurer Bell urges that an effort be made to secure the company's consent to the change in Clark Machinery Company. 100 the policy without the signature of the beneficiaries. This would save the city having to pay out more premiums for The company also agrees to suspend The company also agrees to suspend the extra war premium on all men who can be shown to be returned to the dominion with the understanding that it will be resumed if the men are returned to active service again. This alone will save the city a considerable sum, as the men are often returned and kept for nearly a year before being discharged. As soon as they are discharged, the men are given the privilege of taking over the policies. If they do not wish to take this opportunity the policies are allowed to lapse.

Let your slogan be: "Bring him home with the Victory Loan." Now that peace is in sight, there is all the more reason for buying Victory bonds. It has been said that It will take at least a year to demobilize the army and during this time the country will require large sums of money to "carry on." Let your bond help. Application for bonds may be made

at headquarters on Richmond street, near King street. H. Bapty is there all day long, and will be pleased to write you up, from fifty to a million dollars.

Fred Smith wastes no time. He took one applicant for a bond into the back seat of his auto yesterday and wrote him up for a good large amount on the way downtown.

That Kaufman Rubber Company knows a good investment. The local branch of the Kitchener firm sub-scribed for \$10,000 worth of bonds. This amount is entirely separate from the large block subscribed by the home office.

James H. Hussey sold a \$2,000 bond to a man yesterday who gave in payment four checks, on banks in California, Toronto, Vancouver and Detroit. He took twenty \$100 bonds.

Here is a list of the men who totalled Monday's bond applications: A. A. Langford, Thomas C. Benson, D. R. Teasdall, Frank Adams, David Ross, W. A. Casselman, P. M. Wood

The number of applications re-ceived so far is not as large as 1917, but averages much higher. Shows what London's financial condition is.

The Easiest Way to End Dandruff

o remove dandruff completely, and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; enough to moisten the scalp and rub it n gently with the finger tips. By morning, most, if not all, of your dandruff will be gone, and three or four more applications will completely dis-solve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have. You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple emedy has never been known to fail,-
