

Finds Bag of Full Whiskey Bottles In Swamp; Hides It, Then the O.T.A. Spoils Things

OWEN SOUND, Aug. 14.—To find a bag with nine bottles of whiskey in it beside the road and then to be arrested for having liquor in his possession was the end fate of James Richardson of Lions Head.

He was coming to Warton, and while passing through a swamp saw a bag beside the road. In the bag were nine bottles of whiskey of the swampest swamp variety, so Richardson put the bag in his car and brought it along, hiding it later near Warton. The Warton constable heard of the find, and when Richardson, on his way home, unearthed the firewater he was arrested for having intoxicating liquor in his possession. He was remanded before Magistrate Miller of Warton on Tuesday until an analysis is made of the hot stuff.

WOODSLEE BASEBALL. The game the married men beat the single men 24 to 5. Ruscomb played Woodlee a tie 8 to 8. George London, aged 52, died after a three-week illness, and was buried last Tuesday. He was a Methodist, also an Orangeman and an Oddfellow. The funeral was under lodge auspices. He leaves a widow, eight sisters and one brother and his mother.

Pte. Whitney Dewhurst has arrived home after over three years' service overseas. He enlisted with the 99th Battalion.

WILL DISCUSS PEACE TREATY WITH SENATE

Wilson Sets 10 o'clock Next
Tuesday as Time For
Meeting.

WASHINGTON, D. C., Aug. 14.—President Wilson's offer to talk over the peace treaty with the Senate foreign relations committee was accepted today. Tonight the president set 10 o'clock next Tuesday for the meeting and wrote to Chairman Lodge that in line with a suggestion by the committee he would not consider the discussion confidential in nature. In notifying Mr. Wilson of the committee's decision, Senator Lodge had written that members did not desire to be bound by secrecy as to any information they might receive at the conference.

The president chose the White House as the place of meeting, although the chairman had left the way open for him to come before the committee at the capitol, if he preferred, writing that the committee would meet him at any time or place he might select.

Commerce Board Has Just Issued Its First Order

Manufacturers, Dealers, Etc.,
Must Answer Questions
Put To Them.

OTTAWA, Aug. 14.—The board of commerce held its first session today and issued its first order, a formal pronouncement setting forth that any person who operates, controls or manages any cold storage plant, packing house, cannery, factory, mine, warehouse or other premises in which any necessary of life is prepared, manufactured, produced or held or who in any manner deals in any necessary of life, must, in response to the written request of the board, furnish all the information asked for. The order further sets forth that should anyone fail to comply with the board's order, the board may send investigators to get the information.

The effect of the order, in addition, is to abolish the office of cost of living commissioner and reinstitute the system of investigations instituted by Mr. O'Connor.

The statement issued by the board concludes:

Rigorous Compliance.

"Rigorous compliance with the requirements of the new act and the board's order will be enforced. 'All the records made under the previously prevailing investigation system will be secured and taken over by the board, and in addition, as soon as the board can make the arrangements and before the lapse of many weeks, the full board will in joint session, visit all the principal cities of Canada and conduct there open inquiries into cost and price conditions and the means of remedying these conditions. Only such delay will ensue before the board's order, as is imperatively necessary in order to enable intelligent inquiry."

"In the meantime, the board is organizing its personnel and preparing its itinerary. 'When the intended sittings are held they will be open to all who wish to complain or testify, or defend allegations made. No formally whatever, nor any notice will be required. Afterwards, from the information on hand, the board will take such action as remedied. Special remedies will be applied as the occasion for the application arises."

INQUIRY IS OPENED INTO CATASTROPHE AT MONTREAL PARK

Fire Commissioner Concludes
That Fire Was Started by
Visitors Smoking.

MONTREAL, Aug. 14.—Fire Commissioner Latulippe opened his inquiry this afternoon into the fire at the Montreal Park on Sunday last, and it was brought out in evidence that twelve persons had boarded the train of the Mystic Hill before the fire broke out. To the present, clues showing that eight had lost their lives have been found. A long list of witnesses were subjected to close questioning and the commissioner's conclusion at the end of the inquiry was that passengers in going through the Mystic Hill had been responsible for the fire through smoking. No witness was prepared to state that the fire was of an incendiary nature. The fire commissioner adjourned the inquiry sine die, and stated that full investigation into the origin of the fire would be continued.

WEST ELGIN FARMERS TO PLACE CANDIDATE AND CALL CONVENTION

ST. THOMAS, Aug. 14.—That the West Elgin farmers' clubs will unite in the coming election and place a candidate in the riding jointly with the Labor party has been practically decided, and a convention will be called during the next few weeks to choose a candidate. In the meantime a committee has been appointed to interview the labor interests in order that their co-operation may be obtained.

William Tolmie, ex-revuer, of Aldborough and former candidate for the Liberal party in West Elgin is prominently connected with the movement, and it is stated that he may possibly be chosen as the candidate. This is a matter to be considered at a later date.

A joint farmer and Liberal party has been mooted for West Elgin for some time and it has even been suggested that the labor interests be asked to unite with them, but this is the first definite step taken by the Liberals in making one great party of the various organizations.

Claims To Locate Hidden Springs by Use of Magic Wand

DUART, Aug. 14.—John Morningstar, "the wizard of the water wand," was in Duart on Wednesday trying to locate hidden springs. His method consists in firmly grasping a small witchazel croch in both hands and slowly pacing about the spot where it is desired to locate the well. When he is directly over running water, the croch, he claims, in a miraculous way, slowly states that he has located several good wells recently, and that he and Dr. McCleary of Rodney are the only two in Aldboro Township who possess the gift.
