

HEARTBURN

or heaviness after meals are most annoying manifestations of acid-dyspepsia.

KI-MOIDS

pleasant to take, neutralize acidity and help restore normal digestion.

MADE BY SCOTT & BOWNE
MAKERS OF SCOTT'S EMULSION

Simple Way To End Dandruff

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find all itching and digging of the scalp will stop instantly, and your hair will be shiny, glossy, silky and soft, and look and feel a hundred times better.—Advt.

IF KIDNEYS ACT BAD, TAKE SALTS

Says Backache Is Sign You Have Been Eating Too Much Meat.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Most forms of uric acid which overwork the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach aches, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days, and your kidneys will then act fine, this famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a kidney saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.

**Use A Handy Reliable Flashlight**

SAVE time. Save steps. Save work. Use a handy Reliable Flashlight to hunt your engine troubles or to give you light to do those hundreds of little chores.

Reliable Flashlights put a brilliant and safe light always at your command. You can get as long as 12 hours constant service, and 16 hours intermittent service by using the large Reliable Flashlight Battery—best for your light case whether Flashlight or Daylight.

The "Big Brass Cap" on the Reliable No. 6 Battery drains the battery of all power—puts every spark to work. No wasted energy when used on engine, bell or for any purpose where a longer lasting battery is necessary. Should you ask your dealer for it, the "Fahnestock Spring Clip Binding Post" will be put on your Reliable Battery.

Reliable ignition units do not have to be "charged" like storage batteries. Always ready for use—whether engine or tractor.

For full value and complete satisfaction, buy Reliable products. Sold everywhere by good dealers.

**SUGAR REFINERY AT CHATHAM SERIOUSLY MENACED BY STRIKE**

Delay in Arrival of Material Would Throw 700 Men Out.

CHATHAM, April 13.—Approximately 700 employees of the Dominion Sugar Company may be idle within the next few days as a result of the strike of railroad workers in the United States. Large shipments of raw sugar from points in Southern America are tied up as a result of the strike, and many thousands of tons lie in boats at New York awaiting transportation. To keep the local refinery humming there must be a steady importation, and any delay will seriously interrupt its schedule.

MEDICAL AID JOINS HIGH COST OF LIVING IN BORDER CITIES

WINDSOR, April 13.—Effective Thursday, physicians of Essex County will charge a new scale of \$2.50 for day and \$1 for night calls, according to a new scale adopted by the Essex Medical Association. The doctors claim increased cost of all commodities used by them, and in spite of higher wages, reluctance of patients to meet bills, has rendered this action necessary.

EXTEND LEAGUE OF SAFETY ACROSS CANADA

TORONTO, April 13.—Sixth annual convention of Ontario Safety League opened a three-day session here today. The triennial report showed \$20,000 had been raised and the league has been so successful in Ontario that it is expected Manitoba, Quebec and the provinces will organize this year. Sir John Eaton was elected president. Thousands of bulletins have been sent out to manufacturers, schools and car companies.

The first annual report of the Canadian National Safety League, a new organization, was also read.

IF CRIPPLED WITH A LAME BACK READ THIS

Tells All About a Safe Medicine That Relieves After One Dose.

That throbbing pain at the base of the spine is caused by improper kidney action. Fix up the kidneys and the backache goes in a hurry.

The most wonderful kidney medicine ever made is Dr. Hamilton's Pills. They contain the juices of certain herbs which soothe and heal all kidney troubles. It's a pleasure to use Dr. Hamilton's Pills. They relieve after the first dose, give you a new feeling entire, remove that dull, throbbing backache, correct urinary disorders, stop headaches, and vague pains through the muscles and joints.

Forty years of success stand behind Dr. Hamilton's Pills, which are prepared in the laboratories of the famous Cattaraugus Company, and can be depended upon as a safe, swift, and certain cure for Backache, Kidney, Liver, Stomach, or Bladder Troubles. Sold everywhere in 25c boxes.

BITTER FIGHT IN PUBLICITY OF ELECTION FUNDS

Farmers and Liberals Favor Letting Voters Know Facts.

UNIONISTS OPPOSE

Storm of Criticism From Government Heaped On Farmer Member.

OTTAWA, April 13.—In speeches bitter with invective, the House tonight fought over publicity of campaign funds. For several listless hours non-contentious clauses and schedules of the franchise bill had drifted through committee with scarcely more than a passing action. Then, on campaign funds, members of the new Agrarian party contested with members of the older parties seated on the Government side of the House, and exchanges were thick and fast.

Hon. H. G. B. MacMaster, Liberal member for Bromes, opened the fray with an amendment to limit individual subscriptions to campaign funds to \$10,000, and providing for publication of the contributions.

Hon. Hugh Guthrie, solicitor-general, brought it to a climax with the remark that a clause passed without exposure earlier in the day provided more than Mr. MacMaster asked. This clause stipulates that within two months the official agent of every candidate shall transmit to the returning officer an account of expenses and of all money, securities and equivalent of money received by, or promised to, the official agent.

The clause which raised the trouble was the one to which the Farmer party objected when first it came before the committee. It prohibits incorporation of unincorporated associations of farmers, unless incorporated for political purposes, from contributing to campaign funds; and after hours of debate the clause finally passed the committee unamended and without a division.

It was this clause which Mr. MacMaster proposed to amend, but while the official amendment came from Mr. MacMaster, the fight was primarily between Farmers and Government members.

Mr. G. B. Gould, the Farmer member for Assiniboia, in supporting the amendment, had told of how his campaign fund was raised by popular contribution. Contributions were \$2,000 and expenses \$5,573. He told of an agreement with a committee of fifteen in his constituency, providing if necessary for his recall as a member of the House.

When Mr. Gould had concluded he was subjected to a storm of criticism. Unionist members charged that he had given names but had not stated for what purpose the money was paid. "Is that not corruption of the vilest and rankest kind?" demanded Mr. Saxsmith of Peterborough, and his words were echoed by other ministerial members.

Mr. Guthrie speaking on the clause later, declared that it was not aimed at the grain growers' movement of the West or the United Farmers of Ontario. It was designed to stop corruption, and to prevent the use of money for political purposes. In the clause the Government simply proposed to re-enact the clause of 1910.

Hon. W. S. Fielding declared that the day was not far distant when the legitimate expenses of a candidate would be a direct charge on the treasury of the Dominion, and then all such taxes as this would have to be paid.

There was no reason, he declared, why many members of the House should not see that day.

The clause providing for the abolition of the post of election of the crown in chambers, on which there was extended debate last week in the House, was adopted without further debate just before the House rose.

The House adjourned at 11 p.m. until tomorrow at 2 p.m.

Ballots in Advance.

There was much discussion upon the clause which provides for taking in advance the ballots of electors who will be absent on polling day.

Mr. Fielding contended that the machinery was elaborate and expensive. The few absentees might as well vote by proxy; secrecy was not so important.

Mr. Pedlow (Renfrew) suggested commercial travelers, etc., might vote by mail, as was done in the Argentine Republic. Mr. Duff (Lunenburg) said the clause was not adequate for taking the vote of sailors, and if sailors could not be put on equal terms with commercial travelers, he advocated abolishing the advance poll altogether.

Mr. Menion (Port William) said the advance poll had been of great value in his constituency in the last election and satisfactory to the electors themselves. The clause was finally allowed to stand, but No. 101, the last one in the bill, which makes the bill apply to elections under the Canadian temperance act, so far as it can be made applicable, was carried.

A number of schedules of forms attached to the bill, which are to be used at elections, were passed.

Mr. Guthrie told Mr. Euter that the amendment to clause 29 (the qualification clause) would be ready by the time the committee was ready to take up this clause again.

Prohibits Contributions.

The remaining schedules having been adopted, the committee turned to the contentious clauses of the bill, beginning with clause 10, which prohibits any company or association, unless incorporated for purely political purposes, from contributing to political funds.

The solicitor-general told Mr. McKenzie that the changes made in this clause, as compared with the previous clause, were intended to remove ambiguity.

and restrict the amount which might be spent on an election in any constituency. As a farmer he was ashamed of the methods of farmers' organizations in politics.

Mr. Gould defended the system of small contributions. It stimulated interest in the cause. The allegation about a \$12,000 election was ridiculous. His own organization had collected just \$6,000, and much of it was still in the treasury.

Mr. Beat said he had based his \$12,000 estimate on the printing bill of \$4,000, and Mr. Gould denied that he had ever stated that this amount was spent on printing.

H. M. Mowatt (Parkdale) read a statement which appeared in the Regina Leader on the expense to the farmers' organization of the election in Assiniboia in 1917. The total of \$3,973.43 was made up of such headings as "Smith," "Gould," "Sundries," "General," "Patty Accoum," etc.

The latter, for instance, said Mr. Mowatt, amounted to over \$800. Mr. Mowatt had served time in the penitentiary. Gould interposed that the statement Mr. Mowatt was reading was not the statement of the farmers' organization.

Identical with those of Clyde Denham, alias Royce De Enon, etc., whose criminal record is as follows:

1908—December 21, received at Indiana Reformatory, Jeffersonville; crime, petty larceny; term one to eight years. Paroled September 7, 1910. Received final discharge September 27, 1911.

1912—February 3, Brantford, Ont.; larceny; six months Central Prison as necessary.

1913—February 4, Hamilton, Ont.; theft; one year Central Prison on each of two charges, concurrently as Carver M. De Enon.

1914—August 20, St. Thomas, Ont.; larceny; 24 months at Ontario Reformatory as Royce De Enon.

BRANTFORD OFFICER AIDS. BRANTFORD, April 13.—Detective Boyland and Miss Diamond went to Toronto today to assist in identifying "Frank Hall," who lost his memory. Both were confident that he was Geo. Denham, formerly of Exeter, England.

Detective Boyland having arrested him here some years ago for a series of thefts. He was also recognized by victims of the thefts. Miss Diamond had gone to Sunday school in Exeter with Denham.

KNOWN AT ST. THOMAS. ST. THOMAS, April 13.—Recalling some convictions made during the opening years of the war at the local police court, Chief of Police Armstrong finds a strong resemblance to a man who was convicted and sentenced to the Central Prison on a charge of theft in the features of the undiscovered soldier, "Frank Hall." Hall had then worked at the Monarch Knitting Company. It is alleged, under the name of Royce De Enon, and boarded with Mrs. Hollingshead, Lydia street.

Records of the local police court show that a man of this name was charged with stealing goods from the Monarch Knitting Company, and was punished. De Enon is remembered by several people in the city. Magistrate Maxwell, some time ago, received several inquiries as to the mysterious man, but does not remember their contents. The Toronto police have been advised, but so far none of the staff here have been called to identify him.

Says N. Y. Stock Exchange Governors Played "Short"

Chairman of Stutz Motor Company Resigns in Protest.

NEW YORK, April 13.—Allan A. Ryan, chairman of the Stutz Motor Car Company, resigned today from the New York Stock Exchange and accused members of the board of governors of being short in Stutz stock, trading in which was suspended by the exchange when the price sky-rocketed.

EXPECT ANOTHER RUN OF SAP FOLLOW GOLD SPELL

INGERSOLL, April 13.—While there has been much faultfinding at recent weather conditions old timers declare that the crops will be much better than had the early spring weather continued. The grain crops are expected to be above the average because of the recent falls of snow. It is expected there will be another run of sap, and many who tapped their trees have left their buckets out.

LEAVES DEPARTMENT OF RE-ESTABLISHMENT

OTTAWA, April 13.—Mr. J. H. W. Bower, general superintendent of the engineering branch of the department

of soldiers' civil re-establishment, is leaving the Government service to take up the work of chief engineer with a large engineering and contracting company. He will also specialize as hospital consultant. Mr. W. H. George succeeds Mr. Bower.

Nothing Pays Better Than Taking Care of Yourself

Men seem to care more for money than they do for health. They do not seem to realize that it pays better to take care of health than to take care of business. The best asset any one can have is healthy kidneys. The kidneys are more important than a bank account, for healthy kidneys will keep you alive, while a big bank balance won't.

The signs of bad kidneys are rheumatism, lumbago, neuralgia, dropsy, pains in the back, spots before the eyes, dizziness, sleeplessness and puffs under the eyes—all the results of poisons that the kidneys fail to filter out of the blood.

The cure is simple. All you need is something that will get the excess uric acid out of the system. Nothing does this so effectively and safely as Dr. Pierce's Anuric (anti-uric-acid) Tablets, which cost only 50 cents in drug stores. Anuric is an unusual medicine that dissolves uric acid much the same as hot water dissolves sugar or salt. It will pay you well to take care of your kidneys and health by taking Dr. Pierce's Anuric Tablets.

By writing Dr. Pierce's Invalids' Hotel in Buffalo, N. Y., and sending sample, you can have urinalysis free of charge. Send 10c for trial package of tablets, or 50c for "Medical Adviser."

The Versatile Phonograph

Every Feature that Means Perfect Enjoyment

OME good phonographs specialize upon one advantage, some upon another. It is possible for the maker, who in all sincerity desires to reach the highest pinnacles of accomplishment, to include many extra features that have proven their worthiness beyond doubt. That has been done to the highest degree in the

McLagan Phonograph

That is the reason the McLagan has been called the most complete phonograph ever made. First and foremost, nothing has been spared to produce that wonderfully rich, mellow, velvety tone which can come only from a sound chamber of wood delicately and correctly shaped, and insulated from surrounding parts. Reproducer, tone-arm and sound chamber are harmonized perfectly. The result is tone unsurpassed.

Tone Control—The control of the director over his orchestra—"from forte to pianissimo"—seems but a motion of his baton. You can similarly conduct a great orchestra at will by means of the McLagan's sensitive tone control.

Plays all Records—The commonplace phonograph too often limits you to one kind of record. The McLagan opens up the entire field of musical reproduction in disc records without any extra attachment. But a slight alteration in the reproducer is needed to adjust for a different type of record. On the McLagan you can play any disc record made.

McLagan-Fletcher Reproducer—This is the last word in pure tone reproduction. It eliminates all harsh, metallic effects, giving full, round natural tone to both vocal and instrumental records. No details of low tones or orchestral accompaniments are lost as in ordinary reproducers. High notes are rendered with full purity and freedom from "blast."

McLagan Cabinets are the aristocrats of artistic Period Designs, including the William and Mary, Queen Anne, Chippendale, Adam, Louis XVI, etc. Each is an original interpretation, a work of art such as is chosen to be in keeping with, and to enhance, the most finely furnished room in the land. Each is an unsurpassable example of true and sincere craftsmanship, showing its superiority in flawless cabinet work, fine lines, and perfect surfaces. In every sense it is the most beautiful of phonographs.

Accept this as a cordial invitation from your McLagan dealer to hear and inspect the Aristocrat of Phonographs.
