IN TRIAL PLATE DISTANCE

Stepped 1 1-4 Mile in 2.15 2-5-Seagram Horses Breezed -Weodbine Gossip

There was a big disappointment in tore for the couple of hundreds of railbirds who journeyed to the Woodbine yesterday, expecting to see the Seagram platers get their first mile and a quarter trial. The horses from this stable were not asked to go the plate distance, and it will likely be given to them to-day. The work that was done was of the useful kind that was done was of the useful kind that goes a long way to prepare horses for a bruising race. The weather was perfect, altho the track was a little on the cuppy side in some places. These spots were avoided by the horses that were worked by their being kept well out to the centre of the track. It looks much easier to pick the horses in the plate that will be the ones to beat. The fact that the Barrie plater has a chance and will not be beaten heat. The fact that the Barrie plater has a chance and will not be beaten until the wire is reached was demonstrated plainly yesterday. He will have to do the work alone, while it is almost a certainty that the three that will carry the black and yellow of the Seagram stable will be Pearl Fisher, Courtier and Tollendale. These are the best of the lot, and the ones that will likely be started. It now looks will likely be started. It now looks like the best of the Seagram lot and Fort Garry fighting it out for the

Fort Garry was asked to show what he could do over a distance of ground yesterday, and was worked the full plate distance with more than his weight in the saddle. He is the first to carry his weight and make the journey. In his trial he was ridden my Clifford Gilbert, who is one o fthe best boys who will ride at the meeting. The plater was worked with Cannie The plater was worked with Cannie Maid, who got this trial in preparation for the Hendrie plate. The pair broke at the three-eighth pole and worked back to the eighth. They went away well together and were well rated by the boys, the first part of the trip being done in nice time. The heat was won by Cannie Maid, altho the plater had something left at the end. Fort SECOND RACE—Jack Straw, Simonette, Kitty Lee.

Kitty Lee.
THIRD RACE—Irfaneh, Right Easy, Mrs. Sewell.
FOURTH RACE—Deacon, Reside, Enlist.
FIFTH RACE—Forez, Hallack Captain Glore.
SIXTH RACE—Mamie Algot, Gypsy King, Arrowswift.

SIXTH RACE—Mamie Algot, Gypsy King, Arrowswift.

Won by Cannie Maid, altho the plater won by Cannie Maid, altho the Dyment were at the track to see the colt work. The fractions for his trial were: 13 2-5, 25 2-5, 37 2-5, 51, 1.04,1-5, 1.18 3-5, 1.32 2-5, 1.46 2-5, 2.01 2-5, 2.15 2-5.

The Seagram horses were worked in three sets. The first out saw its platers for ers Pearl Fisher, who was worked with Ed. Haines, the English colt. This pair went a half mile in 50 seconds. The next pair were My Valet and Mendip, they going the same distance in the same time. Then came Tollendale and Courtier, who were sent to do their work with Mill On The Floss. Tollendale was in front all the way, going the half-mile in 51 seconds. Tollendale showed more speed than he three sets. The first out saw its platgoing the hair-mile in bi seconds. Tollendale showed more speed than he
has done heretofore. The mare, Boquet was sent a hair-mile in 48 3-5 seconds, while Thorckmordon went the same distance in 49 4-5 seconds. Jubilee Juggins and Purselaine went a half-mile in 49 3-5 seconds, pulling up the five furlongs in 1.05. The 2-year-

olds were breezed and this constituted the work of the stable for the morning. The plater Cecil Rhodes was sent three furlongs in 1.23, well in hand.

Lady Gore and the hunter Bathbrick were breezed three-quarters in 1.19. The horses Moonraker and Auderman were sent a mile trip, covering the distance in 1.48 1-5. Moonraker was in front all the way and could have

cut at least two seconds off the time had he been asked. The 2-year-old General Armstron was worked three-eighths in 37 3-5 seconds. He is a big colt and this was the first time that he had been asked to step. The horse Tourenne was sent a mile at better than a two-minute clip, and then breezed thru the stretch.

The plater Merry Shore was galloped this morning. This filly sas bothered with her ankles last spring and has not been asked to do much this season for the same reason. Desert Star was only breezed after his work of Wed-

The best mile of the morning, in fact, of the spring, was done by the colt Uncle Toby. He was sent from the eighth pole and worked back to it. Stromeland went with him, but could never get to the front. Uncle Toby had something left after doing a turn of the track in 1.45 1-5 seconds. horse has greatly improved in a year.

James Clay sent the horse Restoration a mile at top speed yesterday. The horse was ridden by Foley, and went the mile in 1.45 3-5 seconds, with little left at the end. Restoration never worked so well in any previous spring. Clifford Gilbert will ride at this meeting as a free lance. He is a first-class

boy and can make 95 pounds. McCarthy exercised a lot of horses yesterday. He is getting back into riding shape.

John Flynn arrived from Prescott yesterday with the mare Goes Fast and the 3-year-old Col. Zeb. Goes Fast won some good stakes last season. May Gilmour and Antre Maid were worked by Bobbie Mendrum, going

The colt Arno was breezed three-eighths yesterday in better than 37 seconds. This one will be hard to beat. The hunters Thomond and Aileen C. were galloped on the flat at better than a two-minute clip.

The horses from the Shields stable to were given light work only yesterday Dredger went six furlongs in 1.20 while Lee Rose was sent the same distance a fraction better. Sir Edward and Fair Annie were both breezed

Wednesday. Physical breakdown, due, it is believed, to overwork, while employed as a rous Moore has improved and muscled

LONG RANGE CHAMPION

London Morning Post, July 16, 1908. The London, England, papers loudly praise the performances of the Ross Rifie at Bisley last year, when all long-range records were broken by Mr. F. W. Jones with a Ross Match Rifie. In five matches, totaling 27 shots at 900 yards, and 17 shots at 1000 yards, Mr. Jones never missed the bull.

This performance was well seconded by the work of the Ross Rifles at the D.R.A. last fall, when thirteen out of fifteen Mark III. Ross Rifles competing in first stage of the "Governor-General's" secured places in the second

night for Toronto with five cars of horses on it. A number of good riders will arrive on Saturday.

A. Tribe, Mr. A. B. Dade's assistant, will, commencing to-day, school horses between the hours of 8 and 10 o'clock at Woodbine Park. Trainers are advised to take advantage of this, for unless horses are well schooled particularly 2-year-olds, they may not be permitted to start at the meeting.

to start at the meeting.

Driving Club Entries.

The Toronto Driving Club will give their regular matinee to-morrow afternoon at the Dufferin Park track, when there will be five races on the program, three for the harness horses and two for the runners. In Class A there is a treat in store for the lovers of the pacers, as five of the best wigglers that ever clashed in Toronto will come together—every one of them with a fast record. Collingwood Rooker, 2.111-4, from John Montgomery's stable, will make his first start of the season, and by his record looks the class of the lot, but as he is a hard horse to make do his best and has to be hard driven all the way, this being his first race, one of the field may beat him. Entries:

Class A—Stonewall, Planet, Olla K., Collingwood Rooker, Walter S.

Class B—ElPaso, Wallace W. Smith, Lady Belmont, Cooksville Boy, Prairie Oyster or Joe Allen.

Class C—Gertie Hunter. William C., Belmont Wilkes, Hazel Belle, French Girl, King Ree, Archie, Sparkle, Harry Lee, Little Mona, Kate Brino, Little Dick, Norma Lee and Directwood.

Wants More Information, But Controller Harrison Says Scheme Must Go On. Controller Geary announced yesterday that he was opposed to the city's clares that this calculation is absurdgoing ahead with the filtration plant, by inaccurate.

The city engineer recommends to the until it had been demonstrated which it was necessary. He said that in Washington, water filtration had not lessened the extent of typhoid. The question was whether it could be stopped, and what action might be taken by the provincial board of health which had approved the plant. There was no information as yet as to whether the bonds for the establishing of the plant had been floated. the plant had been noat

"The trunk sewer and sawage dispothe sewer, conditional upon the water being filtered. If there is to be no filtration the point of discharge will the sewer be moved miles down the lake. The said that th have to be moved miles down the lake:"
He said that in Washington and everywhere else filtration was entirely satisfactory. In Washington typhoid was largely due to other than water

Bridge at Tecumseth Street. The board of control, after a look over the ground yesterday, decided in favor of building a bridge across the railway tracks at the foot of Tecumseth-street, to provide the eastern entrance to the exhibition grounds. This would mean extending Front-street thru the Consumers' Gas Co.'s proper-ty from Bathurst-street to Tecum seth-street, a distance of about 300 feet It is estimated that the cost wouldn't exceed the amount of \$135,000 counted upon for the construction of the Bathirst-street bridge. It was agreed that

the steepness of the grade of approach which would result from the elevation of Bathurst-street bridge made this President Ward thinks that if the city expropriates the necessary pro-

car. Mr. Harris said it wasn't cus-tomary at other stockyards to make lungs. such a charge. A conference of civic officials and chairman of committees, to discuss the civic automobile question, was de-The building of a landing place for
