BULLETIN.
Constantinople, April 17.—War with Greece has been declared.
Constantinople, April 17.—Following the news of the incursion by the Greeks on Turkish territory the Council of Ministers at the palace to-day recalled the general assembly, gave the Greek Envoy Extraordinary and Minister Plenipotentiary, and ordered Edhem Pasha, the Turkish military commander, to take the offensive. No actual declaration of war has been made.
A despatch circulated this evening to the Turkish representatives abroad re-veals the week's invasions and states that the nearest incursion was participated in by the Greek troops, which, therefore, establishes war, which has broken out.
The circular expresses the hope that the entire responsibility for the war falls on Greece. Turkey has no idea of conquest, and, as a fresh proof of pacific sentiments, offers to retire the Turkish troops on the frontier if Greece will withdraw from the frontier and from Greece.
The Situation Explained.
The situation is understood here to be substantially as follows: War has not officially been declared between Turkey and Greece, but it has been declared officially to have "broken out." The Turkish Cabinet has decided to sever diplomatic relations with Greece, and has ordered Edhem Pasha, the commander of the Turkish forces, to take the offensive. It is considered in London that between Turkey and Greece has actually begun, the Turkish declaration that war has "broken out" being merely for the purposes of diplomatic pro-tection of the Turkish position upon the Kingdom of Greece.
Firing on Saturday.
Athens, April 17, midnight.—In spite of the fact that the official reports indicate that firing on the frontier ceased at midnight a telegram from Larissa at 7 o'clock in the evening says that firing continued past 4 o'clock this (Saturday) afternoon. The line of fire extended from Mount Anafanika post to Kiofika Gotschaki, a distance equal to 50 minutes' march. The Turks, falling back, abandoned several stations, which the Greeks promptly occupied. The Greeks cano-maded the Turks from the Greek position at Tsamolia, in the rear. The ex-citing excitement among the Greeks at other points. Since noon strong bodies of Turks have concentrated in the direction of Mount Anafanika. At 5 o'clock the firing slackened. It is expected the Turks will attempt a night attack upon Anafanika, which was the central point of the battle. Greek reinforcements have arrived and there is a general movement of troops towards the frontier. Reinforcements are being hurried towards the frontier from all directions.

Constantinople as a Reason for Ordering Edhem Pasha, the Turkish commander-in-chief, to assume the offensive, and led to the rupture of diplomatic relations between the countries.
Greek Minister Vas Beouglis, in the so-called outrage of Prevosa, this morning, when the Turkish batteries there sank the Greek steamer Macedonia further justified Greece, in the minds of the Athenians, in waging war to the death against Turkey. The Greek Government, therefore, is warmly commended for recalling the Greek Minister at Constantinople, and not waiting, according to the Turkish version, until Prince Mavrocordato was handed his passports.
Asian Bay shipped out.
It is stated in some quarters that Asim Bey, the Turkish Minister to Greece, did not wait for his passports to be handed to him, but so soon as he received the sum of 5000 francs tele-graphed to him from Constantinople through the Athenian Bank, for traveling expenses etc., he hastily quit this city.
Whole Frontier Ablaze.
Little news of a reliable nature has been received here or allowed to leak out, regarding what has really transpired on the frontier. It is known, however, that the whole frontier of Thessaly has been blazing with mur-derous firing since early this morning, and that the Greeks have captured a fortified position at Menexa in Macedonia.
Turkish Plan of Campaign.
According to the general understand-ing here, the Turkish plan of campaign is a concentration of the Turks near the important Greek frontier town of Tyrnavos, with a view of forcing the mountain passes leading towards Larissa. One report, which is generally credited, has it that Edhem Pasha, at the head of 12,000 men, has already begun this movement, and rumors in this respect are flying, the substance of them being that the battle which is expected to be fought at or near Tyr-navos has already commenced.
Greek Plan of Campaign.
The Greek plan of campaign, so far as it is understood by the Athenians, is founded on the defense of Larissa, in the first instance, an attack upon that place having been anticipated and prepared for by occupying and taking every possible advantage of all strategic points. The country there is admirably suited for defense, and while the defense is undertaken the Greek effort is relied on to destroy the coast ports of Epirus and Macedonia. The Greek belief in ultimate success is based on the expectation of a universal rising among the Macedonians and Epirotes, soon the Greeks succeed in winning a brilliant victory anywhere over the Turks.
Fighting on the Frontier.
Severe Work at Karaya All Day Saturday—Turks Were Ready.
Headquarters of the Turkish Army in Macedonia, Ellassona, April 17, 10 p.m. (delayed in transmission).—The correspondents of the Associated Press, at this hour, has just returned from Karaya, on the Greek frontier, north of Tyrnavos and three hours' ride from here. A fierce battle between the Turks and Greeks is now raging at Karaya. The fighting has been in progress all day. The correspondents and bodies of troops, hurriedly equipped, are being despatched to the front amid enthusiastic ovations from the crowds that fill the streets. Numerous conferences have taken place to-day between the King and the Cabinet, and, as a result of them, the two last classes of 1888 reserves have been called out.
Greeks Stand Together.
Opposition Leader Backs up the Premier's Patriotic Declarations.
Athens, April 18, 8 p.m.—A late special sitting of the Legislative Assembly was held to-day. The public galleries were crowded. Amid intense excitement M. Delyanidis, the Premier, announced that the Turkish Government had to-day notified Greece of the rupture of diplomatic relations on the ground of the aggressive attitude of the Greek Government. In a cool but most deliberate speech he reviewed the recent events to show, on the contrary, that Turkey had been the aggressor, that her troops had attacked the Greeks and attempted to occupy the neutral positions and that her batteries at Prevosa had sunk the Greek ship Macedonia. "Turkey," said M. Delyanidis, "declares war against us. We accept it."
This statement was received with prolonged cheers from the galleries and the floor of the Chamber.
The Premier then read despatches re-lating the events which had happened on the frontier, and with reference to the reported capture of Menexa he said that the batteries at that impor-tant position had been brought into action, but he knew nothing as to its alleged capture. He added that the Turks, after repeated attempts to force a passage at Reventi, which commands the road to Larissa, had been driven back. The leader of the Opposition, amid renewed cheers from all parts of the Chamber and from the galleries, also quickly endorsed the patriotic declara-tions of the Premier.
Reminiscence in Prevosa.
Athens, April 18.—A telegram just re-ceived from Actium states that the Greek flotilla in the Gulf of Ambracia is now (4 p.m.) successfully bombard-ing the Skafidili battery. Four gun-boats are attacking Salagra. The firing opened at long range about 4.30 p.m. The first shot was sent by the

Cape Town, South Africa, April 17.—Cecil Rhodes is expected to arrive here Tuesday. Great preparations are being made for his visit. In his honor and for public rejoicing over his return. He will take a seat in the Colonial Parliament again.
The British squadron, which is as-sembling at Durban, the chief town of the Colony of Natal, on the southeast coast, is under sealed orders, and no-body knows it is called together or what it is to do. It is supposed to be going to Delagoa Bay to make a demonstration of British paramountcy in South Africa. Nine war vessels have arrived at Durban already, the first-class cruiser St. George, Admiral Ransom's flagship; the third-class battleship Monarch, the cruisers Fox, Racoon, Astruc, Scylla, Brisk and Philomete and the gunboat Maple. Three more men-of-war are expected, making a fleet of 13 formidable fighting ships.

RED RIVER STILL RISING.
It Brings Grit Worse the People of Winnipeg Will Have to Use Candles and Coal Oil Lamps.
Whitnapp, Man., April 18.—(Special.)—The water in the Red River at Win-nipeg continues to rise gradually, and there can be no doubt that within a few days there will be exceptionally high water. Merchants have moved all goods out of basements and all precautions are being taken. The town of Emerson is under several feet of water, and there is a tremendous volume of water to come down from there as well as from the Assiniboine.
Later—Despatches from Emerson to-night state that the people there are in bad shape, the high winds pre-venting today approaching the propor-tions of a hurricane. The water has undermined the foundations of many houses and the wind has played havoc with buildings, wrecking several re-sidences and warehouses. The Massey-Harris and McCaw warehouses were among the wrecked buildings.
All the character of the town are under water and no services could be held to-day.
The Northern Pacific Railway bridge at St. Norbert, a few miles from Win-nipeg, has been washed away and the Northern Pacific track is under several feet of water. A rise of a few more feet at Winnipeg will render the power house and cut off the city lighting. With this prospect everybody is buying coal oil lamps. The highest water at Winnipeg may not be reached for several days yet.
The Election Contest.
The election contest in Winnipeg is proceeding very quietly, but the con-tingents of Sir John A. Macdonald, Edward Liberal, and Kenneth McKenzie, the Patron, is very bitter. Several suits for slander and libel have already been instituted. Next week Hon. Clifford Sifton is expected to stump the con-stituency for Dr. Ruthertford.

Ottawa, April 18.—(Special.)—The authorities of the Militia Department have busily engaged since the receipt of the Colonial Secretary's message, making arrangements for sending the troops to England to take part in the Sons of Empire parade on the occasion of Her Majesty's Jubilee, and on Saturday the Cabinet approved of the scheme of selection. The list of regiments has been carefully gone over, the desire being to make the detachment as representative as possible. It is settled that all arms of the service are to be inspected in battalion, and in order that the contingent may be an essentially strong one, representatives are to be drawn from every Province. With very few exceptions, the infantry and rifle are to be chosen from the city battalions. The proportion will be about four men from such corps. The three Toronto regiments will each contribute their quota, also the 13th Hamilton, 7th London, the Guards and 43rd Ottawa, 14th Kingston and 28th Brandon. In addition to these, Guelph, Ottawa, Hamilton, Leith and other regiments will be sent. It is expected, send a small contingent, while the Governor-General's Body Guards and the F.L.D. Guards will assist to form a cavalry representation. Although from two to four men will receive a small propor-tion to be called, yet, as the number for these whole Dominion, it is not likely to be seen that the department has had no easy task before it. However, the red coats and green coats from Ontario, who are grouped with their comrades in arms from the other Provinces, are not expected to show. As there are only two killed regiments in the Dominion—the Highlands and Royal Scots—it is probable these corps will be asked to furnish a few suc-cessful examples. In order that the "braves" may not be lost sight of altogether, the regimental force of all arms are to be selected from the Dominion, and are the Mounted Police. All these different bodies are to be represented in the con-tingent of complement to the Minister of Militia, the 6th King's County Battalion, of which Col. Bodin is commanding officer, and to send a contingent. Col. Donville, M.P., is to be the commander-in-chief of the cavalry contingent—8th Princess Louise New Brunswick Hussars—to be present.
