Oil Production in New Mackenzie River Area is Rich in Promise Citizens of Toronto Are Called Upon Today to Honor Gen. Booth

DID NOT ABDICATE, SAYS CONSTANTINE; STILL HAS HOPES

No Official Communication
Yet Held With Greek
Government.

ROYAL FAMILY ANGRY

Lucerne, Switzerland, Oct. 29.—There has been no official communication between former King Constantine and the Greek government, and no decision regarding the course to be taken by Prince Paul in connection with the Greek throne, said Professor Georgios Streit, former Greek foreign minister, to the Associated Press today.

Persons close to the former king say the family is indignant, charging that the Greek government did not facilitate the journey of the queen dowager from Brindisi, and that consequently she arrived at Athens ten hours after Alexander's death. Constantine also made that the request of former Queen Sophie that she be allowed to nurse her son was not answered. Former King Constantine and the former queen are suffering greatly from shock. They receive no visitors. Mes- sages of sympathy have been sent to them from rulers of various countries. Two masses were said today for King Alexander.

Constantine, according to members of his staff, insists that he has ab- dicated, but places himself in the hands of the Greek people. He is said to entertain hope that if the coming elections are not contrary to the party of Premier Venizelos, the dynasty will be restored.

Pays Tribute to Late King.
Paris, Oct. 29.—The French govern- ment, the diplomatic corps and the Greek colony in Paris paid final tribute to the late King Alexander of Greece in impressive memorial services con- ducted at the Greek church this after- noon simultaneously with the funeral services for the monarch in Athens.

Premier Leger attended and Pres- ident Millerand was represented by General Lanson. All the foreign am- bassadors and ministers in Paris par- ticipated. Many members of the royal family, who knew and ad- mired Alexander also took occasion to join in the services.

MODERATE TARIFF IDEAL OF MEIGHEN

With Calder, Outlines Policy
to Big Audience in New
Westminster.

New Westminster, B.C., Oct. 29.—(Canadian Press).—Before an audience which packed the opera house here late this afternoon, Premier Meighen and J. A. Calder delivered brief ad- dresses, describing their party's atti- tude on various questions of public interest.

En route to New Westminster, the party stopped at Burnaby, where Reeve Thomas Sanderson presented an address of welcome and a resolution was made at New Westminster by Mayor J. J. Johnson, on behalf of New Westmin- ster and surrounding municipalities.

DRURY REFUSES TO ENDORSE HIGGINS

Government Decides to Re-
main Neutral in Northeast
Toronto Elections.

The Drury government will not lend its support to the Soldier-Labor candidate in the Northeast Toronto by-election. Mr. Higgins some days ago sought it. The premier promised consideration. Now, however, he announces that the helping hand will not be extended.

"I have only this to say," said the premier to The World last evening following a cabinet council, "that the government will endorse Col. Higgins, and have decided not to take part in the election. We have decided to allow the riding of North- east Toronto to fight its own battle without any interference on our part."

Mr. Drury also said that the gov- ernment had decided not to take part in the opportunity afforded by the election of placing its position before the people irrespective of the candidates running.

Mr. Higgins publicly an- nounced that the Drury government's administration meets with his ap- proval and its Hydro radial policy in particular, he enthusiastically endorsed.

FORT NORMAN WELL GOOD OIL PRODUCER

Thousand Gallons Per Hour Is Production of First Well in
New Field on Mackenzie River, and Imperial Oil Com-
pany Prepares to Explore Vast Tract.

Calgary, Oct. 29.—One thousand gallons an hour is the production of the first well brought in in the Fort Norman district and the Imperial Oil Com- pany is preparing to punch a district, 200 miles in width and nobody knows how long, full of holes for wells. That these will all be producers is the word brought down from that district by Alf. Patrick, who drilled the first well which has excited so much curiosity in the oil world.

The location of this first well is right on the bank of the Mackenzie River, and speaking of the possibilities of getting the oil out of the country, Mr. Patrick is of the opinion that the northern route will be the more feasible, although there are difficulties in that direction in the way of rapids in the Behring Straits, and also the fact that the river is open for only a few months of the year. Dredging and ice-breakers might overcome even these obstacles. In his opinion, should the field develop as he anticipates, it will warrant such pro- cedure.

THOUSANDS PRESENT AT IRISH MEETING HELD IN MONTREAL

Only Aggressive Speech at
Gathering Delivered by
Armand Lavergne.

Montreal, Oct. 29.—With the bells of the Roman Catholic Churches in the city tolling their dirge, there was held tonight at the Mount Royal Arena the greatest Irish meetings in Montreal in a memorial service for the late Lord Mayor MacSwiney, at which over 7,000 people were present.

Mayor Mederic Martin presided at the meeting. Armand Lavergne, who spoke French, said that "French- Canadians were with their Irish brothers of the same blood, the same religion, and the same aspirations, and with the same memories of ill- treatment from the same foe." He was greeted with a great outburst of cheering, but this was the only really aggressive speech of the meeting. The rest were more pro-Irish than anti-Irish. Alderman Dussault, and Major "Chubby" Power, of Quebec, also spoke.

Two resolutions were passed, one of condolence with Mrs. Muriel MacSwiney, widow of the late Lord Mayor. The next dealt with the Irish question generally and was ordered forwarded to Premier Lloyd George, Sir Hamar Greenwood, Rt. Hon. Arthur Meighen and the govern- ment-general and to the cabinet of New- foundland.

Sinn Fein colors were displayed, and the Sinn Fein "soldier's song" sung, but the meeting was orderly throughout.

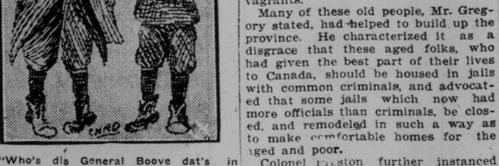

CLAIMS RENUNCIATION IN BRITAIN'S INTERESTS

Berlin, Oct. 29.—Speaking in the Reichstag today on the recent an- nouncement by Great Britain of her determination to renounce the right of confiscation of German property in the United Kingdom, Dr. Simons, the foreign minister, declared the value of this action must not be ex- aggerated "as it is in conformity with the economic and personal inter- ests of Great Britain."

Dr. Simons referred also to the Versailles treaty, saying the govern- ment must recognize it as an obliga- tion which it signed and carry out the terms of the treaty loyally. He expressed the determination of Ger- many to restore the devastated re- gions and the hope that Germany would reach an understanding on this subject with the governments con- cerned.

COCCHI GUILTY OF MURDER.

Bologna, Italy, Oct. 29.—Alfredo Cocchi, on trial here for the murder of Ruth Cruger in New York city in Feb., 1917, was today found guilty. He was sentenced to 27 years im- prisonment.

SALVATION ARMY'S CHIEF TO RECEIVE TORONTO'S TRIBUTE

Gen. Bramwell Booth Was
Heartily Greeted on His
Arrival Last Night.

DEMONSTRATION TODAY

The large waiting room of the Union Station is by no stretch of imagina- tion a beauty spot, but yesterday afternoon it was so brimful of color and smiling, eager faces that it really presented an attractive aspect. The deep line extended down the passage way and into the street. When the chief of the army did appear, his fol- lowers, or as he prefers to call them, his fellow-workers, did not kneel or try to kiss his coat or ask him to bid a welcome to General Bramwell Booth, the chief of their wonderful and world-respected organization.

The rank and file of the army com- menced to assemble at the depot as early as four o'clock, and by the time the general's train was due—5.40 p.m.—not only was the waiting hall crowded with Salvationists, but the deep line extended down the passage way and into the street. When the chief of the army did appear, his fol- lowers, or as he prefers to call them, his fellow-workers, did not kneel or try to kiss his coat or ask him to bid a welcome to General Bramwell Booth, the chief of their wonderful and world-respected organization.

A Hearty Reception.
The general, despite his many years, moved down the divided line, with al- most youthful steps and waved back the hand of welcome. A general of regular soldiers may be received by his troops with more ceremony and formality than was accorded to the chief of the Salvation Army, but in the matter of heartfelt sincerity, the meeting given General Booth and his followers left nothing to be desired. It was all so simple, so informal, but yet so impressive—it was a welcome from rank and file to a great chief and (Continued on Page 7, Column 8).

REV. DR. SHIELDS SAYS "NO" AGAIN

Sinn Feiners Ask Him Second
Time To Testify on Al-
leged Atrocities.

Rev. Thomas H. Shields, pastor of Jarvis Street Baptist Church, who re- cently made public a letter from the Committee of One Hundred on Ireland, inviting him to testify at an enquiry in Washington, together with his letter declining to do so, has received an- other letter from that organization. This letter declares that the committee at Washington does not seek to settle any controversy in which Britain and Ire- land are engaged, and adds that the great majority of the committee still hopes that he will present him- self. The letter is signed by William Mac- Donald, the secretary.

Rev. Dr. Shields, in his reply, says that he is persuaded that nothing but harm can come from "gratuitous inter- ference," and he is satisfied that the great majority of the people of the United States take the same attitude. He concludes: "Irrespective of the character of any testimony I might be able to give, I deny both your legal and moral competency to conduct such an inquiry as your committee proposes. I request that you regard this letter as concluding our correspondence."
"Yours very truly,
"Thomas H. Shields."

BREAK IN NEW YORK IN THEATRE TICKETS

A break in the price of theatre tickets, which have not missed a step in keeping pace with the high cost of living, occurred today when the Ste- warts announced a 50-cent reduction on all tickets at their theatres. With the exception of Saturday nights and holidays, the top rate for the drama will be \$2.50 and for musical shows \$3.

PENILESS OLD FOLKS TREATED AS CONVICTS

Shameful Conditions in County Jails Disclosed at Session of
Ontario Public Service Commission — Many Sheriffs
Shown to Be Well Paid for Almost Nominal Duties.

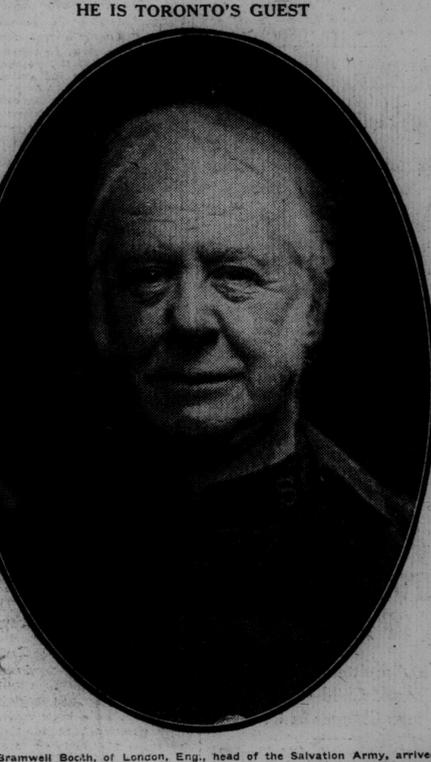

Distressing statements were made yesterday afternoon by Col. J. A. V. Preston, at the meeting of the Ontario Public Service Commission, presided over by W. S. Gregory, at Osgoode Hall, where it was declared that the county jails were being used to confine aged persons, who, thru no fault of their own, had been charged as vagrants.

Many of these old people, Mr. Gregory stated, had helped to build up the province. He characterized it as a disgrace that these aged folks, who had given the best part of their lives to Canada, should be housed in jails with common criminals, and advocat- ed that some jails which now had more officials than criminals, be closed, and remodeled in such a way as to make comfortable homes for the aged and poor.

Colonel Preston further instanced the case of an aged Crimean vet- eran whose pension was only a few cents a day, who was charged as a vagrant and lodged in jail until he died.

Retrenchment Sought.
The meeting, which had for its ob- ject an inquiry into the office of high sheriffs of the province, and the con- solidation of various offices which it was considered had not individually enough work to go round. A deputa- tion of nine members of the County Clerks' Association attended to give evidence.

Col. Preston read a report show- ing the collective views of the county clerks, in which it was recommended that the superannuation act should not be enforced in the case of clerks of the crown or any county clerks who had been appointed before the act, and that since there was to be a de- centralization of judicial business, the county clerks should be given a sub- stantial increase of jurisdiction.
Differ On Consolidation.
In the discussion that followed, sev- (Continued on Page 5, Column 4).

General Bramwell Booth, of London, Eng., head of the Salvation Army, arrived in the city last night and was given an enthusiastic reception by his followers.

CHIPPAWA POWER HOPE OF ONTARIO

Premier Drury Pleased With Progress of Work Which Will
Be Finished on Time—Toronto Power Company Could
Supply More, Says P. W. Ellis—Law Is Barrier, Sir Wil-
liam Mackenzie Says.

The Hydro development work at Chippawa Falls was inspected by Premier Drury yesterday, who was much pleased with the progress that is being made. He thinks that the work will be finished next year, and that it will be done within the estimated cost. With its completion, On- tario's power troubles will be prac- tically over.

The premier declined to say any- thing about the refusal of the Toronto Power Co. to supply the province with power. The company recently concluded an agreement with the Buffalo Power Company to furnish some 18,000 horse power although the province was willing to pay \$20 per horse power per year for it. Had the power been turned over to users in Ontario instead of exporting it the present serious shortage would have been greatly relieved.

However, negotiations are still in progress with Manager R. J. Fleming and the hope is held out that the company may yet be induced to put its full equipment in operation and generate more power, which is so ur- gently needed.

The late return yesterday of the premier from Chippawa prevented the matter from being discussed by the government.

The Ottawa government should prevent the exportation to the United States of the Mackenzie Company of the additional power recently taken away from the Hydro Electric Com- mission is urged by Mayor Church.

A meeting of the Municipal Elec- trical Association will be held in To- ronto on Nov. 4, to discuss the power shortage.

"Dog-in-Manger" Policy.
That the electric power shortage in Toronto could be reduced by 25,000 additional horse power if the Toronto Power Company would give up their dog-in-the-manger policy, is the opinion of P. W. Ellis, chairman of the Toronto Electric Commission.

Mr. Ellis declares the Toronto Power (Continued on Page 5, Column 1).

HOME RULE BILL ADVANCED A STAGE

Several Important Modifica-
tions Are Intended by
Government.

London, Oct. 29.—The Irish home rule bill was passed thru committee stage in the house of commons today without further important amend- ment. Some important modifications are intended by the government, in- cluding the question of making can- didates for parliament take the oath of allegiance. These were postponed during the report stage of the bill. The discussions in committee thru- out have been quiet owing to the fact that the Labor and Liberal mem- bers declined to participate in the committee sessions.

The government's emergency powers bill passed the final parliamentary stages today and received the royal assent.

MAGSWINEY'S BODY ARRIVES IN CORK; BROUGHT ON A TUG

Military Display at Funeral on
Sunday If Inter-
dicted.

HUGE CROWD AT DOCK

Cork, Oct. 29.—The body of Terence MacSwiney, late lord mayor of this city, arrived here on board an admir- alty tug at four o'clock this after- noon. The tug, whose flag was flown at half mast, docked at the customs house quay. Enormous crowds lined the opposite quays and nearby bridges.

The government authorities in Cork immediately notified deputy Lord Mayor O'Callahan and the Bishop of Cork that no military display would be permitted at the funeral of Mac- Swiney, and that neither drilling uni- forms nor republican army badges would be allowed.

The only Irish republican flag in the procession, it was stated, must be placed on the coffin and the pro- cession must not exceed a quarter of a mile in length. Troops will line the route to see that these regulations are obeyed.

The funeral party, which refused to board the packet Rathmore, at Holy- head, arrived in Cork shortly before seven o'clock this evening. The mourners were accompanied by Arthur Griffiths, founder of the Sinn Fein, and Count Plunkett, a well-known Sinn Feiner, and member of parliament for North Roscommon. A delegation from the city council met the mourners at the station.

Disinclined to Receive Body.
Later the councilmen went into consultation with MacSwiney's re- latives and Mr. Griffith and Count Plunkett at the city hall. The belief was expressed that the relatives were inclined to leave the disposal of the body of the late lord mayor to the government to do with it as it might see fit.

During the conference the coffin was transferred from the tug to the dock and the tug departed on its re- turn to Queenstown.

For several hours doubt prevailed as to whether the body would be claim- ed or be left to the military. After a prolonged conference in the city hall, however, it was decided to claim it, and shortly after nine o'clock this evening a company of Irish volunteers and relatives of the dead lord mayor went to the dock and took formal possession of the coffin. A huge crowd was present at the dock.

Immediately afterward the coffin was removed to the city hall where (Continued on Page 5, Column 5).

CONCRETE VESSEL SANK LIKE STONE

Nineteen Men Missing as Re-
sult of Collision With
Steamer.

Newport, R.I., Oct. 29.—The concrete steamer Cape Fear, a United States Shipping Board vessel, was sunk in the deepest part of Narragansett Bay to- night in a collision with the Savannah Line steamer City of Atlanta. At a late hour 19 of the crew of 34 of the sunken vessel were unaccounted for.

The Cape Fear sank in three minutes about halfway between Castle Hill on the Newport shore and Rose Island, going down bow first in 125 fathoms. The Cape Fear was outward bound from Providence for Newport. It was carrying a cargo of pig iron. Just how the accident happened was not definitely de- termined tonight, especially as the weather was clear, with only a slight cloudiness and a light sea running.

The City of Atlanta's bow was badly damaged, the result of hitting the Cape Fear amidships, but although there was a seven-foot hole above the main deck, the bulkheads held and she anchored in the bay.

Of the fifteen men saved from the Cape Fear, five slid down lines to the City of Atlanta and the others were picked up from the water by ropes or by boats that were lowered for them.

Captain Garfield, of the City of At- lanta, in describing the accident, said that he picked up the lights of the Cape Fear and signalled with one whistle, which was answered. He was hearing steadily to port, he said, with plenty of clearance room, when sud- denly the Cape Fear swung across his bow. He blew two whistles as a sig- nal for the ship to pass on the other side and ordered full speed astern, but could not avoid the collision.

The City of Atlanta struck squarely with her bow, the blow creating a deep hole in the Cape Fear and shattering the concrete. Lines immediately were thrown aboard, but the steamer sunk so quickly that the majority of the crew had to plunge into the water and take their chance of being picked up.

FIRST SNOW IN QUEBEC.
Montreal, Oct. 29.—The first snow fall of the season in Quebec, was reported from Three Rivers this morning.
