Frank Fox the Boston horse trainer has the following horses entered in the five day racing meet at Delmoner Park, Montreal which opened on Monday. Jay Key, Warren E. Key, Rachel, Bard Allerton, Grace Todd, Improved Directly, Fred S. Jennie V., Louise E. Of the string that is now campaigning, Fox has raced Louise E., Bard Allerton and Warren E., on the Maritime Circuit. Northern Spy is entered in the Montreal races by B. Bergeron, of Epping, N. H. who has also entered two other horses. Iodilia Jr. and Baron Onward are entered by W. Gilbert and Logan Jr., by Paul Hardie of Somersworth, N. H. In the entry list Somersworth is represented to be in New Brunswick, but this is a typographical error. Fox obtained first money with Bard Allerton in the 2.35 pace event on Monday afternoon, the time of the race being 2.21 1/2, 2.21 1/2, 2.21 1/2. The Boston trainer also won second money in the 2.35 trot with Rachel.

President James E. Sullivan, of the American Amateur Athletic Union has written Mayor W. M. English, director of athletics at the Alaska-Yukon-Pacific Exposition, and told him that Seattle could look for one of the largest attendances of athletes ever gathered together at a world's fair in annual national championships.

A. E. Saul, a local player and footballist was roughly handled by spectators during a recent match at Winnipeg, and had to receive medical treatment. Saul is a member of the Winnipeg Hibernians, and was playing back in a match with the Celtics, also of Winnipeg, and in the second half of the match he went to the forward line in an effort to turn the tide of the game, which was going against his side. There, he and McDowell, a member of the opposing team got into a mix-up, and before long they started in to settle their differences with their fists. The crowd rushed on the field and made an effort to separate the men. This, however, did not end the trouble. Saul was severely handled by the non-players. He was kicked when down on the ground, once on the face and ultimately had to be carried to the dressing room, after spending an hour there he was taken to the hospital to receive medical attention. Others sustained slighter injuries in the melee that followed the fight between Saul and McDowell.

Billy Papke, the Illinois Thunderbolt, and billed as the next man to try the rubus of the mighty Ketchel, at Frisco, will not lose the fight July 5 if precaution and safe guarding will do any good. When he established his training camp at the ocean beach this week Papke, with him his own private chef and none of the outsiders will ever have a chance to get near the man who is to do the cooking. The reason for this is that Papke believes he was doped when he lost to Ketchel last Thanksgiving day, and if there is any chance to beat the champion this time Papke should carry himself through.

The first notification of the swimming season comes in the announcement by the American Life Saving Society that its annual thirty-mile swim from the Battery to Coney Island, which in 1908 was elevated to the dignity of a metropolitan championship, will be held this year. The abolition of the popular endurance test made a decided surprise, not only to the members of the association, who looked upon it as the best feature of the season.

The meeting at which the step was determined upon was a stormy one, there being much opposition to the elimination of the event, but after it had been shown that in almost every past Marathon there were cases of heart prostration and complete collapse, always dangerous in the water, the proposal did not have much trouble in carrying their point.

Hugh McIntosh, the Australian promoter, is anxious to bring about a meeting between Tommy Burns and Sam Langford, to be fought either in Australia or England this fall. McIntosh believes that Burns will win.

At Readville, Mass., the world's automobile record for 25 miles was broken at the track by Ralph H. De Palma, who is booked to run in a 25 mile event at Blue Bonnets track, Montreal, on July 9 and 10 next, under the auspices of the Auto Club of Canada. His time was 23 minutes 35 seconds. Barney Oldfield's old record, 23 minutes 32.3 seconds was made at Fresno, Cal., December 13, 1904.

The last boxing entertainment of the season will be held at the Armory A. A. Tuesday, June 29, with Joe Thomas, the Californian, meeting Tommy Sullivan, of Lawrence, in the feature bout of 12 rounds. In addition there will be a six-round preliminary, Bobby Tyson, of Pawtucket and Max Baker, of Boston.

LOU DILLON AT BERLIN The Great Mare Startles the Phlegmatic Germans.

(American Horse Breeder.) Detailed reports of Lou Dillon's performance at the Berlin track have crossed the pond, and they more than prove that the world's champion trotter still has her old-time speed after more than four years' retirement in the stud. Soon after the Billings string reached the magnificent Ruhleben track, which is considered the most expensive racecourse in the world, having cost the Berlin association between \$3,000,000 and \$6,000,000, and agreement was made with "Doc" Thayer, who is in charge of the horses, that Lou must start at the inaugural meeting to be held on May 14. With this understanding one of the important events on the opening day card an international stake, was named the Lou Dillon Stake, thus leaving no other course open but to start the champion.

The Berlin Association was made to understand that she was not yet in form to carry her speed at long distances, consequently she was started on that day to cover 200 metres, or, as they time races abroad, at distance of a kilometre, she went one-fifth of the regular distance. The reports have all said that she trotted a little over an eighth of a mile, and while, to be more exact, she trotted by actual measurement a distance of one and one-third furlongs. The 200 metres which Lou Dillon trotted is equal to 800 feet and two and a half inches, a metre being equal to 39.37 inches, and a kilometre to 3,280 feet 10 inches; the distance, therefore, covered by the trotter was a furlong and 169 feet plus the fraction. Her time for the distance was given officially as 19 seconds, which was at the rate of 1.16 to the kilometre. The distance and time of her performance are such that her speed, showing can be exactly rated according to our system of computing time in harness racing. Careful figuring shows that by covering the 800 feet and fraction, Lou Dillon's speed showing at her initial start was at the rate of a mile in 2:02.28. Other words, she covered 5.44 times more of her distance at the same rate of speed, or 19 seconds, than she would have had to cover had she been trotting in August, where the footing is fast, remains to be seen, yet, harness racists, she should be fully able to trot around her unpaired mark of 2:01, or equal to it, before she closes her exhibition career on the Continent.

Robert Fitzsimmons, the former champion heavyweight of the world, returned to this country on Monday on board the steamship Minneapolis from Europe, where he has been giving theatrical exhibitions. Fitzsimmons was a spectator at the Langue-Hague fight, in which the Englishman was quickly knocked out by the American negro.

The former champion said he hoped the public would have a chance to see Jeffries and Johnson in action. He declared that no man could beat Jeffries in fighting condition. "I want to fight that man Johnson," said Fitzsimmons when he landed. "I feel mighty sure I can beat him! At least, I'm willing to make a desperate try. Please don't forget that I am the middle-weight and light-heavyweight champion, for there isn't a man who ever got those titles away from me. If I can get a go with Johnson, however, I will be wise enough to train hard for the match. And I want to say right now that if Jeffries wants to say against the negro he will have to do the same. If Jeff tries any dilatory tactics in his training he may give a terrible beating. I think, though, that with proper training, he can beat Johnson in good fashion."

The Shawmut car in the New York-Seattle automobile race arrived at Baker City, Oregon, on Monday. The Shawmut car No. 1, at Weiser, Idaho. Ford car No. 2 arrived 40 minutes after the Shawmut car.

GOOD GAME IN THE SOCIETY LEAGUE St. John's Came Very Close to Winning From St. Peter's Last Night

Those who believe the St. John the Baptists are not able to give the St. Peter's a run for their money got the Inter-Society game scheduled for last evening were greatly mistaken. Six innings were necessary to decide the game, and the result was a very exciting game, with St. John's, whose fielding record showed but one error. They were deficient, however, in their work, and the St. Peter's, which was rather ragged. Hodd was in the box for the victors, and allowed only three scattered hits. He had also the only strike out in the game. McGuigan pitched for the South End boys and while his work was well supported by his team. The score was:
