LATE LOCALS

The Women's Art Association will meet in the studio at 11 o'clock tomorrow morning to consider plans for the winter's entertainments.

The annual meeting of the officers and leaders of St. John's Baptist church Sunday school will be held this evening at the home of Mrs. J. N. Golding, St. Waterloo street.

A meeting of the St. John County Branch of the N. B. Temperance Federation will be held in W. C. T. U. Hall, Germain street this evening at 8 o'clock.

At a meeting of the executive committee of the R. K. Y. C. held on the 12th inst. George W. Fleming was elected a member. The date of the smoker was changed to Thursday the 24th inst. instead of the 22nd inst.

Past High Chief Rangar D. G. Lingley, with a guard of honor of Royal Foresters, will install officers at Court La Tour, Foresters' Hall, this evening. At this meeting the \$200 in gold won in the popular society contest of the Times, will be presented to the chief ranger.

Signal Station Master Morton, received word from Brier Island, N. S. at noon today that a C. P. E. steamer passed inward at 10 a. m.; probably the Lake Champlain from Liverpool, now due. She has on board 85 second-class and 110 storage passengers.

Tonight is "ladies' night" at the Queen's Rollway. Gentlemen will please remember the usual rules. The 40 yards race between O'Neill of St. Joseph's and Small of St. Peter's societies, which will take place tomorrow night between the 5th and 6th bands, is attracting great interest, particularly amongst the various clubs, and doubtless a large crowd will be present. The medal given by the rink management was on exhibition today in Oak Hall and attracted considerable attention. Tomorrow the residents of the north end can see in J. V. Russell's store, Main street. After the 10th band tomorrow night, Olive and Alward will skate a one mile roller race, and as both boys are fast and evenly matched a great race should result.

THE CASE OF THE LUDLOW

According to an order passed by the ferry committee at the meeting on Thursday last the ferry steamer Ludlow should be put on the route tomorrow. It is possible, however, that the big steamer may not be placed in commission until Thursday or Friday as Superintendent Glasgow is having some repairs made to the guard rail that may not be finished for a day or two. It is felt that care should be exercised in not putting the boat on while the extremely low tides prevail which is the case at present.

CHARGE NOT PROVEN

The investigation into the conduct of Assistant Foreman Edward Evans and members of No. 3 hose company, at the fire in the Dominion Coal Company's building on North Wharf on the night of Dec. 31, which was started by Chief Kerr, as a result of a complaint lodged by E. K. McKay, charging the men with deserting a comrade—his brother, James McKay—also of No. 3 company, was brought to a close last evening.

Mr. McKay withdrew the charges admitting that they had not been proved, and the men shook hands all round. The information laid by E. K. McKay was to the effect that Evans and others of No. 3 company had been deserting their comrade in not going to the assistance of their comrade in the burning building and in hauling him with a stream of hose over some anchors and chains on the floor of the building.

CALENDARS

The Times has received from Messrs. Armour & Co. of Chicago a very handsome calendar representing the famous Gibson Girls. This calendar is nicely arranged and is the handsomest this enterprising company has sent out.

The Times has received two well-designed and serviceable calendars from R. Ward Thorne, local agent of the Ontario Accident Insurance Company and Lloyd's Plate Glass Insurance Company, of New York.

The Union Bank of Halifax has issued a very handsome calendar with photographs of its buildings in Halifax, Sydney, North Sydney, Parrsboro, Windsor, Middleton and Dartmouth. N. R. Burroughs is the capable St. John manager of the Union Bank.

The wall calendar issued by J. & A. McMillan this year is a triumph of the printer's art, being done in colors, with a fine view of the bridge at the falls, and also a picture of the firm's premises on Prince William street. The figures of the calendar are in very large, clear type, and the moon's phases are indicated.

1857 TO 1907

Mr. and Mrs. Moses Cowan Celebrate 50th. Wedding Anniversary Today.

Just fifty years ago today Mr. and Mrs. Moses Cowan, 18 Cedar street, were made man and wife by Rev. Thomas Connor, at Long Island, and many indeed are the friends that are offering congratulations to the happy old couple.

The Times announced exclusively on Thursday last the golden jubilee and told the particulars in connection with the happy event.

The preparations that have been made for the celebration are very extensive, and beautiful decorations are to be seen throughout Mr. and Mrs. Cowan's home. A reception will be held this afternoon and the numerous friends of the jubilarians will call and offer their congratulations. Mr. and Mrs. Cowan's family are also present for the occasion.

The attendants at the wedding 50 years ago were James W. Thompson and Miss Charlotte Vanwart. The children of the elderly couple are all living, and they are: Mrs. A. L. Slipp, Mrs. Reuben Golding and Mrs. Theodora Vanwart.

Mrs. Cowan's maiden name was Elizabeth Burnham Thomson, and she was born in Indiana. Mr. Cowan is a son of Charles Cowan, who hailed from the north of Ireland. On the mother's side he was a descendant of the Loyalists.

A DESERTED BABY

Tiny Baby Boy Found In An Alley way Off Waterloo Street.

A baby boy has a few days old was for a time one of the protectionists at central station last night, and was subsequently taken to the Salvation Army rescue home.

John Morrissey and William Higgins were on their way home out Waterloo street about 10:30 o'clock last night, and while passing an alley near Ungar's laundry heard strange cries proceeding therefrom and on investigation found a small basket containing an infant child. They notified the police and the little one was taken to central station and, on advice of Dr. D. E. Berryman who was called, Police Constable Marshall took it to the Evangeline Home.

Enquiries failed to elicit any information as to who deserted the babe on such a night as last night.

THE BANK OF COMMERCE

The progress made by the Canadian Bank of Commerce during the year just closed should be very gratifying to all Canadians and in the annual statement just issued this splendid financial institution makes a showing of which its directors and shareholders may justly feel proud.

The bank's position is a very strong one and it ranks with the very best Canadian financial concerns. The annual statement shows that the paid up capital of the bank is \$10,000,000, and the rest account \$5,000,000. The profit for the year 1906, after providing for all bad and doubtful debts, was \$1,712,540. Of this amount dividends at the rate of 7 per cent per annum were paid, amounting to \$700,000. Bonus of 3 per cent, \$300,000; written off bank premises, \$341,434.75; pension fund (annual contribution), \$50,000; San Francisco fund, \$25,000; transferred to rest, \$200,000.

Among the assets appears the bank premises, valued at \$1,300,000, and real estate \$2,722,144. The Canadian Bank of Commerce is ably represented in St. John by J. Gardiner Taylor and his prudent foresight and clear-headed business policy has very materially contributed toward forwarding the bank's interests here.

WHAT'S UNDER YOUR HAT?

Every sensible person has something under his hat, which, if taken away from the community of text book learners and followers, and the crazy "fairs to swim" by correspondence ideas, long enough to be trained under modern experts, with new result producing ideas, will place the that are to be. It requires very little sacrifice to join the organization of an limited progress as outlined by the Currie Business University, Ltd., where the whole trend of thought centres on the prosperity and happiness of its enrolled members—where the surroundings are permeated with snap and power—where the systematic competitions of the pupils, with up-to-date devices, easily lands scores of leaders into the best positions.

The majority will always select the school which can have out the most favorable. Has the grey matter under your hat gathered a force of difference and distinction, or are you simply trying to imitate some stranger?

"Discontent is the want of self-reliance." What's under your hat? The Currie Business University can supply the distinction and force. It is up to you to do the gathering.

UNGAR'S IN FULL SWING AGAIN.

The industry and progressiveness of the Ungar Laundry management is exemplified today by the complete resumption of business at the old stand in Waterloo street, but in a new and modernized building, with the use of the latest laundering machinery, and with a complete and hustling staff ready to give even better service than before. To achieve this condition in a few weeks, despite the ravages of fire, smoke and water and a very troublesome winter, something the management is justly proud of, and the class of work turned out today by the new machinery is absolutely faultless.

CARNIVAL AT VIC NEXT WEEK

There will be band and good ice at Victoria Rink again tonight. While it is hardly safe to boast about the weather these few days the conditions for skating are now excellent. A very large party enjoyed it last night and the afternoon crowds of school children are growing in volume daily. Next week it is the intention of the management to hold a grand old-fashioned carnival, so those who delight in taking part in an event of this kind in winter had better get their thinking cap on.
