GOSSIP OVER N. B. HOUSE VACANCIES

Sheriff Finds Large Number of Ballots Here Spoiled

Following the decision of the electors in the Federal field yesterday, there was interested speculation here today as to developments in the provincial political situation. It was the generally accepted idea that Hon. Peter J. Veniot, former leader of the Opposition in the New Brunswick Legislature, and now member-elect for Gloucester in the Dominion Commons would become a cabinet member in the new government of Hon. Mr. King. HON MR. FOSTER.

With the provincial seat in Gloucester opened following Mr. Veniot's ed by the death of the late Frank L.

Potts still unfilled, there was renewed talk today about the key later.

Saint John, last night when the host-esses were Miss Alberta Quinlan and Susan E. Murphy. A shower of lovely gifts was tendered Miss McKeeley. Among the presents she received were atticles of linen, cut glass, silver and hand embroiderey. The residence was very prettily decorated, the color scheme being white in the hall and drawing room and lavender and yellow in the dining room. Cards and dancing were enjoyed and a dainty buffet called at the police station and said he had left his car parked on the north side of King Square last night and had sent another man to take it home and the man had taken a wrong car by mistake. The car he took proved by mistake. The car he took proved to be Mr. McKee's, which had been parked alongside of Mr. McLaughlin's. Mr. McLaughlin's car was found standing on the square late last night and taken to the police station. The cars were taken over by their respective

SEE THE FALLS At high tide the water of the Bay of Fundy reaches a higher level than the water of the Saint John River and forces its way through the gorge of the Falls, creating a "Falls" running up river.

At low tide the water in the Bay becomes so much lower than that of tine river, that the fall of water is reversed and flows down river into the Bay.

At half tide, when the level in the Bay and River are about equal, the Falls disappear entirely, and the water at the Falls becomes smooth as the surface of a lake.

To fully appreciate this wonder of the world it should be seen at all three stages.

State in the Liberal Government at Ottawa, would re-enter the provincial arena. There were two rumors relative to Mr. Foster in this regard. One was that he would be a candidate in Gloucester, the other that he would run in Saint John County.

The former Premier was asked about these reports this morning and said he had not taken and was not taking any steps in the matter of politics other than that he had done what he could for the Liberal party in the Dominion contest which ended with the polling of yesterday. Beyond that he had made no plans and had given no thought to the subject.
