THE EVENING TIMES AND STAR, ST. JOHN, N. B., FRIDAY, NOVEMBER 25, 1921

## FREIGHT HANDLERS ACCEPT REDUCTION

An amicable settlement of the differences between the Freight Handlers' Union and the Canadian Pacific Railway was arrived at yesterday afternoon when representatives of the union held a conference with J. M. Woodman, district superintendent of the C. P. R., in the latter's office. It was agreed that the rate to be paid this season should be forty-eight cents per hour. This compares with fifty-eight cents paid last year, the reduction being in line with that accepted by the longshoremen. Working conditions will be satisfactory.

**GROWING TIMBER ON THE FARM**  
Timber is essentially a poor-land crop. Steep slopes, poor soil, rocky land, unusual corners, gullied and wooded tracts—all these afford opportunities for growing timber profitably. A careful survey of the average farm will reveal a surprising number of spots of this sort which can be utilized to advantage. If they do not already have trees, planting them with the proper varieties will materially increase the value of the land.

## HEARTBURN A SEVERE CASE

Many people are troubled with heartburn who really do not realize just what it is. In cases of this trouble there is a growing and burning pain in the stomach attended by disturbed appetite. It is generally caused by great acidity of the stomach, and whenever too much food is taken, it is liable to ferment, and becomes extremely sour, causing heartburn. In such cases vomiting often occurs, and what is thrown up is sour and sometimes bitter.

The one way to get rid of heartburn is to keep your liver active by using **MILBURN'S LAXA-LIVER PILLS**

and you will have no heartburn or other liver troubles such as constipation, jaundice, water brash, floating specks before the eyes, coated tongue, foul breath, etc.

Miss Agnes Cutting, Shallow Lake, Ont., writes: "I have had heartburn for a long time. There were gnawing and burning pains in my stomach, and then when I vomited there was a sour and bitter taste. I used two vials of Milburn's Laxa-Liver Pills, and they have cleared me of my heartburn. I don't think they can be beaten by any other medicine."

Price, 25c a vial at all dealers, or mailed direct on receipt of price by **T. Milburn Co., Limited, Toronto, Ont.**

CLIFFORD ELVINS.

Elected president of the Association of Canadian Advertisers.

## PUSSY WILL AID EX-SERVICE MEN

Profits from Cat Show Go to Disabled Soldiers' Association—Lauder to Help.

(Montreal Herald)  
It is hoped that Lady Williams-Taylor, accompanied by Sir Harry Lauder, will be able to open the cat show given by the Canadian Cat-Fanciers' Association.

Possibly Sir Harry Lauder will sing against one of his own records in the stonch attended by disturbed appetite. It is generally caused by great acidity of the stomach, and whenever too much food is taken, it is liable to ferment, and becomes extremely sour, causing heartburn. In such cases vomiting often occurs, and what is thrown up is sour and sometimes bitter.

The one way to get rid of heartburn is to keep your liver active by using **MILBURN'S LAXA-LIVER PILLS**

## A Ticklish Point

There is a trifling disadvantage to daily newspaper advertising which those who sell other forms of publicity use for all it is worth, and trust that the prospect will not reason too far to refute it.

That is: the absence of color. They point to certain other forms of advertising and say: "Look, you can show your product big and in color so that he who runs may read."

That's good selling argument from their point of view. But stay! Is the running reader apt to gather the impression which the advertiser intends? May not the impression be too cursory? Will it be seen at all?

The fact is that the daily newspaper is the Great Intimate Human Medium.

Insofar as the woman in the Home is concerned, it is her only point of contact with what is going on in the outside world. From the birth of a neighbor's baby to the marriage of a King's daughter it is her news mentor—the loom that weaves for her the knowledge of what is going on.

This is the Time of Times for concentration upon Daily Newspaper Advertising. Daily Newspaper Advertising is the most powerful vehicle of publicity yet given to the use of man. It is the Alpha and Omega, the Beginning and the End of all successful advertising.

Advice as to the best ways and means of doing Newspaper Advertising will be given to those who inquire of us; or, consult any recognized advertising agency—a list supplied on request.

Issued by the Canadian Daily Newspapers Association.

## Rheumatism

A Remarkable Home Treatment Given by One Who Had It.

In the year of 1896 I was attacked by Muscular and Sub-Acute Rheumatism. I suffered as only those who are thus afflicted know for over three years. I tried remedy after remedy, but such relief as I obtained was only temporary. Finally, I found a treatment that cured me completely and such a pitiful condition has never returned. I have given it to a number who were terribly afflicted, even bedridden, some of them seventy to eighty years old, and the results were the same as in my own case.

"I had sharp Pains Like Lightning Flashes Shooting Through My Joints."

I want every sufferer from any form of muscular and sub-acute (swelling at the joints) rheumatism, to try the great value of my improved "Home Treatment" for its remarkable healing power. Don't send a cent; simply mail your name and address, and I will send it, and it has proven itself to be long-looked for means of getting rid of such forms of rheumatism, you may send the price of it, One Dollar, but understand I do not want your money unless you are perfectly satisfied to send it. Isn't that fair? Why suffer any longer, when relief is thus offered you free. Don't delay. Write today.

Mark H. Jackson, 188 H. Durston Bldg., Syracuse, N. Y.  
Mr. Jackson is responsible. Above statement true.

raised in Asia Minor. Many of the animals being shown have been imported from various parts of the world. The show is under the patronage of Sir Frederick and Lady Williams-Taylor, Canon Almond, Canon Shefferson and Col. Brothers.

Some Canadian cities which have had experience in tree planting in connection with waterworks and other projects are considering the reforestation of non-agricultural lands in the district as a means of relieving unemployment.

Be sure your match is out. Pinch it before you throw it away.

"In Berlin, Dresden, Frankfurt, and everywhere similar conditions prevailed in respect to smoke. Even in Eastern Germany there are a good many smoky chimneys, and which is nothing like so attractive a place as Düsseldorf, the state of things is in no way comparable with what it is in our worst towns."

"There were boiler-makers' associations all over Germany, said Mr. Simon, and there was co-operation to prevent the smoke nuisance. The associations exercised supervision by authority of the State. In the difficult case of metallurgical furnaces gas was largely employed for heating in Germany. The use of gas was rapidly extending in England, and it was one of the chief solutions of the smoke problem."

Speaking on general industrial conditions, Mr. Simon pointed out that the German working men were receiving a much lower wage than the English, and there was no unemployment in Germany. The Germans were getting the markets England was competing for. The German cost of production in the form of wages had gone down from 6d. to 4d. per hour, simply owing to the fall in the mark, and until the mark could be stabilized it would remain impossible for England to compete on an equal basis. Living in Germany, measuring the cost in sterling, was now extraordinarily cheap.

The American men and women must guard constantly against kidney trouble because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out; they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; when your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad; get from your pharmacist about four ounces of Jaid Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jaid Salts is inexpensive, cannot be abused, makes a delightful effervescent bottle-water beverage, and belongs to every home, because nobody can make a mistake by having a good kidney flushing any day.

G. A. 10

## IS FULL OF LIFE AND ENERGY NOW

Halifax Man Advises People With Stomach Trouble How to Get Relief.

"My health was restored by Tanale last winter and ever since then I have depended on it to keep me in good condition," said Harry Faulkner, 6 Cunard Court, Halifax, N. S.

"The first thing I noticed wrong with me was that after every meal I began to have a tight, stuffy, bloated feeling. As time went on, the discomfort increased until I got to where I suffered positive torture no matter what I ate. This bottle put me on the road to health. I'm a well man now in every particular and just feel brimful of new life and energy."

Tanale is sold in St. John by The Home Drug Co., Ltd., and W. Munro, and by leading druggists everywhere.

## SMOKELESS TOWNS FOUND IN GERMANY

Set Example for England Declares Member of Nuisance Commission.

Manchester, Nov. 25.—(By Mail).—E. D. Simon, the Lord Mayor-elect of Manchester, who is a member of Lord Newington's Departmental Committee on the smoke nuisance, and in business an engineer, has just returned from a visit to Germany.

"We went particularly to the Ruhr industrial district," he told me today. "Its abode with metallurgical furnaces such as we have at Sheffield, and which are a great cause of trouble with black smoke. Also it is a district that is fairly comparable with South-East Lancashire. We were extraordinarily struck with the difference in such an area in Germany and here. Instead of smoky and dirty towns one found clean and pleasant towns. It is largely due to the prevalence of domestic smoke here and its absence there. Our habit of burning raw coal in open fire grates accounts for the greater part of our town smoke. The Germans use closed ovens and burn briquettes or wood, and they get the heat they require by cooking and heating houses at a much less expenditure of fuel. Their coal is not smoky, as Lancashire coal is, and, moreover, it is certainly not so clean as the Swansea coal, and yet we have very dirty towns in South Wales."

"The second factor which I think accounts for the difference in favour of the German towns is that their boilers and factory chimneys seemed to me to be better than the corresponding installations here. I think this is partly due to the fact that coal is rather more expensive even than it is with us, and therefore it is paid them in Germany to give more attention to the scientific burning of coal than we have done."

"In Berlin, Dresden, Frankfurt, and everywhere similar conditions prevailed in respect to smoke. Even in Eastern Germany there are a good many smoky chimneys, and which is nothing like so attractive a place as Düsseldorf, the state of things is in no way comparable with what it is in our worst towns."

"There were boiler-makers' associations all over Germany, said Mr. Simon, and there was co-operation to prevent the smoke nuisance. The associations exercised supervision by authority of the State. In the difficult case of metallurgical furnaces gas was largely employed for heating in Germany. The use of gas was rapidly extending in England, and it was one of the chief solutions of the smoke problem."

Havelock, Ont., Conservative candidate for the Commons in East Peterborough.

## HEAD AND NOSTRILS CLOGGED UP

COULD SCARCELY BREATHE

When you become all choked up and stuffed up with a cold your head becomes thick, the nostrils become so clogged up you can hardly breathe, a feeling of weight or oppression in the chest and the cough rises and tears your lungs and bronchial tubes.

This is the time to take **DR. WOODS' NORWAY PINE SYRUP** before things get to be too serious. There is no remedy so equal to clearing up the cold, making the breathing easy, loosening the phlegm and soothing and healing the lungs and bronchial tubes.

Mrs. Edward Kincaid, 60 Bryden St., St. John, N. B., writes: "I wish to express my hearty thanks to your valuable remedy, Dr. Woods' Norway Pine Syrup and what good it did me. I feel I never had, my head and nostrils were so clogged up I could get no vent, and could scarcely get my breath. I tried remedy after remedy until at last I thought I would try 'Dr. Woods.' After the first dose I felt relief, and by the time the bottle was finished I was all better. I will always keep it in the house."

Price 50c, and 60c a bottle; put up only by **The T. Milburn Co., Limited, Toronto, Ont.**

**BRIDGE AND DANCE.**  
An enjoyable bridge and dance was held on Wednesday evening at the Manor House by the staff of the Bank of Nova Scotia, about eighty being in attendance. A special car took the party from the city about eight o'clock, returning an hour after midnight. Dainty refreshments were served and music was provided by an orchestra. The party was chaperoned by Mr. and Mrs. J. H. Stevenson, Mr. and Mrs. W. A. Clark and Mr. and Mrs. G. W. G. Williamson. The dance was a most successful affair.

## How Fat Actress Was Made Slim

Many stage people now depend entirely upon Marmola Prescription Tablets for reducing and controlling fat. One clever actress tells that the reduced steadily and easily by using this new form of the famous Marmola Prescription, and now, by taking Marmola Tablets several times a year, keeps her weight just right. All good druggists sell Marmola Prescription Tablets at one dollar for a case, or if you prefer you can secure them direct from the Marmola Co., 601 Woodward Ave., Detroit, Mich. If you have not tried them do so. They are harmless and effective.

## WOMAN AVOIDS AN OPERATION

Hope Nearly Gone, but Lydia E. Pinkham's Vegetable Compound Saved Her

Star, N. C.—"My monthly spells gave me so much trouble, sometimes they would last two weeks. I was treated by the two doctors, but they both said I would have to have an operation. I had my trouble four years and was unfit to do anything and had given up all hope of ever getting any better. I read about your medicine in the 'Primitive Baptist' paper and decided to try it. I have used Lydia E. Pinkham's Vegetable Compound for about seven months and now I am able to do my work. I shall never forget your medicine and you may publish this if you want to as it is true."

Mrs. J. P. HUNTER, Star, N. C. Here is another woman who adds her testimony to the many who tell us we have already published, proving that Lydia E. Pinkham's Vegetable Compound often restores health to suffering women even after they have gone so far that an operation is deemed advisable. Therefore it will surely pay any woman who suffers from such ailments to try it.

## JO-BEL THE WONDER SALVE

WHAT A FREDERICKSON MAN SAYS:

Mr. Murdoch, Dear Sir—I would like to have all sufferers from piles know that after eight years of suffering I have been cured by one box of your Jo-Bel salve. Sgd. CARL PEDERSON, Charlotte Street, Fredericton.

Try for yourself and enjoy living. Equally good for all skin diseases. Sold by all druggists in Maritime Provinces. \$1.00 a box; trial boxes 50c. JOSEPH A. MURDOCH, 137 Orange Street. Mail orders promptly filled.

## "A Battle of Brains"

More than ever before is this fact evident in business—and out. To the clearest, keenest minds belong the spoils of victory. Detective vision, which most of us have—unconsciously—does much to dull the brain—slow us up.

Know that your eyes are as nearly 100 per cent as they can be and should be. An optometrist will know. See him today—tomorrow may be the loser.

## NEW YORK POLICE RAID LUXURIOUS DEN

Richly Clad Patrons Escape from Chinese Opium Resort.

New York, Nov. 25.—Armed with axes and crowbars, detectives of Deputy Police Commissioner Simon's squad, early today, beat their way through an iron-clad door into a sumptuous furnished apartment on the fourth floor of a five-story tenement in Canal street, where five Chinese were taken.

They found an opium den such as those pictured in the average fiction story of the Chinatown underworld. Forty men and women escaped by way of the fire escapes through a secret trap door while the detectives were battering their way into the room.

When the detectives rushed into the room, they saw men and women, some of the latter richly clad, rushing out through a secret trap door. The detectives confined their attention to the Chinese, who, they felt assured, were conducting the establishment.

**TURKEYS GIVE WAY TO PORK.**  
Tendency to Boycott Birds Because of Price is Noted in Boston.

Boston, Nov. 25.—A tendency on the part of the public to boycott turkeys because of high prices and turn to pork as the principal setting for the Thanksgiving dinner was noted today by the State Commission on Necessaries of Life and by market men. Conditions, the commission said, should force a drop within forty-eight hours.

Retail dealers, who in most instances are asking sixty-five and seventy cents a pound for choice birds, said the demand was not nearly as large as usual. Regular customers were in many instances ordering turkey, they said, but there was little transient trade.

In summarizing the result of an investigation of market conditions the commission said: "From government reports and reliable trade authorities there appears to be a large supply of turkeys in the country this season. In spite of the general liquidation of food costs during the last year, and especially corn, the price of turkeys in the Boston market is practically the same this year as last year."

"Should the present high prices be maintained, either by the farmers or the jobbers, it will act as a 'boomerang' to their financial loss. With the boycott of

## MR. PERCY HODGE, Olympic Steeplechase Champion 1920.

NEW WORLD'S RECORD 1000 Meters, 10:25.4. HODGE, A.A.A. OLYMPIC STEEPLCHASE CHAMPION 1920. "I cannot speak too highly of the wonderful qualities of Phosferine, for, as the 'World's Steeplechase Champion,' I find training and racing use up so much vital force and physical energy that it is difficult to keep in top form consistently; but fortunately I find I can quite easily maintain my supremacy by including a regular course of Phosferine throughout the training periods and also for a short time after the races in which I compete. On the 9th of July, at Croydon, I covered one mile, including 33 jumps, under five minutes and I am sure that the 'fit and fresh' feeling, and the sense of physical energy which enabled me to capture the event was really promoted by the Phosferine I took immediately before the race. There is always a risk of 'nerviness' upsetting the best form or condition, and in all my experience there is nothing to surpass Phosferine to enable an athlete to cope with any such disadvantage."—Park Lodge, Park Road, Twickenham, London, England.

This Brilliant Olympic Steeplechase Champion declares that the unfailing zest and force of his athletic prowess is due to the exceptionally re-energizing qualities of Phosferine. Phosferine enables his nerve cells to create the vital force which at critical moments bears him with amazing and irresistible impetus to successive victories.

When you require the Greatest of all Tonic Medicines, see that you get **PHOSFERINE**

PHOSFERINE is made in liquid and tablet form. The tablet form is particularly convenient for Business Men and Women, all Outdoor Workers, Travelers, Sportsmen, etc. It can be used by anyone, any time, anywhere, in accurate doses, as no water is required. The No. 2 tube is small enough to carry in the pocket and contains 30 doses. Accurate effects by unhealthy localities or climatic conditions will be the better. Phosferine always put a tube of tablets in your outfit.

**SPECIAL BUSINESS, TRAVEL AND SPORTS NOTE.**  
Phosferine is made in liquid and tablet form.
