Wall Street Notes.

New York, March 20.—Americans in London irregular, small changes.  
Bank of England rate unchanged; cable 75 3/4, up 1/16.  
U. S. supreme court meets on Monday, will hand down decisions, will not hear cases and adjourn until Monday, April 7.  
Democratic leaders say no prospect of currency legislation at special session.  
Iron Age says steel and iron buying better the last week than in the first two days of March.  
Stock Exchange closed tonight until Monday morning.  
Money rates indicate an improved position of the banks, due to large receipts from the interior and nearly good crops.  
The suit against the steel company will hardly reach the circuit court before next fall or winter and it will take that court at least a year to go through the evidence and render a decision that means 2 and 12 or three years yet before a decision from the supreme court can be expected. Steel stock can do all sorts of things before that time. The corporation is plugging up a big cash surplus.  
The street is very pessimistic, especially as regards the industrial and wild there is some investment buying of the railroads. The industrial are left alone.  
We get some buying today for short and some evening up over the holiday. Still feel friendly to the good rail.  
SHEARSON HAMMILL & CO.

New York Market.

Montreal, March 20.—At 40 yesterday Dominion Steel stocks established a new low record price. The lowest for iron since the corporation into the corporation stock, up to this month, was 50 1/4 in July, 1910, and August 1911. Iron sold at 69 was lower than at any time since February 1909.

TOO LATE FOR CLASSIFICATION

WANTED—An adjustable dress form; state price and particulars to L. E. Times Office, 455-11.  
BOYS WANTED—Three good, strong, bright boys; steady work, good wages. Apply Queens Bank, Charlotte street.  
30473-28

TOR SALE—Farm at Golden Grove, containing 10 acres with house containing twelve large rooms; also two barns, both in good repair. Apply H. Hays, 22 Clarence street.  
20484-4

TO LET—From last May next, small shop, Queen Hotel Building, 90 Prince street; suitable for office or any light business; heated from hotel. Particulars, enquire John Ficht, Contractor, City.  
20483-28

LOCAL BASEBALL

Arrangements are now under way for the formation of an East End base ball league for the coming season. It is expected that there will be five or six teams in the league and a meeting will likely be held next week to draw up a schedule and make other arrangements as to grounds, etc.

ALLEGED FORESTALLING

A case against William Dean, reported for forestalling in the City Market on Tuesday morning, is being taken up in the police court this afternoon.

# EASIER MONEY

## DURING APRIL

London, March 19.—Sir George Paish, editor of the Statist, speaking on the condition of the European money market, said: "The continuance of the Balkan war, uncertainty of the real relations between the great powers and the decisions of the governments of both Germany and France to make great additions to their standing armies, as well as to spend huge sums on additional fortifications, are keeping the people of the continent in a state of anxiety which is reflected in the desire of nearly everyone to refrain from enlisting new capital and is inducing many, especially in France, Germany and Austria, to hoard large sums of cash."  
The financial situation is thus affected, first, by the difficulty of raising capital, and, secondly, the denudation of banking reserves through the hoarding of cash, which makes banks indisposed to lend for short periods except on high interest.  
"Money probably will be in very strong demand until the end of March, but in April some relaxation may be shown. Everything depends on the international political situation. In my judgment the outstanding political problems are in the course of adjustment and no fresh complications need be feared."

# COST BOY HIS LIFE

He Saved School Girl From Bite of Mad Dog

Chicago, March 20.—Fred Pieper, fifteen years old, of Strasburg, victim of a practical joke—a joke which might have cost the lives of twenty other pupils in the schoolroom with him had he not risked his.  
Two of Pieper's school-mates brought a stray white poodle dog into the schoolroom as a joke. Pieper noticed that the dog was foaming at the mouth and he rushed back a little girl as she was about to get the animal. While he was carrying the dog from the room it bit him.  
The next day the dog bit four pupils and a horse, all of which later died of rabies. The boy's parents became alarmed and after treating him with home remedies for several weeks, brought him to a specialist in Chicago. The case was too far developed and all that could be done was to relieve the suffering.

# IMPORTANT BUSINESS

## PURCHASE ANNOUNCED

Amos A. Wilson has purchased from Maynes & Riley, Ltd., their property, including the corner mill and 174 acres of land at St. John's Road. It is understood that the stock of the company is also being taken over by the Wilsons and that the business will be carried on as before, but on a more extensive scale. It has not yet been decided whether the same name will be continued. Local business men are associated with Mr. Wilson in the purchase. Mr. Wilson is a leasehold property in Chelsea street.

# LIVINGSTONE'S CENTENARY

## CELEBRATION IN ENGLAND

New York, March 20.—A London cable says: Livingstone's centenary was celebrated yesterday. At a memorial service in Westminster Abbey, the explorer's only surviving daughter, Mrs. Livingstone-Wilson, placed a floral tribute on his grave.  
The Archbishop of Canterbury in the evening presided at a celebration in Albert Hall. He said Livingstone made the very fibres of the nation tingle with his quiet heroism. Sir Henry Johnston said that when he thought of Livingstone's treatment, he sometimes felt ashamed to wear the robes of the order of St. Michael and St. George.  
Premier Asquith in a letter referred to Livingstone as a man whose memory would never perish.

# WOULD MEAN MUCH TO ST. JOHN

The plant of the Canada Iron Corporation, Ltd., at Londonderry, which may be brought to St. John in connection with the shipbuilding consists of a blast furnace, steel works and pipe foundry. When in full operation the plant employs 200 men but at the present time the pipe works is the only department in operation and it gives work to eighty men. If the plant is transferred to St. John it will be greatly enlarged and it will be possible to run it at full capacity. The paid up capital of the company is \$4,832,300 common stock and \$2,608,000 preferred with a bond issue of \$2,608,000.

# How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Halls Catarrh Cure.  
F. J. CHERNEY & CO., Toledo, O.

We the undersigned have known F. J. Cherney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by him.

WALTON, KIRKPATRICK & MAXTED.  
Wholesale Druggists, Toledo, O.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 75 cents per bottle. Sold by all druggists.  
Take Hall's Family Pills for constipation.

# YESTERDAY'S FIRE INSURANCE

The insurance on the building owned by P. Mahoney in Main street, which was damaged by fire yesterday amounts to \$3,000, held by Lockhart & Ritchie and Vroom & Argood. The insurance on the T. J. Durick building is the same, and is divided amongst four companies. The loss is being appraised today.

# HERE TOMORROW

Ottawa, March 20.—The Duke and Duchess of Connaught, and the Princess Patricia, accompanied by Mrs. Pelly, Miss Adam, Captain Rivers, Major, Butler, A. D. C.; Capt. Rosewater, A.D.C., and Major Worthington, will leave tomorrow for Halifax, sailing on Saturday for England. Colonel Lowther and Capt. Long, A. D. C., will remain in Canada.

# COURTNEY BAY

The North Grenville Dredging Company is completing arrangements to commence dredging at Courtney Bay, and within a week their elevator dredge will be at work at the entrance to the new harbor. The other dredge is also almost ready and will commence operations soon after the elevator dredge.

# PREDICTING C. P. R.

## YEAR'S EARNINGS

(Montreal Herald.)  
Dickson, Perkins & Co.—At a conservative estimate of C. P. R.'s net earnings for the year ending June 30 next is \$50,000,000. They may run to \$50,700,000. This estimate is based on the net earnings for the first half of the fiscal year, which amounted to \$27,100,000, and official reports as to prospective spring and early summer traffic conditions. It allows a proportion of operating expenses to gross earnings of 65 per cent., which is a little more than the proportion of the preceding year and the year previous to that.  
With net earnings of \$50,000,000 and fixed charges of not more than \$11,500,000, surplus available for dividends for the current fiscal year will approximate \$38,500,000. This surplus will not include special income from interest, dividends, land sales and other extraneous assets. Such a surplus will be a gain of \$7,500,000 over the fiscal year 1912, therefore the largest in the company's history.

# PRINCE SEEKS PROTECTION

## OF COURT FROM BLACKMAILERS

Geneva, March 20.—Prince Louis Ferdinand of Bavaria recently invoked the aid of the Swiss courts to protect him from blackmail. The prince, through the Bavarian minister at Bern, says that a Munich woman and her mother, for years have been extorting money from him by threats of publishing certain incidents of the prince's life, wherein the woman was concerned.  
His princely patience was exhausted when the woman demanded 25,000 sterling to order not to publish a book and the Bavarian minister secured their arrest, together with a German publisher, Kreis. When the trio were brought to trial, the court inflicted light sentences.

# COSTLY MISTAKE; TWENTY

## MILLION STAMPS DESTROYED

Washington, March 20.—Perhaps the most colossal error that has ever occurred in the history of postage stamps has just happened in the United States.  
To commemorate the opening of the Panama Canal a new series of four values was prepared. The one cent, five cent and ten cent appeared, and it was then found that the picture on the two cent stamp was a reproduction of the picture on the one cent stamp.  
The government immediately withdrew the whole printing, consisting of more than twenty million stamps, and destroyed them. The new printing shows the view of San Pedro Miguel, but is inscribed "Panama Canal."

# RECENT DEATHS

Word has been received of the death of Mrs. James W. Smith at Stettin, Austria, on March 16. She was the daughter of Mr. and Mrs. John Maynes, of Quispamsis. Burial was in Stettin.

Miss Teresa Quinn, of Sherbrooke, received word yesterday that her brother, Thomas Quinn, of South Boston, had died suddenly. He formerly was a resident of this city. He is survived by three sisters, one in St. John and two in Boston, and one brother, J. Quinn, of this city.

James Curran, a retired C. P. R. engineer, who for many years was on the C. P. R. Houlton branch is dead in Houlton. He was 68 years old.

John McMullin died at Maguadavie Lake on Tuesday. He was 65 years of age and a brother of Councilman William McMullin, of Houlton.

# THE RAILROADS AND THE FIREMEN

New York, March 20.—The Brotherhood of Locomotive Firemen and Engineers yesterday closed his case against the fifty-four railroads in the arbitration proceedings over the firemen's demands for increased pay.  
Mr. Lusk testified today that the gross income of all the railroads concerned was \$330,500,000 in 1912, as compared with \$250,000,000 in 1912. In 1912 he said the firemen were paid \$22,601,000 in wages and in 1912 were paid \$12,340,000.  
Glasgow Leed, for the railroads, said that while the gross income had increased but 30 per cent., during the eleven years, the firemen's wages had increased 75 per cent. but Mr. Lusk declared this an unfair comparison.

# PERSONALS

J. A. Pugsley and Malcolm MacKay, Jr., returned home this morning on the Boston train.  
Mrs. Joseph Irving, accompanied by Miss Rosalie A. Irvine, left this morning for New York to spend the Easter holidays.  
Mr. and Mrs. J. MacMillan Trueman left this morning to spend Easter in Toronto.  
Frederick Dutton, Andrew Holder and Charles Fleming left on the S. S. Calvin Austin this morning for Boston.  
Mrs. Ben Robertson and Mrs. H. H. Reid, are spending the Easter holidays with their sister, Mrs. Avery J. Smith, at Port Lawrence, N. S.  
Miss Ryan, of the Bank of Montreal, Halifax, is spending the Easter vacation in the city.  
M. G. Reed, K. C., returned home this morning on the Boston train.  
G. Earle Logan came home from Fredericton today.  
J. G. Burke, of the C. P. R. passenger department, returned from Montreal today.  
Percy W. Thomson returned from Fredericton this morning.

# BURIED TODAY

The funeral of Mrs. Mary McDade took place this morning from her late residence, St. Patrick's street, to the Cathedral, where Rev. E. J. Conway conducted the burial service. The body was taken to St. Martin's on the morning train for interment.

The funeral of Mrs. Elizabeth J. Ellett was held this morning at 2:30 o'clock from the Congregational church, Union street, Rev. Mr. Redick officiating. Interment was in Fernhill.  
The funeral of Mrs. Johanna Henneberry took place this afternoon from her late residence, in Pennington street, where Rev. E. J. Conway conducted the burial service. Interment was in the new Catholic cemetery.

# GREAT TREATS

## FOR THE LADIES

The Millinery Openings Are Very Attractive

VERY FINE DISPLAYS

Something About the Styles Seen in the St. John Stores After the Annual Easter Visits To Fashion Centres

The millinery department of Manchester, Johnston, Alibon's big store was the Mecca for large crowds of ladies today, the occasion being the spring millinery opening. The display was one which would well warrant attention from the ladies. All the latest styles fresh from Paris and New York, in hats of most every conceivable color, size and shape, are shown and the whole combines to make a most attractive display.  
The leading features of the spring styles seem to be the predominance of small shapes and hats of color. With summer arrives larger hats for dress occasions will probably be popular again, but in the meantime the demand is entirely for the small shapes. The smallness of the hats is more than compensated for by the bright colors which Dame Fashion insists on this year. The Balkan war which has made its influence strongly felt in the political and financial situation has even affected the ladies' millinery and Bulgarian colors are the latest novelty of the season. These bright and striking colors, almost Oriental in their vividness, include bright green, deep yellow, light yellow, purple, cerise, canella and others along the same line.  
Flowers will continue to be the most popular trimmings, and the Bulgarians will be carried out in the floral designs, although almost every flower is used. The bright colors are also used in the yard goods for trimmings, among which are crepe de Chine, silk, satin, tulle and the plain ostrich feathers and willow plumes will not be seen this year.  
The ostrich feathers will also be popular, but only in fancy effects and the plain ostrich feathers and willow plumes will not be seen this year.  
The advance showing for the full season, as summer is termed in millinery circles, has been made at Paris, where plumed hats are the fashion with panama in the leadership followed by French straw, London straw, loghona and Panama straw.

# FIVE KILLED IN

## MIGHTY EXPLOSION

### IN MEDICINE HAT

Medicine Hat, Alberta, March 20.—Five are dead, and ten are known to have been injured in a gas explosion here last night. The explosion occurred in a building used as a warehouse for the Western Canada Cold Storage and Packing plant building, and were working at the time, when the building, full of escaping gas, was blown up.  
Hundreds of curious people were near the building when it exploded.  
Three of the walls were blown out and raised high in the air. Those in the path of the falling debris, were buried under the dead.  
Reginald Rimmer, twenty-one, fireman, buried in the ruins, body recovered six hours after the accident.  
Wm. Green, thirteen, died on way to hospital.  
Charles Behannon, twenty-four, head crushed, came here a few days ago from Boston.  
Wm. Stewart, fireman, well known painter, died.  
The injured—William Bannan, fireman; Jos. Revett, Const. Hopp, Wm. Buchanan, Wm. Long, D. Sanderson, James Connor, Sam Schuchman.  
There are many more or less injured and discharged from the hospital after being treated. Others but slightly injured went home.

# THINKS WESTERN MONEY MAY

## BE ATTRACTED TO ST. JOHN

A. McKee, of Vancouver, general manager of the Canadian Home Investment Company, who is in the city today, has been very much impressed with the progress here, the evidence of which he has noticed since his last visit a short time ago. Comparing St. John with Vancouver he does not see reason why this city should not grow as rapidly as the western city, and he is convinced that if local conditions were made known more widely in Vancouver there would be no difficulty in attracting large quantities of capital for investment here.

# PLAN PIP SOCIAL

The congregation of St. Joachim's church, Silver Falls, intend holding a pip social in the Goldbrook school house for the purpose of raising a fund to meet the cost of repairs to the church this year.

Washington, March 20.—Huntington Wilson, assistant and acting secretary of state, has resigned and insisted upon immediate acceptance because of radical differences of opinion with the administration regarding the purpose of starting a fund to meet the cost of repairs to the church this year.

# EASTER CLOTHES

The very latest cut and cloth, perfect beauties of style. Prices range from \$12.00 to \$20.00.  
SHIRTS  
Fresh stock of new shirts, hard and soft fronts. Prices from 90c to \$1.75.

## HERE TOMORROW

Congressman Lentz to Visit St. John—Purchase of Trueman Property Confirmed With Enthusiasm

The purchase of the Trueman residence on Hazen street as a permanent home for the Loyal Order of Moose, which was announced exclusively by the Times yesterday created general interest around the city, especially in view of an incorrect announcement made by another paper to the effect that the order had decided upon the purchase of another property. The action of the committee in closing for this property was confirmed with enthusiasm at a meeting of the order last evening and the work of remodeling the building to suit their purposes will be commenced promptly as they have to vacate their present quarters by May 1.

At last evening's meeting Past Dictator R. W. Wigmore was appointed a delegate to a convention to be held in Cincinnati in July. H. J. Smith was created a past dictator in order to qualify as a delegate and was appointed substitute in case Mr. Wigmore find it impossible to go.  
Hon. John J. Lentz, United States congressman and one of the most prominent members of the order, will arrive in the city tomorrow. It was the intention to have him address a public meeting, but as the engagements prevent him from doing so, a meeting could not be arranged on Good Friday, this plan was abandoned. A committee composed of R. W. Wigmore, Blanchard Fowler and Percy Campbell, was appointed to meet Mr. Lentz and show him around the city. He will leave on the late train for Halifax and will address a meeting in Truro on Saturday evening.

The Moose organizers are at work in Moncton, and when the next lodge in that city is to be instituted, the local members of the order are planning to run an excursion, for members only, to assist in the building of the new lodge.

# THE DRUMMONDS

Looks Very Much Like St. John Getting Big Line Industry

Truro, March 20.—Reports in London concerning future industrial conditions there are largely confirmed by advice from St. John and Fredericton. This practically confirms the statement of a Londonderry man that the Drummond interests in this county are to be abandoned and the place turned into a scrap heap. The astonishing proposal of the Canada Iron Corporation to cause the withdrawal of all hitherto precautions, but nevertheless fully continue industrial concern will of course create dismay in the town of Londonderry and the contiguous farming community.  
Governments both Liberal and Conservative, have been appealed to in times past to assist the struggling iron centre, but the acquiescence by the Drummonds of the vast Gloucester county iron deposits in New Brunswick have proved too strong an attraction and being favored to a great extent by the New Brunswick government there has been brought about what promises now to be a catastrophe of considerable proportions.

# INVESTMENT NEWS

St. John, March 20, 1913

# Women

## as investors

There never was a time in our history when women had so important a part in the big money drama as today. If you examine the list of stockholders of any of our financial or industrial companies you will find that women figure very largely. And these are not all the wire widows or disheveled wealthy men either. It simply means that the average woman with surplus funds is becoming an investor.  
It is a woman who is today considered one of the shrewdest investors in Wall Street. But few women have the native financial acumen of Mrs. Hetty Green. The average woman with surplus available for investment should first seek the experienced advice of a reliable banker. More women have lost their money through failure to do this than in any other way.
