#### HALDANE INSPECTS

##### Honorable Artillery Company Entertain Canadian Officers. Col. Pellat's Tribute to the Spirit of Canada—A Fine Appreciation by London Telegraph

Times' Special Cable  
London, Sept. 16.—The Telegraph, anticipating a great welcome for the Queen's Own in London says "The officers from the King's Own, who have seen Col. Pellat's fine regiment adorned its soldierly bearing. There is but one opinion, as to its likeness, alertness, and power of endurance amongst those who have followed the really hard work, the officers and men have done since arriving in England."

The Honorable Artillery Company entertained the officers of the Queen's Own last evening. The Earl Denbigh, president, welcomed the guests as an integral portion of the imperial forces. Col. Pellat said, although they were just a regiment of citizen soldiers, there were behind them tens of thousands in Canada, just as ready and willing as they to respond to the call of the motherland whenever it came.

Hon. Mr. Haldane and Lord Roberts inspected the regiment today. Lord Roberts first addressed the men, observing that as honorary colonel of the regiment he wished to bid them welcome in person. A great step was made towards unification of the British army when a Canadian regiment and contingents from Australia, New Zealand and Tasmania so joyfully and so promptly came forward to take their part in the South African war. Today another very important step was made in the visit of the Queen's Own to take part in the army manoeuvres in England.

Lord Roberts' Address  
Lord Roberts said: "I wish I could make you understand how thoroughly I appreciate the loyalty and soldierly spirit which induced you to take this long voyage, and undergo a certain amount of work and discomfort for the sake of the mother country; and to say how thoroughly I believe that your action will do much to strengthen the bond that unites her and her children on the other side of the Atlantic."

The enthusiasm that attended your departure from Canada, the enthusiasm that greeted your arrival here, all mark this as a characteristic one, I bid you welcome."

## GLOCKING IS RE-ELECTED PRESIDENT

### Trades and Labor Congress Sessions Was Lively One

#### BONUS SYSTEM BREEZE

##### Motion Against Bonus Causes a Spirited Time—Congress Finally Re-affirms Position Against the System—Solicitor O'Donohue and Matter of Expense

Fort Arthur, Ont., Sept. 16.—(Special)—The Trades and Labor Congress yesterday afternoon elected officers for 1910-11 as follows:—President, William Glocking, Toronto, by ballot; vice-president, Gus Franco, Montreal, acclamation; secretary, P. M. Draper, Ottawa, acclamation, re-elected.

The financial statement shows a balance of \$2,573.78 as compared with \$1,221.73 year ago. Receipts for the year were \$9,482.34, and expenditure \$7,103.56.

There was a breeze over the introduction of a motion against the bonus system. Mr. Campbell chairman of resolutions, said that, as that was a part of the labor platform, he did not see the use of wasting time on it.

Mr. Flanders, a delegate, asked: "In that part of your constitution does the secretariat find anything against it?"

Delegate Pettipiece, of Vancouver, remarked: "By your usual trickery you are trying to."

Delegate Flanders: "What trickery? I am not the chair."

The chair was being temporarily taken during the momentary absence of President Glocking, by Vice President Franco, Montreal, and the manner in which he put the motion and the subsequent amendment on non-reaffirmation was not intelligible to some of the audience.

Delegate Somerville declared "We want this congress, whether it is part of the labor platform or not, to go on record whether we are in favor of the bonus system or not."

Owing to misunderstanding some voted "yes" when they meant "nay," and confusion ruled for a few seconds until finally it was straightened out by it being moved and seconded that the previous question be considered with President Glocking again in the chair. The resolution against the bonus system was reaffirmed.

Mr. Mills, a delegate, made a strong plea for a strict boiler inspection.

Mr. Draper, resolution secretary, said that he thought some mention should be made of the omission of Solicitor O'Donohue's name from this bill to assist in its being passed.

The secretary asked: "Is Mr. O'Donohue in the hall?"

A voice, "He is."

Secretary Draper: "Mr. O'Donohue went twice to Ottawa last year. He has been getting \$2,000 a year from this congress. I told him this year to charge a fee for whatever work he did for even a postage stamp and for writing a letter. Thus his bill was under \$800, representing a saving of \$1,000, compared with cost when we paid him a yearly salary. As a member of the executive committee I am going to employ Solicitor O'Donohue only when I find I can't get on without him. Mr. O'Donohue asked for a raise in salary some time ago and we refused it."

## CHOLERA VICTIMS NUMBER 100,000

## RUM-CRAZED INDIANS KILL

### Tragedies of a Day in the Despatches—Woman is Burned to Death

Spartanburg, S. G., Sept. 16.—Bearing the news that the Indians on the Cherokee Reserve in North Carolina, are on a rampage in which probably several have been killed and declaring that he was forced to flee to save his own life, Charles Long, a full blooded Cherokee Indian, has just arrived in Spartanburg with his wife and six papooses.

Long said that a large quantity of whiskey was received at the reservation on Saturday night, and that the Indians began a carousal which was still under way when he escaped on Wednesday morning. Quarrels arose and on Monday one of the Indians, Tom Woodpecker, was killed and another seriously stabbed. Many other fatalities are feared.

Philadelphia, Pa., Sept. 16.—Mrs. Mary Green, aged 78 years, is dead, and her husband, Richard Green, aged 81 years, is dying from burns received last night when the woman's clothing caught fire from a candle she was carrying. Green, who is very feeble, was being assisted upstairs by his aged wife, when her clothing became ignited. In trying to assist her he was terribly burned.

Chicago, Sept. 16.—A dynamite explosion wrecked the main entrance and blew out every pane of glass in the general office building of the Winslow Co., at Company Iron Manufacturing Co., at West Harrison street and south Forty-sixth Avenue, last night. Nobody was injured.

The concussion was felt for a mile distant. The police regard it as significant that the bomb was placed directly under the centre of the pattern shop, and that twenty-five pattern makers severed their connection with the firm about three weeks ago.

The totals for the preceding week are 13,330 cases with 8,137 deaths.

There were 47 new cases and nineteen deaths in the city of St. Petersburg yesterday. This brings the total in the capital to 3,750 cases with 1,340 deaths. The totals in the aggregate show a falling off of cases and deaths.

St. Petersburg, Sept. 16.—The cholera epidemic which, originating in southern Russia, has claimed already upwards of 100,000 victims, is stretching its way across Asia's Russia and today was officially declared to threaten the province of Amur in Southeast Siberia and separated by the Amur river from Manchuria.

The reports now in possession of the sanitary bureau show a total of 182,207 cases for the season with 83,613 deaths. These include the early returns for the week ended Sept. 10 and the revised figures for the preceding week. Complete reports for the week of Sept. 4—Sept. 10 inclusive, are lacking but the totals for the seven days at hand are 7,529 cases with 3,657 deaths.

## McFARLAND WILL NOT FIGHT; WEIGHT TOO LOW

### Withdraws From Bout Arranged for Oct 6 With Ad. Wolgast

Chicago, Sept. 16.—Eckey McFarland has cancelled his date to box Ad. Wolgast, lightweight champion of the world, ten rounds before the Star Club of Milwaukee on October 6, in calling off all bets. McFarland makes free to admit the weight at which he had agreed to meet Wolgast is a bit too low for one of his dimensions. Furthermore, he complains of an injury to his arm, sustained recently in a fall from a motor cycle. Wolgast's manager has claimed the \$500 forfeit posted by McFarland.

"I have concluded that the battle would sap too much of my strength, especially against a tough opponent like Wolgast," said McFarland last night. "And I don't propose to enter the ring and double cross my friends by giving the impression that I am in the best of condition."

## IT WAS A JOKE

### Yacht Spoken in far North Was Not Bradley's But the Whitney Steamer

New York, Sept. 16.—Members of the Whitney-Rainey expedition are laughing at the prime joke they think they have on the skipper of the Steamship Hans Egde and the people of Denmark.

While their yacht, the Boethia, was in Godhavn they were spoken by a vessel they believe the Hans Egde. Her captain signalled them to ask who they were and what took them so far north. Just as a jest, without a thought that the echoes of the prime joke they think they have on the skipper of the Boethia, were John Bradley, and his party on their way to Etah to get Dr. Cook's records.

Yesterday, much to the surprise of all the expedition, came from Copenhagen, word of the mysterious Swedish expedition. They are not much inclined to believe in it.

### Fort Wayne, Ind., Sept. 16.—A vat in a brewery here collapsed yesterday, while workmen were repairing its foundation. The vat contained 18,000 gallons of beer, which poured through the street. The workmen were caught in the rush and were with difficulty rescued from drowning.

The beer found an outlet in the sewer, which showed a head of more than three feet when it discharged the "suds" in the Maumee River.
