MILLIONS ARE EDUCATED BY TUBERCULOSIS EXHIBITS

Exhibitions, showing in graphic form the prevention of consumption, have been given in every state in the United States, except Nevada, Arizona, New Mexico, and Wyoming, and also in most of the Canadian provinces, and in Mexico, Porto Rico, and Cuba, according to a bulletin issued by the National Association for the Study and Prevention of Tuberculosis. The bulletin also shows that twenty-five states and sixteen cities have permanent traveling exhibits, besides the two operated by the national association itself, the total number of such displays being more than 200, including about 100 small school exhibits.

The first tuberculosis exhibit in America was shown by the Maryland Tuberculosis Commission in January, 1905. In 1908 there were four such exhibits. Today practically all of the larger cities of the country have such displays, and in twenty-five states comprehensive campaigns have been carried on with them. These exhibi-

its are visited annually by millions of people. The American tuberculosis exhibition of the national association is completing six years of continuous service, during which time it has been shown under three flags, in the United States, Mexico, and Canada, and has been displayed in twenty-one states, including every southern state east of the Mississippi, except West Virginia, Maryland, and Delaware. The western tuberculosis exhibit of the national association, just closing its season in Butte, Montana, has been shown in Illinois, Kansas, Nebraska, Missouri, Arkansas, Oklahoma, Colorado, Utah, Idaho, and Montana.

As a result of the general educational campaign through the various exhibitions on tuberculosis, millions of pieces of literature have been distributed; millions of people shown how to prevent consumption; and several states and cities have been moved to take legislative action against this disease.

All things may come to a man who waits—provided he doesn't wait in the path of an automobile. The fellow who simply sits down and hopes for the best is logical.

PRACTICAL TEACHING WILL BE INTRODUCED IN AN OTTAWA SCHOOL

A New Departure by Which Pupils Will Be Fitted for Business or Home Life—A Broad General Training

Ottawa, July 28.—Announcement is made of the opening on September 5 next, in the former Kent street school building, of the newly created school for higher English and the applied arts which, under the management of the public school board, will prepare more fully for duties boys and girls who have completed the ordinary public school course.

For several years the public school board has given some instruction beyond the fourth book by maintaining classes in different centres, collect commercial classes. They now propose to centralize them in the Kent street school. This school will not teach Latin, French or advanced mathematics and will therefore not prepare candidates for matriculation or teachers' examination as in the collegiate institute but will give a short and very practical course of two years. It will include a grounding in English composition, grammar and spelling, and an acquaintance with many of the masterpieces of English literature; a fair knowledge of British and Canadian history, commercial geography, arithmetic and algebra, bookkeeping, shorthand, typewriting, manual training, drawing and art work, household science, while there will also be a good literary society in connection with the institution. The school will fit candidates for positions as stenographers, typewriters or bookkeepers, merchants' clerks, clerks, clerical, civil servants, employees of real estate, lumber or wholesale offices or in fact, for any business position. It is designed to give a broad general training with some special instruction thrown in and to prepare a woman to make a home and manage it on business principles. It may be attended by the children of any public school supporter in Ottawa who have passed the entrance or promotion examination from senior fourth to commercial class for one year will be admitted to the second year class. Its privileges as regards fees and books, are absolutely free to public school supporters and this represents an educational movement. The school hours will be from 9 a.m. to 12 and from 2 p.m. to 5 p.m. Girls will have one hour a week for sewing and an hour and a half for cooking. A modern kitchen with individual equipment for twenty-four girls is being installed. The aim is to teach girls the simple things well, e.g. making soups, preparing meats and vegetables, and making bread. How to make the most out of a moderate income will be the motto of this department.

The sewing course will be immediately practical. Girls will furnish material and own the finished garments. The aim here will be to give a course that will teach a girl independence through thrift, skill, and economy. Two sewing machines will be installed, and each girl in turn taught their operation.

CANDIDATES TAKE PLACES IN ONTARIO

Liberals Line Up For Fray in Fighting Spirit—W. M. German and Lloyd Harris Will Stand by Allegiance

Toronto, July 27.—The Liberals of Ontario are rapidly getting into line for the coming term of struggle with the Conservatives. On August 1, the Liberals of South Lanark will meet at Perth. The East Northumberland convention will be held in the following day at Oshawa. The stalwarts of Brockville will convene to nominate Hon. George P. Graham. The Durham convention will be held on August 21. The East Algoma Liberals will hold their convention about the middle of the month, while the West Kent men will get together immediately after the house rises. The executives in a number of other ridings are now meeting to decide upon convention dates.

From present indications only one Liberal member of parliament for Ontario will be absent from the line-up when the fight begins in earnest. The absentee will be Robert Smith, M. P. of Stouffville, whose place will be taken by G. L. Goggin. For some time past it was feared his health would keep him away from the fight in Thunder Bay but the party organizers have received assurances that he will not keep his campaigner will again be a candidate.

Much interest centres in the situation in Brantford and Welland, the stronghold of Lloyd Harris and William Manley German, respectively. Both members have found that their stand in opposing reciprocity has not met with the approval of their supporters, but it is quite likely they will run under the Liberal standard again. Mr. German and Mr. Harris are staunch Liberals and have done a great deal for the party, and it is understood that the whole matter of their re-nomination will be left to the local Liberals.

BAND CONCERT ON FORT HOWE ENJOYED

That Fort Howe will be popular as a public park was demonstrated in a most convincing manner last night, when several thousand people gathered on the hill to hear the first band concert held on its summit. The St. John pipe band furnished the musical programme which was enthusiastically received by the crowd.

Further evidence of the attractions of this form of entertainment was shown in the crowds which listened to the concert given last night by the Carleton Cornet Band on the square in Carleton Place. The band in their rooms in Canterbury street, and by the Artillery Band on Charlotte street attracted appreciative crowds of listeners during the evening.

Eight Dead
Charlotte, N. C., July 27.—Eight are dead, sixty-nine seriously injured and twenty-eight partially paralyzed as the result of a head-on collision by a negro excursion train bound from Durham to Charlotte and a freight train in the Hamlet yards. The injured were brought to Charlotte on a special train. Many additional deaths are expected.

PARTIES UNITED IN ENGLAND AGAINST GERMANY'S DEMANDS

Determined Not to Surrender in Moroccan Affair—Premier Makes Impressive Statement in House

London, July 27.—The most pessimistic views regarding the acuteness of the Moroccan crisis were largely confirmed by the prime minister in the house of commons today, when with a manner as impressive as his words he read from a manuscript, which had been carefully prepared, a warning to Germany that Great Britain proposed to stand for what she considered her rights and to maintain the balance of power in Europe.

Further testimony as to the gravity of the situation is given by the fact that the prime minister obviously had taken the leader of the opposition into the government's confidence and Mr. Balfour's declaration was no less firm than Mr. Asquith's. The premier's statement was couched in diplomatic, though not reassuring language.

In promising the support of the opposition to the government Mr. Balfour said: "If there are any who supposed that we would be wiped off the map of Europe by a manuscript, which had been carefully prepared, a warning to Germany that Great Britain proposed to stand for what she considered her rights and to maintain the balance of power in Europe."

Mr. Balfour, strongly hinted at what is the general feeling that Germany might be able to take advantage of the crisis in Great Britain's domestic politics, in the belief that it was so absorbing to the country that the country would not pay attention to foreign affairs.

SONS OF ENGLAND GIVE RECEPTION

Sergeant Major Alfred Catlow, one of the members of the Sons of England Benefit Society, of this city, was tendered last evening an enthusiastic welcome by the members of the Sons of England Benefit Society, of which he is a member.

The programme consisted of the speeches by Sergeant Major Catlow, W. C. Allen, president of Portland Lodge, H. C. Green, district deputy, St. Stephen's, and songs by E. J. Punter, G. H. Lewis and R. Casson. Sergeant Major Catlow told in an interesting way of many incidents in the life of the soldiers which have not appeared in public print and spoke particularly of the fine building of discipline arranged by the dominion government at the Festival of Empire at Crystal Palace.

In the room in the palace 100 colonial troops sat down to dinner, presided over by General Sir Hamilton, to a most temperate and pleasant meal.

An efficient committee served ice cream during the evening, and the gathering did not disperse until a late hour.

MORNING NEWS OVER THE WIRES

It is believed that Lorimer Danike, of Mount Vernon, N. Y., and Miss Lillian Danike, daughter of St. Stephen's, who were married last night in a ceremony at the home of the bride's mother, who was later taken to the hospital, and it is feared that they met a watery grave, as no trace of them has been found.

According to a government report a bumper crop will be the order in Nova Scotia. The harvest will be light owing to the continued dry weather.

About \$75,000 loss was caused last night by a fire in the mill of the Crown Paper Co. at Cayuga, Ont. One man lost his life. Mrs. J. F. Barr, of Cleveland, was killed and her husband and Mr. and Mrs. Paul McMillan of Greenwich, Ohio, were seriously injured when their auto plunged down an embankment near Ashfield, Ohio, yesterday. They were on their way to Boston, Mass.

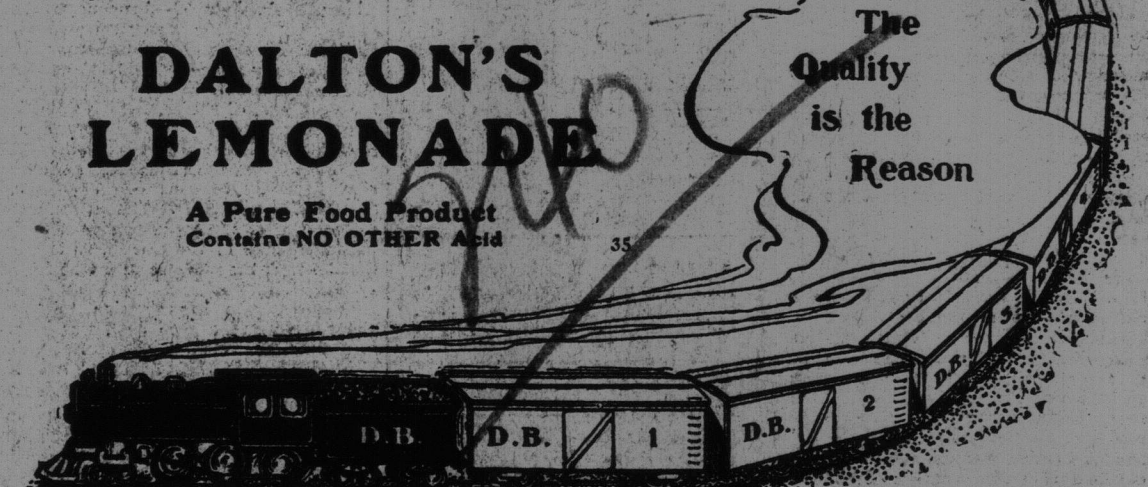

Irwin, Captain Heather, which left Port Morien, N. S., last Monday with a cargo of coal for Halifax, has been lost with all hands. A gale raged along the coast Monday night and Tuesday and she probably foundered with her crew of twelve.

Red Evening Gowns
Brilliant red evening gowns made their appearance during Coronation season in London and were seen here and there on women who have picked up the faded and to whom red is becoming. Red is apt to be trying, even by artificial light, to any but a flawless complexion. It has a way of showing up shadows and hollows and bringing out the harsh lines in the face. A most lovely red gown, however, was worn by a youthful matron at a country home party the other night. This gown was of Egyptian red chiffon veiling gold gossamer and a tunic of black, chiffon embroidered in flaming red poppies. The black poppy-crowned headdress, inlaid with gold, over the red-chiffon bodice and where the ends of the fichu were tucked in the back, was a charming touch. The gown was of black velvet and one long-sleeved and trimmed over the tunic. (From "dear Carrington" Fashion article), July Columbian.

If a woman cries after quarrelling with her husband, it's because she thought of something mean she might have said but didn't.

26 CARS OF LEMONADE

The Summer has only begun but already the merits of Dalton's Lemonade have sold more than enough to give a glass to every man, woman and child in Canada. Up to date, enough has been sold to make 10,437,000 glasses (over ten millions)—and over 860,000 bottles. Loaded on cars the quantity would make a train of 26 carsloads.

THE MAGIC WATER MAY CARRY GERMS

Rome Has a Problem That Would Puzzle The City Fathers of St. John

Rome, July 28.—Every visitor to Rome will remember the street cry of "Acqua Acetosa"—the "wonderful water," which wells up near the Tiber, not far from the Colosseum, and which is supposed to be a cure for all human ills. The water is at present in the throes of an "Acqua Acetosa" crisis, which affects more people than the government monopoly scheme. Some time ago the municipality considered that the mode in which the water was put into the city was unsanitary, and it was therefore decided to grant the spring from July 1 to a firm of dealers. Now, the spring is the property of the "Roman people," to whom old Prince Chigi, its former owner, long ago bequeathed it. His will, and for many years some 100 small vendors, called "acquasottari," have made a living by selling the water in the streets. The firm which has obtained the concession from the municipality has proposed to pay these vendors a fixed sum of 92 cents a day, pocketing the surplus profits, and increasing the price of the water to the public.

MORNING LOCALS

The many friends of Mr. and Mrs. John Orr, 38 Sewell street, will sympathize with them in the death of their six-months' old daughter, Ruth, which occurred at their home late last evening. Tenders for the proposed mortuary chapel and receiving vault were opened at a meeting of a committee of the trustees of the Berehill Cemetery Company held in the board of trade rooms yesterday afternoon. No action was taken yesterday and it is probable that another meeting will be held before the contract is awarded.

A farewell gathering in honor of Rev. A. F. Robb, of this city, and his wife will be held this evening at New Glasgow in the Cornhill church, of which Mrs. Robb is the retired pastor. Mr. and Mrs. Robb will leave in a fortnight to return to their home in New Glasgow, where they have been engaged in missionary work for the last ten years.

The summer school for boys will open in the Y. M. C. A. building on Monday with J. G. MacKinnon as teacher. Of the twenty-three applicants fifteen have already been accepted and the full number, which is limited to twenty, will be enrolled before the school opens. The sessions will be held from 8:30 a.m. to 1 p.m. with a half hour intermission for a swim in the bath tank.

The garden party given by St. Mary's church on Saturday last at the beautiful grounds of Mrs. James Foley, Loch Road, was a most successful affair. The unfavorable weather Saturday kept a large number away, and a better place was the altar of God. He thought the women should take a more decided stand in the affairs of the country, and for one thing, should stand united in the fight against the No Temperance.

William H. Gardner, of the editorial staff of the Newark, N. J., Evening News, and Mrs. Gardner and their daughter Miss Ruth Gardner, and Mrs. Gardner's mother Mrs. Nichols, arrived in the city yesterday. They crossed the bay on the Prince Rupert this morning.

The city engineer is inspecting the water pipe this side of the concrete conduit.

The Moroccan situation has not as yet occasioned any Germans in St. John to receive a call to return to the fatherland for service. There are a number here who are within the age limit.

Calloose Pierre Maris was arrested yesterday by Patrolman McNamee on a charge of assault.

Sympathy will be felt for Mr. and Mrs. John Orr, of Sewell street, in the death of their six-months' old daughter Ruth, who was within the age limit.

QUITE TRUE
"Worry wears out more people than work does," said the ready-made philosopher, giving his opinion on the subject of worry. "For the simple reason that so many of us would rather put in our time worrying about work than doing it."

DR. PUGSLEY ANXIOUS TO AID VALLEY RAILWAY FURTHER

Has Agreed to Recommend That Good Proportion of Cost of Larger Bridges Will Be Paid by Federal Government

Ottawa, July 27.—It is understood that an agreement has been made by Hon. Dr. Pugsley by which some of the bridge building on the Valley railway will be aided by the federal government. The aid will probably be given toward the larger bridges only and may amount to as much as twenty-five per cent of the cost.

GRAND MASTER SPEAKS AT ORANGE ANNIVERSARY

At the celebration of the 67th anniversary of the Orange Order, held at the West Side, several ladies were in the audience. W. G. Smith, W. M., presided. Among those who delivered addresses were P. G. M. Heine, of Moncton; J. B. M. Baxter, county master; Rev. Mr. Robinson and Grand Master Selton of the P. A. A. B.

MAKE THIS TEST

How to Tell if Your Hair is Diseased
Even if you have a luxuriant head of hair, you may want to know whether it is in a healthy condition or not. 98 per cent of the people need hair tonic. If the hair at the end of the roots is white and shrunken it proves that the hair is diseased, and requires prompt treatment. If it is lost, it will be replaced. If the hair is pink and full, the hair is healthy. It requires treatment to try to replace it. Hair Tonic is the only hair tonic that does not give unsatisfactory results. It is designed to overcome dandruff, relieve scalp irritation, to stimulate the hair roots, tighten the hair already in the head, grow hair and cure baldness.

It is because of what Rexall's Hair Tonic has done and my sincere faith in its goodness that I want you to try it at my risk. Two sizes, 50c. and \$1.00. Sold only at my store—The Rexall Store, Chas. R. Watson, 100 King street.

M. E. Grass and Ald. J. V. Russell returned home from Point de Chene last night, where he had been attending the annual executive meeting of the independent committee of the Independent Order of Foresters for New Brunswick. Reports were submitted at the meeting, which lasted two days, showing the order to be in a flourishing condition. It was decided to push the organization work in the province, and a meeting was held in Chatham last night in this connection.

The horse stolen from Reuben King, Johnston Road, has been found a few miles from Dorchester.

Damage to the extent of \$5,000 was done by a bad fire at Moncton last night. The fire which started in a stable conducted by J. R. Murray on the Brunswick Hotel premises, destroyed the barn. A building used for a warehouse was damaged and a barn belonging to the American hotel and occupied by Dr. L. S. Doyle as a livery stable was also damaged as was the rear of No. 3 fire station. A barn occupied by Coll. McDougall was burned. Murray lost three double and five single sleighs, harness, robes, etc. The damage is \$5,000, partly insured.
