

Feet So Sore Couldn't Walk Down Stairs--

TIZ Cured Her Quick

If you have sore feet, tired feet, sweaty feet, lame feet, tender feet, smelly feet, corns, calluses or bunions, read what happened to Mrs. Crockett of Jeffersonville, TIZ DID IT. Mr. Crockett says: "After the second treatment she walked downstairs, one foot at a time. She had not been able to walk downstairs before in past five years. She stepped down on each step with a foot at a time. This is remarkable. She has more boxes of TIZ under heaven's name than she can get relief from. TIZ is the only remedy ever made which acts on the principle of drawing out all the poisons and the conditions which cause sore feet. Pains and other remedies merely clog the pores. TIZ cleans them out and gives them clean. You will feel better the first time it's used. Use it a week and you can forget you ever had sore feet. There is nothing on earth that can compare with it. TIZ is made only by Walter Luther Dodge & Co., Windsor, Ont., and is for sale at all druggists, 25 cents per box.

AMUSEMENTS IN ST. JOHN; WHAT THE PLAYHOUSES OFFER

THE OPERA HOUSE. Miss Constance Crawley and her company of English players were seen at the Opera House last evening in a most interesting playlet "A Florentine Tragedy," by Oscar Wilde, and in a three-act fantastic comedy "The Romanesque" by Edmund Rostand author of "Chantecler." The first, although there were but three important characters, offered good opportunities for Miss Crawley and her talented leading man, Arthur Maude, to distinguish themselves; and they took advantage of them, to make a fine impression on the audience, which although only fairly large, was appreciative. Mr. Haggar and Miss Newcombe played their roles with effectiveness.

The comedy following was of a different sort from what has been the usual run in St. John, but it afforded much pleasure and brought many hearty laughs. The work of Mr. Kimball and Mr. Kelley as the fathers was clever, while Miss Crawley again added to her laurels in the role of the boyish sweetheart. Miss Campbell was winsome and captivating as "his" fiancee, while Mr. Maude portrayed the role of the blustering actor with admirable success. Tonight the play will be a repetition of "A Florentine Tragedy," to be followed by "The Taming of the Shrew."

UNIQUE. Modern ranch life, it is promised, will be depicted vividly and faithfully, with every attention given to detail, as the Unique Theatre today, when the Canadian company will be seen in their latest Western production, entitled "The Ranch Girl." The setting of the house in this play is said to be wonderful—especially in the scene where the noble animal rescues his master from a terrible death. No less interesting, but of a different order, is the story of rural life, "The Village Doctor." An exciting as well as an irresistibly funny case is shown in the Imp comedy, "The Skating Rink." It is described as a tale of a mix-up between a duke and an escaped convict, the former's antics in prison furnishing the comedy that is side-splitting in the extreme. Mr. Brandt, the pleasing baritone, is singing the novel illustrated number, "Chicago, Frisco, New York."

LYRIC. The attendance at the Lyric Theatre yesterday was particularly large and the audience witnessed one of the best programmes, taking everything into consideration, that it has been the pleasure of the management to present for some time. Of special interest is the Selig melodrama "Captain Kate." The hair raising fight between the leopard and the lion in this masterpiece, almost brought the spectators to their feet, and the applause that followed the presentation of the subject was tremendous. The other photo plays also seemed to give much pleasure. The vaudeville attraction of Everett, Shaw and Kirk proved very pleasing. Mr. Kirk's selections on the xylophone stamped the performer as a very clever musical artist, and he came in for much praise. The songs and dances of Everett and Shaw are all that could be desired in this line and repeated encores were demanded at every performance. The entire bill is an ideal one, and is especially adapted for the children when, no doubt, they will hold sway Saturday afternoon.

THE GEM. For the week-end bill at the Gem theatre Jack Morrissey has what is announced as a winning song, and the orchestra has some new numbers of effectiveness. The picture programme is featured with an Edison western drama, "The Hidden Mine," the captivating story of how a miner down on his luck found wealth at his very door when his cabin was burned by Indians—he found it was built on a hidden mine. There are times when the innocent suffer for the wrongs of the guilty and this phase of life is ably portrayed in the Biorhich Co's success, "The Sorrowful Example," the story of an unhappy wedded life caused by a drunken and brutal husband and the hardships he inflicts on his devoted wife. Sleeping poisons put into cups of tea at supper time are responsible for many hearty laughs in the Edison comedy success "Sleep-Gentle Sleep," wherein a household is sent on a trip to dreamland and a tramp takes passage in the same train all through the use of a little sleeping powder. Tomorrow a children's souvenir matinee will be given and school souvenirs will be presented.

THE STAR. The Star management announce that the remaining three performances of the Star Theatre, North End, will close an elaborate picture bill week for this little theatre. For the week closing, including a Saturday matinee, they announce the following:—"The Flag Didn't Rise," a Pathé military subject, and an interesting war story, "Jack Mason's Last Deal," is one of the Melies Star Film Company's dramatic dramas. "The Gambler's Chance"

GEORGE GIBSON, THE ONLY CANADIAN BORN CATCHER IN THE BIG LEAGUES

He was born in London, Ont., and is now attached to the Pittsburgh Pirates. The picture shows him perched on the edge of the visiting team's "dug-out" at the Toronto ball park, and at the moment he is rooting for the Pirates of his adopted country. Gibson is regarded as one of the best catchers in the major leagues. The game in which Gibson is using his lungs so well was an extra exhibition one between the Pirates and the Toronto, of the National and Eastern Leagues respectively. It resulted in a victory for the Pittsburgh team 4 to 2.

They have also arranged games with the Lowell team, the winners of the New England League, for Wednesday, Thursday, Friday and Saturday of next week. The Marathons were defeated in St. Stephen yesterday afternoon by the score of 14 to 2. Callahan pitched for the Toronto ball team, and at the moment he is rooting for the Pirates of his adopted country. Gibson is regarded as one of the best catchers in the major leagues. The game in which Gibson is using his lungs so well was an extra exhibition one between the Pirates and the Toronto, of the National and Eastern Leagues respectively. It resulted in a victory for the Pittsburgh team 4 to 2.

Ring Champion of Atlantic. New York, Sept. 8.—The news of the winning of a new championship pugilistic title and of a record in his twice being defeated in a day, were brought to port last night by the steamer "Mauritania." The new title is called "the lightweight championship," and it was won on Wednesday afternoon at sea off Nantucket by Dyer, a Harvard of the steamer, from Pacey, a sailor. The bout was for twelve rounds and was won in points. Dyer is said to have been once a lightweight champion of Australia. Hardly had Dyer attained his title, when he declared himself able and willing to take on any aspirant for it. Two other stewards signified their belief that the crown would better fit them than Dyer, and in turn the champion took the belt and defeated them handily. A liberal purse had been made up by the passengers, and this was divided among the four fighters.

A Draw. New York, Sept. 7.—Tommy Murphy of this city and Pat Moore of Philadelphia, fought ten fast and clever rounds to a draw at the National Sporting Club tonight. Both men weighed in at 139 pounds at 6 o'clock this evening.

Acquatic. Harry Vail, carman and coach was expected to arrive in the city today from Boston on route to his old home in Gagetown. He is now the coach of the University of Wisconsin crews.

Hockey. Percy Quinn, president of the Toronto Professional Hockey Club, which is to play a team in the National Hockey Association next winter is going to make things hum. He evidently believes in "strong blood." He has written a number of letters feeling out the amateurs, and one of them has just reached Don, the slashing rover of the "Cliffside Hockey Club, Ottawa, whose services last winter were very much in demand. Mr. Quinn without making any direct offer, intimates that he would like to secure Don's services. He makes it perfectly clear that Toronto is out to build up a champion team if possible and is anxious that Don should close ranks here at once. It is ten to one, however, that Don will stick to the amateur ranks for one more season. He had offers before last winter, the Canadians of Montreal offering him \$1,500 to finish out their schedule of about six games.

Lacrosse. Montreal, Que., Sept. 7.—President Murphy of Toronto, today announced his decision in the Montreal-National Lacrosse game, which was interrupted by the crowd's swarming on the field, Monday. It must be replayed.

It is foolish to doubt the practicability of a destructive campaign. Man has been too able, to destroy or destroy and beautiful creatures, whose tribes and species of them. He has wasted the innumerable great lions, and has made havoc among wild bees and birds. The wild pigeons that once clouded the sky over all these northern states have been destroyed. Moreover man has grappled with invisible germs of illness and repressed them within bounds. Surely he can in a few years make the fly a rare visitor and the rat a curiosity.

Against both there must be precaution and prevention as well as open fighting. A carefully kept stable, an open can of garbage, will muster millions of flies. Old houses and sheds and barns will domicile many rats. The first snug corner of a declining house tempts the scurrying but always courageous mouse.

It is easy to pass laws, of course. In this case probably education and example will be much more effective. The opportunity is open to teachers and preachers, to doctors and women's clubs, to all educated and careful people. Flies, and mice, and rats, etc. It is filthy and vile to have them about. They must be washed away. Destroying them from the face of the earth is not an heroic or wonderful act. It is merely cleaning house.

Does St. John want to go on the Finance Minister Foster to beg for crumbs? Or will it stand by the man and the government who recognize the claims of this national pest?

THE ART CONNOISSEUR. No splendid picture bids him pause outdoors, where all the air is pure. He gives the scene no heed because it hasn't any signature. —Washington Star.

Even if a man fights but one duel he has a second.

DURNAN OUTROWS HACKETT

Rainy River, Ont., Sept. 7.—Eddie Durman, of Toronto, jumped into the lead over Hackett, the veteran sculler of Rainy River, in a three mile race at Rainy River this afternoon, and finished six lengths to the good, never having been in trouble at any stage of the race. The contest was for \$2,000, and was the first of a challenge issued to Durman by Hackett some weeks ago. The course was three miles, with a turn at the time of the race the water was in the most perfect condition. Both men expressed themselves as well satisfied. MORNING LOCALS A Norman meeting being held at the corner of Coburg and Union streets was dispersed last night by a squad of police under command of Deputy Chief Jenkins. This spot has been a favored one for Socialist and other meetings, but the police have decided that in future there will be no more of these meetings. Mr. and Mrs. David A. Canada's total trade with all countries last year was valued at \$750,044,359. More than half of it, or \$404,137,940 was in trade with the United States. Does that fact lessen our loyalty to the Empire?

Do you want Mr. Bourassa to hold the balance of power in Canada, as he would do if Mr. Border won with his assistance? If not, vote for Dr. Pugsley and Mr. James Lowell.

RECIPROCITY AND PREFERENCE.

This talk of annexation is simply beneath the contempt and beneath the attention of serious people. We stand upon our manhood. We will trade with our neighbors and make a good thing out of it. And if they will not trade with us we can get along without them. If the British people change their fiscal policy and give us a preference we are ready to meet them. I say more: that the present arrangement is no interference, is no obstacle against it, and we will bring it in.—[Sir Wilfrid Laurier at Simcoe.

WHEN TORIES SIGNED AN ANNEXATION MANIFESTO

"When I hear the Conservatives, not only in this province but throughout the dominion, raising the loyalty cry I cannot help contrasting the condition of affairs which exists today with those which existed years ago when the leading Conservatives of the day signed that famous manifesto demanding of the mother country reciprocity with the United States and threatening annexation."

"That same manifesto which was sent over to England was signed right in the loyalist city of St. John by all the then prominent Conservatives of the day. "It may sound like ancient history," remarked the Senator, "but it was only sixty-two years ago. It was a business proposition then and not a question of loyalty. Matters reached such a state, in fact, that England in order to arrange matters satisfactorily asked Lord Elgin to negotiate a treaty for the Canadian provinces. The reciprocity treaty of 1854 followed and, strange to say, reciprocity, which today Conservatives fear will bring about annexation, resulted then in burying the annexation cry."—Senator G. G. King

Here's The Answer to Mr. Sifton

Mr. Sifton and others would have us believe reciprocity will destroy the east and west trade and ruin the railroads of Canada. But here is what a leading official of the Canadian Pacific Railway said in Montreal the other day:—"We have nothing to fear from reciprocity; it will undoubtedly tend to fill up the west and thus make more money for all the lines. Our road is as well managed and as able to hold its own as any railway on the continent. We are not afraid of competition from any quarter."

Here's One for Tory Flag-Wavers

(Rt. Hon. A. J. Balfour). "I do not doubt that Sir Wilfrid Laurier is quite glad to have good commercial relations, and desired to have good commercial relations, and properly desired to have good commercial relations with the United States. I do not quarrel with that at all,--- From speech in British Parliament.
