

honors, and are a credit to the Ontario Ladies' College. Four others are at present doing excellent work as undergraduates in the University, and two others have been transferred to another Canadian university in the city where their parents reside. Any college carrying students up to university studies, and placing them in a position to obtain advanced standing at the University examinations, deserves great praise, and should receive every possible encouragement in its important work."

President Loudon says:

"When visiting your College in June last year for the first time, I was agreeably surprised at the extent and excellence of your building and equipment, which should, I think, afford every accommodation for physical comfort and health of students. I have observed also with pleasure the creditable stand taken at the University examinations during the past few years by several students who had prepared the work of the first and second years of the Arts course in the Ontario Ladies' College. Without entering into detail, I may say that these candidates have mostly taken honor standing in modern languages, and that their success affords testimony to the efficiency of the instruction imparted by your staff."

It is due our College to draw the attention of this Conference to the fact that no other ladies' college in Canada has been able to make a similar University record.

Our Conservatory of Music affords the best facilities for the study of piano, pipe organ, violin, guitar, voice-culture and harmony. No expense has been spared in providing concert-grand pianos, comfortable practice rooms, etc.; but the most important provision is a large two-manual pipe organ, recently erected in the new concert hall. This organ has been specially designed to meet the wants of students desirous of fitting themselves to become church organists. Considering the great demand at the present day for competent lady organists, and the difficulty usually experienced in obtaining practice on a suitable instrument in a well-warmed hall, we take pleasure in referring to our superior facilities for organ practice, and trust that they may prove advantageous to many an aspiring student.

Time will not permit us to refer specially in this report to the Fine Art, Elocution, Commercial and Domestic Economy departments, except to state that they are just as thorough and efficient as the departments that have been referred to. Thanking the members of this Conference for the kind co-operation and support in the past, and trusting to prove worthy of the same in the future, we commend our College to the favorable consideration of all.

GEO. A. COX, *President.*

J. S. BARNARD, *Secretary-Treasurer.*

Moved by Rev. Dr. Lambly, seconded by Rev. G. H. Copeland, that we have listened with much pleasure to the annual report of the Ontario Ladies' College as presented by the Rev. Principal Hare, Ph.D. We rejoice to know that the attendance during the past year has been very gratifying both to the college staff and also to the Board of Managers. The solid and successful work done by this institution is evidenced by the entrance and achievements of its students in the University of Toronto. We
