PEACE OR WAR?

Hostilities Likely if Russia and Japan Do Not Reach Settlement by December.

Berlin, Oct. 17.—Negotiations between Japan and Russia, according to the view of the situation taken there, are not making progress. Neither side, it appears from official information, will yield on the essential propositions. Japan persists in requiring an agreement that shall now delimit their respective spheres of supremacy and Japan declines to consent to the general policy of "drift" under which Russian influence will, the Japanese say, steadily bear upon Korea and edge forward until the time is ripe for acquiring a part, or the whole country.

Russia's ever increasing military preparation in the Far East and Japan's nearly completed equipments are regarded as pointing either to settlement before December or to hostilities. Japan's orders for war material were placed in Germany a year ago, and since then have all been delivered or are afloat.

New York, Oct. 17.—A letter was received today from Simon W. Bartlett, captain of the ship Neptune, which is conveying an expedition sent out under the auspices of the Canadian Geological Survey to undertake the exploration and ascertainment of Arctic territory.

The expedition 54, it is said, to survey the land north of the British territory, and to take formal possession as far north as possible, rearing a British flag over lands heretofore looked upon as neutral.

The letter, dated Port Burwell, North Labrador, September 12th, which brings the first news of the expedition since its departure from Halifax in August, follows: "We are now at the extreme end of Labrador and on the morrow will leave for Cape Haven and Blacklead, in the Cumberland Gulf. We left Halifax on July 26th, 1904, and I hope to be in winter quarters by the 20th. I expect to connect with a New England steamer here about July 26th, 1904, with coal and supplies, after which I will proceed north along the Greenland coast, crossing over to Ellesmere Land, following the coast up Lancaster Sound, reaching by way of Pouchina and Gulf up Hudson Bay to winter quarters, land the Governor and his party and lay in a harbor at the mouth of Hudson Straits as late as possible, returning home via St. Johns. WHITTAKER WRIGHT CASE.

The Recorder Advised Grand Jury to Return True Bill Against Company Promoter.

London, Oct. 19.—The recorder in charging the grand jury at the Old Bailey today advised finding a true bill against Whittaker Wright, the company promoter, who was extradited from New York on July 19th to answer charges growing out of the failure of the London & Globe Financial Corporation.

Commenting on the "noble directorate" associated with Wright, the recorder said he hoped the facts which had been disclosed would serve as "a solemn warning to persons of high position against lending their names to commercial enterprises of which they had no practical knowledge, and in which they became the prey of wicked men, who by means of their names victimized the public."

ALLEGED MURDER ON ONE OF GULF ISLANDS

Rancher Gives Himself Up to the Police Who Are Now Investigating Affair.

Vancouver, Oct. 19.—News reached Vancouver this morning of an alleged murder on Tumbo Island, near Salt Spring Island, which occurred a week ago today.

A rancher of Mayne Island, whose name is unknown here, gave himself up to Constable Ego in connection with the crime. The dead man is Ben Wenzel, popularly known as "Jack the Ripper."

The rancher ran his sheep near Tumbo, where Wenzel lived, and started to take in a boat which he found drifting. Wenzel came out, asking him "what in hell he was doing there." The men had a fight, in which Wenzel was worsted. He returned to the cabin, opened fire on the rancher, and the latter fired back. Everything was then quiet, and the rancher went to Mayne Island and gave himself up. Wenzel's body was found with a bullet hole through the chest. Supt. Hussey is here investigating.
