we have lost several profitable customers, one of whom especially was a large purchaser of coal. Now they are using oil instead for fuel purposes and we have to find some other market for the coal."

Mr. Stockett urges that the tariff could be so worded as to admit crude oil free for the voters believe that a change in the content of the coal and the coal as to admit crude oil free for the coal. but not for fuel purposes, and curriculum, such as suggested, would be wants to see the matter taken up and the an improvement. Trustee Huggett Dominion government asked to reimpose a duty on oil for fuel. He claims that otherwise the coal industry of the province is laboring under a discovering the under a disadvantage and that an education for ordinary commercial that curtails the coal output life that course may be entered upon. Thus the pupil, when leaving the school, will have gualifications enabling him to commence life with many advantages. On the other hand should the student be ambitious to enter any of the professions, the opportunity of obtaining a start is

All these arguments and many others will be laid before the minister of educa-tion, and it is hoped that the government may be induced to authorize the request-ed alterations. Of course the school board is powerless to do anything more than recommend, and should the government decide that the proposal wo promote the efficiency of the High school system the trustees can obtain no satisfaction. The concensus of opinion, however, is that the proposal will be con-

WIGS AND ROBES TO BE DISCUSSED

PROPOSAL IS MADE TO ALTER THE RULES

Mr. Justice Martin Enters Protest.

A few days ago Stuart Henderson gave

about fifteen miles up from the where it empties into the Bulkley Torpedo boat No. 39, which was recently construed as lending to the dignity of the er. The coal is said to be of the best, has been staked for about six or the Victoria Machinery Depot undergoing which have been handed down from the earlier times.

In the letter to the attorney-general he

protests against the proposed amend-ment, "not only on the grounds that judges being federal officials, exercising judges being federal officials, exercising jurisdiction in provincial courts (except the Admiral court, which is federal), are parliamentary annals of our country."

Continuing, he says: "Personally I feel that to even formally propose such personal legislation is at once an indignity to the bench and a reflection upon the proposer. I had thought that sumptuary legislation had disappeared some cen-turies ago with the Blue Laws of New England, which are always cited as odious examples of abhorrent legislation which sought to restrain personal liberty even in the matter of apparel. Why these dead and buried laws should be exhumed I fail to see. Surely the existing permissive clause goes quite far enough, and there is no reason for seeking to resort to compulsion."

Ma Justice Martin says that he is strongly in accord, as are the majority of his learned brothers, in the opinion "that it is at once most inconsistent and

will be the great artery for carrying has always stood for the introduction of supplies into the interior so that work a practical High school course, is the Harelton

Sergeant Redgrave, of the city police sergeant Redgrave, of the city poince tion, carried unanimously at the recent convention of school trustees representing the different school boards of British Columbia, is to be submitted. It is appended:

Sergeant Redgrave, of the city poince force, who took the three boys convicted here of theft to the new provincial reformatory at Vancouver, speaks very highly of the institution, which, he says, is a vast improvement on the one that That whereas the present curriculum of has served the purpose for several years, pose a duty on fuel oil, which is becoming as serious factor in the competition against coal.

"Formerly," remarked Mr. Stockett; the preparation of the pupils for callings or accommodate all the incorporations in which the great made it imperative that the public school system should have for its ultimate object the preparation of the pupils for callings or rigibles this province may produce in

Resolved, that it is the opinion of this able, particularly the school room, which est discipline will be enforced.

> LACROSSE. TO SEEK ADMISSION.

At the annual meeting of the Tacoma club last week it was decided to follow Seattle's lead and seek admission into the proposed International Lacrosse League. It was at first intended to enter the old Northwestern League, which consisted of Tacoma, Seattle, Everett and Portland, but the fact that Seattle will probably be admitted into the British Columbia League, which comprises the cities of Vancouver, New West-minster and Victoria, would make the travelling expenses too heavy for the Tacoma lacrosse players if a league was organized with only Everett and Portland. New officers for the Tacoma club were elected as follows: President, W. H. Somers: viceand J. E. Wallace.

BASKETBALL.

SATURDAY'S GAME.

The match between the Fifth Regiment and J. B. A. A. teams on Saturday evening at the drill hall resulted in a win for the latter by a score of 28 to 18 points. It was witnessed by a large crowd. Play was
