not warmth in the light of the sun, and I was heated with clambering. So I stayed a full half-hour after my com
a groan, I should have left him to make one of them!

I had finished my dinner by the time up; and by this time his bowl held panion had vanished examining the ice about the schooner; which careful inspection repaid me to the extent of giving me to see that if by blasts of guning me to see that if by blasts o powder I could succeed in rupturing the ice ahead of the schooner's bows there was a very good chance of the I remembered that I had found some I remembered that I had found some mass on which she lay going adrift. Yet I will not deny that though I re-overhauling him for means to obtain cognized this business of dislocation as our only chance—for I could see little or nothing to be done in the way of building a boat proper to swim and ply

I forehead a discretization to use at the same and should not we have been imbedies to sacrifice these beauties?" he cried, viewing the watch and snuff-box with

of their becoming top-heavy by the claimed, continuing to eat very heartly. This block will make but a small berg to break the powder-barrels out of the wasting of the bulk that is submerged. should we liberate it, and I very much fear that the weight of the schooner There are tackles, I suppose?" will overset it the instant we are launch-

knitting his brows, whereby he stretched the scar to half its usual width, said I. "I counted four such yawns "what's to be done, then?"

"She is a full ship," said I and ice past the bows. I propose to sink weighty. If the liberated ice be thin the may sit up on it and keep it under these barrels twenty feet deep, where she may sit up on it and keep it under. We have a right to hope in that direction, perhaps. Yet there is another consideration. She may leak like a

"Why!" he exclaimed. "She took the ice smoothly; she has not been strained; she was as tight as a bottle before she stranded; the coating of ice would have cherished her; and a stout shin like this does not suffer from six months of lying up !"

Six months, thought I! "Well, it may be as you say; but if she leaks it will not be in our four arms they must be timed to burn an hour. to keep her free."

He exclaimed hotly, "Mr. Rodney, better." if we are to escape, we must venture something. To stay here means death in the end. I am persuaded that this far south and that it does not move. what is there, then, to wait for?
There is promise in your gunpowder proposal. If she capsizes then the proposal is the capsizes then the several proposal is the capsizes the ca savage flourish of the pannikin he put and splits in such parcels as they will be

His sullen determination that we she to receive." should stand or fall by my scheme was not very useful to me. I had looked for some shrewdness in him, some capacity of originating and weighing ideas; but I found he could do little more than curse and swagger and ply his said, "Do you propose that we should anecdotes and recollections and not a from a distance?" little of his courage. I pulled out my

that it was hard upon one o'clock. "Tis lucky," said he, eyeing the watch greedily and coming to it away rom the great subject of our deliverance as though the sight of the fine gold thing with its jewelled letter extinguished every other thought in him, the ship up." "that you removed that watch from Mendoza. But he will have carried

him, I fear." "His flask and tobacco-box I took away," said I. "He had nothing of

consequence besides." "They must go into the commonchest," cried he ; "'tis share and share,

"Ay," said I, "but what I found on tom of the sea."

"What of that?" cried he savagely. 'If we had not plundered the galleon, she might have been wrecked and taken all she had down with her. Yet should such a consideration hinder a fair division as between us-between | main ashore during the explosion?" you who had nothing to do with the

pillage and me who risked my life in preparations would mean a degree of I said, "Very well; be it as you am for the bold venture—prepare and say," appearing to consent, for there was something truly absurd in an altercation about a few guineas' worth He made another ugly face and in- Information on All Subjects. of booty in the face of our melancholy dulged himself in a piece of profanity Children Cry for Pitcher's Castoria.

and most perilous situation; though it | that was inexpressibly disgusting and not only enabled me to send a deeper mean in the mouth of a man who was glance into the mind of this man than used to cross himself when alarmed and I had yet been able to manage, but swear by the saints. But perhaps he made me understand a reason for the knew, even better than I, how little he bloody and furious quarrels which have had to expect from Providence.
