LIBERAL LEADERS Gathering at Ottawa to Assist in Cabinet Making.

The Men Who Will Probably Compose the Dominion Government.

Col. Domville Leaves for Home-Irish Catholies Indignant at Laurier.

Smith, liberal organizer for the province. All the gentlemen had interviews with the liberal leader before his was driven to Rideau hall. His interview with Lord Aberdeen was a repetition of the formal procedure in big. Capes of seed have been placed on the free list.

The only appointment appearing in the Canada Gazette tomorrow is that of Chief Justice Davie, administrator of the government of British Columbia, during the absence on leave of Lieutenent Georges. such cases, consisting of an offer on Lieutenant Governor Dewdney. the part of the governor general to estry, and Mr. Laurier's acceptance of Tarte, previously mentioned. the same. It is understood that Monfar as possible, be in the capital. In arranging his cabinet Hon. Mr. Lord Aberdeen's position. Laurier has no easy task. With a

plethera of good men it is not possible to satisfy all, and the new premier doubtless desires to give as little offence as possible. Mr. Laurier is taking matter pretty coolly, indeed it is a common subject of remark the nonchalant air he wears. This afternoon he lunched at Rideau club with Cartwright and Sutherland and on returning to the Russell house

had conferences with his trusty lieutenants, Cartwright. Mills, Paterson, Scott, Sutherland, Tarte, Borden, Fisher and others. The personnell of the ministry is well known approximately, but that the final slate will not be arranged until Mowat, Davies, Blair and Fielding reach here.

The Free Press (liberal) has this to say of the new government: From the east the names that meet with acceptance are Premier Blair of New Brunswick, Premier Fielding of Nova Scotia, Hon. L. H. Davies and Dr. Borden. The likely Quebec representatives are Hon. W. Laurier, J. I. Tarte, Sydney Fisher and Charles Fitzpatrick. The Ontario slate is the speculative one. The following is given as the probable list: Sir Oliver Mowat, Sir Richard Cartwright, Mr. Paterson, Mr. Edgar, Mr. Mulock, Mr. Lister and

must be filled up to form a full cabi-

the new cabinet are known to a certainty. There are ten men or more who cannot be left out, or who at least have been pitched upon to go in beyond all peradventure. In Quebec, for instance. Laurier. Tarte and Fisher are certainties for portfolios. Probably Joly is a fourth. Geoffrion will go in without portfolio. Fitzpatrick is apto be solicitor genparently In Ontario Mowat, Cartwright and Paterson are certainties, with a likelihood of Mills and Mulock or Edgar. R. W. Scott may come in as the Irish Catholic representative. For the maritime provinces Davies and Borden are sure, also Fielding if he will come. Blair is the likely fourth. For Manitoba Sifton is named as the man. For British Columbia Senator McInnes without portfolio, and possibly a controllership to one of the new members. It is generally thought that J. D. Edgar will be the speaker of the commons and Mr. deputy speaker. Senator Pelletier will probably be speaker of

the senate. Sir Charles Hibbert Tupper has decided to go to Halifax after the session and practice his profession there In all probability he will toin the legal firm of Borden & Ritchie.

A report was current today in the departmental buildings that a governor general's warrant had been issued for the purpose of paying salaries of the civil service, which fall due on the 15th inst. Enquiry of the auditor general failed to elicit confirmation of the report. Mr. MacDougall said such a warrant could only have issued on the advice of the late gov ernment, and he had not heard of it, while as for the new government, as they had not yet been installed, consequently no recommendation could come from that source.

Col. Domville left for New Brunswick today. It is understood that he has not received the offer of a seat in

Ottawa, July 10.-I am in a position to state authoritatively that parliament will not meet next week. The new cabinet will be sworn in Monday, and its first act will be to pass an order-in-council authorizing the issue of a proclamation for parliament to meet Wednesday, August 12th. Usually the session of parliament opens on a Thursday, but at the first session of a new parliament Wednesday is invariably chosen, so that the commoners may elect their speaker and the formal opening take place on the following day. If it be found that the proclamation can issue on the governor's or-

der then it will appear tomorrow. Evidently Mr. Laurier does not find it quite as easy to form a cabinet as the slate makers in Montreal made it appear a few days ago. There is seri-cus trouble respecting the English speking Catholic representation. The Ontario influence, specially from Toronto district, is dead against Scott or

in. J. K. Kerr, president of the On-tario Reform association, is here urg-ing this. This clique argue that as the Catholic vote went to the Conservatives the new government owes the Catholics no favors. All the same if R. W. Scott, a faithful party worker, is crowded out of the ministry there will be an awful row. The general belief is that Mr. Laurier will not ac-

but tomorrow will tell. Last week twenty-five members parliament were gazetted. This week the number is increased to 146, showing that the returning officers are sending in the writs promptly.

THREE CONOUERING HEROES.

Kidney Disease, Rheumatism and Stomach Trouble Conquered by the Three Great South American Remedies.

Prompt Relief for Every Sufferer.

Safety to the sufferer from kidney disease is in driving the poison from the system. Pills and powders, whilst tion. It has to be so by law, and until main in any one position for a length the statute is altered the entire list of time, Where other medicines accomplished nothing he secured imme diate relief from South American Kid-The Journal (independent) puts the new Cure. The soreness and weariness, matter thus: Of course the majority of after using the medicine, soon left him and today there is not a sign of the

trouble in his system. There is no question of the magical character of South American Rheumatic Cure. This remedy will drive the worst forms of rheumatism from the system. Mr Robert E. Gibson, of Pembroke, Ont., suffered untold mis- its scenery. ery. Doctors blistered him, and anplied every known remedy, but did no good. "The first dose of South American Rheumatic Cure," says Mr. Gibson, "gave me instant relief, and half a bottle cured."

The nervous prostration that comes to many women can be quickly overcome by the use of South American Nervine. This medicine attacks the nerve centres, which are the fountains of all health, and the disease banished from these the system can soon be built up. Mrs. M. Williams, of Fordwich, Ont, wife of the well-known field, manufacturer of that town, suffered intensely from nervous prostration for years, and seemed beyond relief of the two or three years, but my condition only got worse. I read of the wonders performed by South American Nervine me sufficient relief to encourage me to

pletely cured." THE STATE OF TRADE.

Bradstreets' Review of Business for the Present Week.

Ontario Crop Prospects Point to an Average of Recent Years-Montreal Business Dull.

New York, July 10.—Bradstreets tomorrow will say: The volume of business appears smaller than last week. Mercantile collec-tions are more unsatisfactory, and there is a disposition among jobbers to look more closely after credits. Wool is still further depressed. There is no improvement in the demand for fail business in woollens. Iron and steel industries reported a reduced demand even after the greatly restricted output, with prices practically unchanged and littile prospect for a revival for some itime. A portilion of the recent activity among the shoe manufacturers still continues, but the tendency is to fall off.

Butint cloths show an advance over last week; coffee, petroleum, iron, steel, coal and lumber are unchanged. The general tendency to the price movement is downward, the advance in prints being the result of the shut down at the east. More encouraging trade features include the opening of new prints for all delivery.

Advices from Toronito are that the feeling in general trade circles has improved slightly. Origino crop prospects point to an average of recent years.

At Monitreal business continues of a hand-to-mouth character and some orders for fall delivery have been cancelled. Few merchants there look for a general improvement in trade this season.

The total number of business faitures reported from the Canadian Dominion is 33 this week, against 25 last week, 30 in the week one year ago and 3 two years 350.

The bank deartings at Wannipog, Moutreal, Toronito, Hamilton and Halffax show some expansition as compared with a week 250, when the week was broken by a general election. disposition among jobbers to look modely after credits. Wood is still furth

P. E. ISLAND.

Annual Session of the Maritime Medical Association,

The Patrons of Industry Have Something to Say—Masonic Hall Co.—Temperance Men Transferred to New Brunswick.

Charlottetown, July 9.—This has been a busy week for pionics. Four of the Sunday schools have enjoyed themselves as well as the unsettled weather would permit.

The Patrons of Industry have been in session in this city during the week, and the address of the provincial president, Duncan Marshall, is spoken of as being excellent. Resolutions regarding the action of the provincial arliament in re the insane asylum and the poor house, and the heavy annual deficits, were unanimously passed, and the government called upon to remedy these evils as soon as possible. The platform committee reported, and it was decided to add no other planks for the present. The report was adopted. The election of offieers for the year resulted as follows Provincial president, Duncan Marshall, city; prov. vice-pres., Francis W. Hughes, Tracadie Cross; prov. sec. treas., D. J. Stewart, Alkens' Ferry; prov. trustees, John Woodside, S. M. Martin, A. K. Henry; prov. sentinel, Wilfred McDonald, Bradalbane; prov auditor, A. J. Matheson, O'Leary; R.

E. Mutch, Cherry Valley. The city is full of medical men at tending the Maritime Medical association, which is in session in the legis lative assembly room. Dr. Conroy the president, in opening the session reviewed the progress of medicine and surgery during the century in a very able address, at the close of which a vote of thanks was tendered. Dr Cushing of Boston delivered an address on ante-infection in obstetric cases, and it was discussed by Drs. Bell, McLeod, Daniel, Taylor, MacLaren, and Walker. Dr. G. L. Sinclair of Halifax read a paper on Paronia. Dr. McLeod a paper on Dietetics. Dr. Kelly on Puerperal Eclampsia. these papers were ably discussed. The members of the association attended an "at home" given by his honor the lieutenant governor and Mrs. How-

real, Dr. Cushing of Boston, Dr. A. Mc-Phail, Hamilton, and Dr. Bird. The P. E. I. Medical association met on Tuesday and elected officers for the year: President, Dr. James Warburton; 1st vice-pres., Dr. A. A. Allen; 2nd vice-pres., Dr. A. Murcheson; 3rd vice-pres., Dr. Hedley Secord; treas-urer, Dr. H. D. Johnson; secretary, Dr. S. R. Jenkins. The council consists of Drs. McLeod, Beer, Johnson,

lan. A large number were present.

The visiting doctors outside the prov-

inces are: Dr. James Bell of Mont-

Taylor, Conroy, Jenkins, McNeil. The first business of the Medical association today was to receive the report of the nominating committee, when the following officers were electthey give apparent relief, and thus decive the patient, do not eradicate the disease. The hard, sand-like particles Dr. G. L. Sinclair, Hallfax; vice-president for N. S.,

A telegram of sympathy was sent to Dr. Bayard of St. John. N. B., in his sickness. He was the first president of the association.

An interesting and highly instructive paper was read by Dr. MacNeil of Stanley, P. E. I., on The higher medical education the one qualification for Canada, and freely discussed by the brethren. From four to six the physiwere well pleased with the city and

> The temperance cause is losing heavily this summer by the removal of several of its ablest workers. The Revs. Spargo and Lawson are P. G. C. Templars of the I. O. G. T., and the Rev. Silas James a past G. chaplain, and the Rev. G. W. Fisher P. G. W. P., and P. most worthy chaplain of the S. of Temperance. Each of these gentlemen will be very much missed from the annual gatherings of these bodies New Brunswick gains them all, and will doubtless profit by the transfer.

THE C. P. R. IN LONDON.

How the Great Railway Company is Advertising Canada Abroad.

From Montreal Herald, July 2nd, 1896.) In a private letter received by a resident of Montreal from a friend travelling in Europe, the writer makes the following reference to the prominence the C. P. R. offices occupy in London, and to the efficient work the company is doing toward securing the better class of emigrants:

"Your men always manage to get their offices not only on the best streets, but in the very best location on the streets. Here in London the law holds. Darwinism tells us of the intversal and ever working law of selection in the animal and vegetable world. Though Darwin does not mention your company, I am fully persuaded in my mind that the most prom-

of the C. P. R. is that of selection. In of the C. P. R. is that of selection. In their raffways and steamship lines, in the strength, safety and durability of engines, coaches, stations, steamers, and in the heads of departments as well as in the officials and majority of the employees this wonderful selective principle is witnessed.

'Our Canadian people do not fully appreciate the vast influence and highly effective co-operative work of the C. P. R. in forwarding the cause of high class immigration. I am greatly

high class immigration. I am greatly pleased to find distributed, from their head office here in London, literature warning people against running to Ca-nada without means, suitable qualifi-cations for adapting themselves to the new environments, or friends in Canada who can help them to employment and otherwise.

"As a Canadian I was almost ready to cheer when I saw the flag of the Canadian Pacific railway floating over the large business house standing close to which is a fine statue of King Wuham, at the north end of London Bridge."

RHEUMATISM'S VICTIMS

AFTER SPASMODIC EFFORTS FOR A CURE USUALLY GIVE UP.

There is One Medicine That Has Cured Thousands After Other Medicines Had Failed A Released Sufferer Adds His Strong E dorsation of This Wonderful Remedy. (From the Trenton Courier.)

What an innocent sounding name ha rheumatism, and yet how terrible reality to the thousands who suffe with it. Doctors agree that rheumat ism results from poison of and deposits in the blood, but as to just how they can be reached and eradicated. would seem that their knowledge fails The usual treatment is a long series of medicines which may give temporary relief, but do not cure, and then the patient usually gives up, thinking that there is no medicine that will cure him. This is a mistake. Rheumatism is not an necessary evil, and because one is growing old it is not imperative that one should accept rheumatism as a natural accessory to advancing years.

There is a remedy for rheumatism despite the general belief that it cannot be cured—a remedy that has cured thousands of the most severe cases. A noted instance of the truth of this assertion which has just come to the knowledge of the editor of the Courier, is the case of Robert Francis, Esq. formerly of Trenton, now retired from business in Rat Portage. Ont., and still residing there. He has been a victim of rheumatism for over three years Last winter he visited his friends in Trenton, and was then contemplating a visit to the scuth in search of relief from his constant foe. He had to use a staff in walking and went at a slow pace. This Christmas he was here again on a visit to his friends, smart and erect, and without the stick or the so rowful look of a year ago. His Hon. R. W. Scott. The western representatives may include Hon. Clifford Sifton and Senator McInnes of British Columbia.

The distribution of portfolios is something that will not be touched till the entire cabinet list is perfected. The new government will be of the same number as the late administration of kidney disease, so severe that at times he could not lie down, or remarkable.

Dr. G. L. Sinclair, Halifax; vice-president for P. E. I., Dr. James Warbur, dent for P. E. I., Dr. James Warbur, ton, Charlottetown; vice-president for N. B., Dr. Geo E. Coulthard; treasurer, Dr. Geo. E. DeWitt, Wolfville, N. S.; secretary, Dr. Geo. M. Campbill, Halifax; local committee, Drs. J. W. Danish, 'Thomas Walker, Murray MacLaren, G. A. B. Addy and Dr. Still reside. For three years I have been a great sufferer from rheumafriends and acquaintances all accost been a great sufferer from rheumatism. I tried several highly recommended remedies to no purpose, as I continued to grow worse, till it was difficult for me to walk. I was for thirteen weeks confined to my bed at home and in the Winnipeg hospital. I was then induced to try the Mount Clement Springs. I took six courses of baths of twenty-one baths each without any seemingly beneficial result. I clans were driven around the city, and read of several cures in the Courier from Dr. Williams' Pink Pills for Pale Pcople, and friends who used them with benefit to themselves urged me to try them. I did so, and after a short time I felt an improvement in my condition. I have taken twelve boxes in all and my improvement has been con-

timuous and satisfactory, so that I need the cane no longer and I have increased my weight from 140 pounds to 175 by the use of Pink Pills. I am not entirely free from rheumatism, but I am a new man, one thousand per cent better than I was a year ago, and I attribute my health entirely to Dr. Williams' Pink Pills."

Dr. Williams' Pink Pills strike at the root of the disease, driving it from the system and restoring the patient to health and strength. In cases of paralysis, spinal troubles, locomotor ataxia, sciatica, rheumatism, erysipe because of personal affliction.

las, scrofulous troubles, etc., these pills

The Rev. W. H. Spargo left P. E. I. are superior to all other treatment. on Monday last for his new field of They are also a specific for the troubles which make the lives of so many women a burden, and speedily restore leaving Murray Harbor last week a low cheeks. DECEASED WIFE'S SISTER BILL.

London, July 9.-In the house lords today, the deceased wife's sister bill passed its committee stage. London, July 12.—The Times today, although it is opposed to the deceased wife's sister hill, admits that yester day's vote is likely to bring about its future adoption.

THE VISITING HARDWARE MEN.

The visiting hardware and nail men were given a sail up river Friday afternoon on the str. David Weston. They went as far as John O. Vanwart's house at Evandale, where supper was partaken of. The sail was much enjoyed by the party, the visitors declaring it one of the best they ever had. Everybody was pleased with the way they were treated at Mr. Vanwart's.

glad of. All the love letters I eve wrote to the widow are destroye Fligh-Are you quite sure of that? Showman-Quite. You see I never had the courage to send them to her .-

THE MARKETS.

Revised Every Monday for the Weekly Sun.

COUNTRY MARKET. All kinds of garden truck are cheaper. Old potatoes are in small supply and bring a higher price. The butter market continues dull and easy. Begs show no change. Meats of all kinds are without change. Cultivated strawberries were steady last week at our quotations. Native benues were scarce and brought 70 to 80c. per hf pail. Small shipments of provincial eggs are going to Boston. Some new potatoes are now in market at about \$1.50 per bushel.

THE UNITARIANS.

Opening of the Maine Conference at Farmington.

Farmington, Me., July 2.-The Maine Unitarian conference opened today's session with communion services. Judge Symonds presided at the business meeting. It was decided to continue the publication of the Church Exchange. After the reappointment of last year's officers and the appointments of committees, resolutions were adopted thanking the Farmington Unitarian church and society, and the Maine Central railroad, for privileges

Mrs. Georgia Pulsiver Porter of Oldtown read a paper on The Church and Young People, which was followed by a discussion. The day's exercises were closed by the taking up of a collection for the support of the dependent church at Presque Isle.

A mass meeting was held tonight, with addresses by Rev. E. E. Newbert of Augusta, Hon. J. O. Bradbury of Saco, Rev. J. L. Seward of Boston and others, which brought the conference

THE WEEKLY SUN.
