CAMP SUSSEX

The Board of Officers' Enquiry into the Injury Sustained by Private Corbett.

The Whole Rural Militia Will Likely be in Camp Next Year.

CAMP SUSSEX, July 6.—The heat today would be most oppressive were it not for the stiff breeze which has been blowing since morning.

The board of officers assembled to enquire into the injury sustained by Private Corbett of the 6th, held a sitting of about one hour this morning, and then adjourned until 5.30 p. m.

Major Armstrong was well pleased with his stay in the camp of the 10th Field Battery at Woodstock.

It is expected that arrangements will be made to drill the whole militia force of New Brunswick, exclusive of city corps, at Sussex next year.

The annual amount of fifty dollars, obtained for the privilege of keeping the canteen upon the grounds, was issued in a different manner this year, being handed over to the officers commanding the battalions at the rate of two dollars and fifty cents for each company.

A brigade after order was issued last evening too late to be forwarded with your correspondent's notes, ordering the camp paymaster's muster

parades to be held as follows: 6th Battalion at 10.30 a. m.; 7th at 2 p. m., and 7th at 3 p. m. today. The paymaster has found the names of two or three officers entered for pay for higher ranks, to which they have been gazetted within the past few weeks, but of which he has not yet received official notification.

The officers of the 6th and 7th Battalions will be examined in infantry questions at the brigade office at 4.30 p. m. today. The officers of the 7th Battalion were put through the examination by the commandant at 4.30 p. m. yesterday, and all acquitted themselves very creditably, it appears.

CAMP SUSSEX, July 7.—The weather today has been much the same as yesterday—not with a strong wind blowing.

Surgeon Lieut. Colonel Neilson, director general, medical staff, who arrived in camp yesterday, made a thorough inspection of the brigade medical equipment this morning.

Prizes were offered yesterday by Lieut. Colonel McCully to the N. C. officer having the best tent in each company of the 7th. The following N. C. officers won, each getting a copy of the Life of Thomas McKean: No. 1 company, Corporal Ward; No. 2 company, Sergt. King; No. 3 company, Lance Corp. Mersereau; No. 4 company, Corp. McNaughton; No. 5 company, Color Sergt. Gray.

The annual amount of fifty dollars, obtained for the privilege of keeping the canteen upon the grounds, was issued in a different manner this year, being handed over to the officers commanding the battalions at the rate of two dollars and fifty cents for each company.

Orders were given during the day to start the Philadelphia for Hawaii, carrying Admiral Miller with a notice of the action of the United States government on the annexation question and directions to Minister Sewell to take formal possession of the islands in the name of the United States.

The Hawaiian legation here has taken steps to get the earliest news to Honolulu through telegrams to the Hawaiian consul at San Francisco, who will dispatch them on the Coptic today.

Gen. Miles, accompanied by the entire staff of army headquarters, left at 10.43 tonight for Charleston, S. C., where the party will embark for Santiago.

The party consists of General Miles, General J. G. Gilmore, adjutant gen. C. R. Greenleaf, surgeon, Lieut. Col. J. W. Clews, M. C. Mass and A. S. Rowan; Major John D. Black, and Capt. H. W. Whitney. Lieut. Col. Michler and a large staff of headquarters clerks, who have been in Tampa,

WASHINGTON, July 7.—The president called a council of war today to meet at the White House, the purpose being to review the situation and learn exactly what the present conditions are and what changes, if any, should be made in the plans for the conduct of the war.

On the eve of his departure Gen. Miles expressed satisfaction in starting to join the troops. He spoke of the hardships he had passed through recently and of those yet to come. The climate has operated severely against the general officers, and Gen. Miles feels that he, too, is not entirely invulnerable in a country of heat, swamps and disease.

The war department admitted for the first time today that two Cuban expeditions, one on the Florida and another on the Florida, had successfully proceeded from Florida ports to points in central and western Cuba.

MANILA, June 30, via Hong Kong, July 7.—There is no material change in the aspect of affairs here. The Spaniards are strongly posted about the outskirts of the town and also along the whole length of the coast of the water works, eight miles inland.

The insurgents have never employed cannon before Manila, but they are now bringing up sixty guns, with the intention of making a simultaneous rush upon the Spanish entrenchments at Santa Mesa, Santa Ana and Malate, thus rendering the other positions of the Spaniards untenable.

The American troops are expected here momentarily, and then possibly they will be a quick finish of the war. The insurgents in the large camps at Malabona, Calocan, Francisco, Manuana, San Pedro and Paranaque are in excellent spirits and perfectly orderly.

Gen. Monet, the Spanish commander at Macabobo, has been ordered from there in a canoe, bringing with him the family of Captain General Augustin from Macabobo, where the captain general sent them when the American sentry arrived here, believing that the natives of that part of the country were loyal.

Gen. Monet had a terrible voyage. He ran the gauntlet of the insurgent troops along the river banks, and when challenged replied by pretending to be in an insurgent boat conveying prisoners to Cavite. He was frequently ordered to stop, refused to do so, and was fired upon by sentries, was chased, and reached the open bay in a small boat.

A river steamer from Bulacan today ran the blockade, bringing two hundred refugees, women and children. The Spaniards are employing gangs of thieves, armed with axes and machetes, to destroy the woods in the outskirts of Manila, under Spanish overseers with horsewhips.

The authorities have declined to accept the suggestion to declare Binondo in a neutral zone, and the inhabitants of that place must defend their lives or sacrifice everything. It is hinted privately that it might be required to destroy the town for the sake of the citadel.

MADRID, July 7, 7 p. m.—A cabinet meeting lasting three hours and presided over by the Queen Regent,

was held this afternoon and another meeting of the ministers, at which Premier Sagasta will preside, will be held tonight. The newspapers here say they foresee international complications if the Americans bombard the Spanish coast.

The despatches announcing the destruction of the Spanish cruiser Reina Mercedes at the entrance of the harbor of Santiago de Cuba are not believed here on the ground that the Reina Mercedes was nothing more than a bulk and that it was impossible to navigate her. It is claimed here that the Spaniards must have sunk the Reina Mercedes themselves in order to block the entrance of the harbor.

NEW YORK, July 7.—The following cablegram was received by Stephen Barton, from Miss Clara Barton today: SIBONEY, July 4, via Playa Del Este, to Barton, New York.

Gen. Shafter's front in the night for work clothing for refugees was leaving Santiago by the thousands, starting on July 7. The State of Texas has gone to Port Antonio for coal to save her. She will return tomorrow. Are sending supplies to refugees, all we can from both camps, by any means, but it is nearly impossible to land supplies, high tides, no stand in the surf, our ship yards cannot broken flat boat which our men drag ashore in the surf, vast deep. No transportation.

Wounded men taken from our operating tables are laid on ground, often without blankets or shelter from rain or sun. As they die their clothing is taken from them and thrown away. I have seen one yet captured Santiago. But it is becoming clearer even to the Spaniards that an undue prolongation of the war will only be playing into the hands of the Carlists.

EL CANEY, near Santiago de Cuba, July 6, 4 p. m., by the Associated Press Despatch Boat Wanda, via Port Antonio, Jamaica, July 7, 10.45 a. m.—Between twelve thousand and fifteen thousand innocent victims of the war have fled here in wild panic to escape the horrors of the threatened bombardment of Santiago, and they are now threatened by the horrors of starvation.

ONTARIO NEWS

Lord Stradbroke Will Accompany the Artillery Team to This City.

OTTAWA, July 5.—The strike of the workmen of the Canada Atlantic and Parry Sound railways terminated tonight. Both conceded to the men an increase of ten cents per day, making one dollar and ten cents, and a reduction in the rent of dwellings.

The reduction of 25 per cent in the tariff of duties expires on the 30th inst. as far as Belgium, Germany and the favored nation countries is concerned, the 30th being the date last year upon which the German-Belgium treaties were denounced.

The customs department has not received the trade returns for the fiscal year ending June 30, but a draft statement shows a very large increase in imports has caused the revenue to exceed that of the previous year by about \$2,000,000.

OTTAWA, July 6.—The department of trade and commerce is sending a circular to the boards of trade calling attention to the South African industrial exhibition to be held at Grahamstown, December 15th to 21st January next. Parliament voted \$5,000 last session to encourage the South African trade. It is expected this will be utilized for the forwarding of exhibits.

PHILIP Hebert, a well known French-Canadian sculptor, is here today seeing the government in reference to his design for the statue of the Queen for Parliament Hill. The model is a beautiful character, but the price, \$35,000, is considered too high.

TORONTO, July 7.—The Evening Telegram's London cable says: Peterson of the Peterson-Tate syndicate denies that the Atlantic project is not a failure. He says that it is the first place the Canadian government had sent a man like Fielding to England instead of Dobell it would have been a sure success.

OTTAWA, July 7.—A letter received from England says Lord Stradbroke, president of the National Artillery Association, will accompany the British team, which sails for Canada on August 18. The competition begins at St. John about 1st September.

Advantage reports show an increase of two millions in revenue for the last fiscal year, which ought to give the consolidated fund a surplus of one million.
