**The Case of a Young Lady in Smith's Falls Who Suffered Severely—Given up by Two Doctors—Dr. Williams' Pink Pills Have Restored Her Health.**

From the Smith's Falls News.

Many cases have been reported of how invalids who had suffered for years and whose case had been given up by the attending physician, have been restored to health and vigor through that now world-famed medicine, Dr. Williams' Pink Pills, but we doubt if there is one more startling or more convincing than that of Miss Elizabeth Minshull, who resides with her brother, Mr. Thos. Minshull, of this town, an employee in Frost & Wood's Agricultural Works. The News heard of this remarkable case, and meeting Mr. Minshull asked him if the story was correct. He replied: "All I know is that my sister had been given up as incurable by two physicians. She is now well enough to do any kind of housework and can go and come as she pleases, and this change has, it is my honest conviction, been brought about by the use of Dr. Williams' Pink Pills. Mr. Minshull then related the following story to the News:—"My sister is twenty years of age. She came to Canada from England about ten years ago, and resided with a Baptist minister, Rev. Mr. Cody, at Sorel, Que. In April, of 1896, she took ill and gradually grew worse. She was under a local physician's care for five months. The doctor said that she was suffering from a complication of nervous diseases, and that he could do little for her. The minister with whom she lived then wrote me of my sister's state of health, and I had her come to Smith's Falls, in the hope that a change and rest would do her good. When she arrived here she was in a very weak state and a local physician was called in to see her. He attended her for some time, but with poor results, and finally acknowledged that the case was one which he could do very little for. My sister had by this time become a pitiable object; the slightest noise would disturb her, and the slightest exertion would almost make her insane. It required someone to be with her at all times, and often after a fit of extreme nervousness she would become unconscious and remain in that state for hours. When I went home I had to take my boots off at the door-step so as not to disturb her. When the doctor told me he could do nothing for her, I consulted with my wife, who had great faith in Dr. Williams' Pink Pills, as she knew of several cases where they had worked wonderful cures, and I concluded it would do no harm to try them anyway, and mentioned the fact to the doctor. The doctor did not oppose their use, but said he thought they might do her good, as they were certainly a good medicine. In September of last year she began to use the Pills, and before two boxes had been used, she began to show signs of improvement. She has continued their use since and is to-day a living testimony of the curative power of Dr. Williams' Pink Pills." Mr. Minshull has no hesitation in sounding the praises of a remedy that has worked such a change in the health of his sister and cheerfully gave the "News" the above particulars, and when asked to do so most willingly signed the following declaration:

SMITH'S FALLS, Sept. 11th, 1897.  
I hereby make declaration that the statements in above as to the condition of my sister, and the benefit she received from the use of Dr. Williams' Pink Pills are absolutely correct.

THOS. MINSHULL.  
Witness, J. H. Ross.
