DORCHESTER.

[Progress is for sale in Dorchester at George M. Fairweather's store.]

DEC. 31.—There does not seem to be much to write about, though one would imagine that the holiday time ought to furnish many items of interest. The festivities are chiefly of a family nature, and the outsider has no part therein.

I saw two familiar faces in church on Christmas day, those of Mr. J. Roy Campbell, of St. John, who has been spending the week at the Keary, and Mr. A. Kortright Steeles, who arrived last Wednesday evening and stayed until Monday night.

Mrs. Bent, of Amherst, spent Christmas with her father and mother returning home on Monday.

I wonder why people choose Christmas as the time to gather around the "home place" in preference to any other. It seems a certain custom, but a very charming one; yet if we were like our Australian brethren, and had it in the summer it would certainly be pleasanter. 'Tis hard to be jolly when one's energies are devoted to keeping from freezing, but we must needs make the best of it.

Mrs. Shreve, with her son and daughter, spent Christmas with friends in Moncton.

Mr. M. G. Teed went to Fredericton on Thursday night, returning on Saturday.

Mr. Percy Forster spent Christmas in Richibucto, where Mr. John S. Forster, with his two little sons, now is.

A detachment of our political lights went to Moncton, on Friday, to attend the Laurier meeting. Sheriff McQueen and Messrs. H. R. Emmerson, S. K. Wilson, J. W. Y. Smith, and H. Wallace, represented the "Corner" I believe.

Mr. A. DeW. Howard, of St. John, spent Sunday and Monday in town.

I regret to say that the New Year is going to deprive us of two more of "our girls." Miss Sadie Forster is to leave for Windsor on the fifth, where she will be a pupil at the new church school, and Miss Nellie Palmer goes to Sackville to attend the Ladies' Academy.

Mrs. Goodsell invited a few young people to the rectory on Monday evening, the first and only event of the week. They enjoyed a very pleasant evening, but ces va sans dire.

Dr. Church paid his old home a short visit on Saturday, too short to please his friends.

Mr. Gesner Kerr spent Monday in Moncton, returning on Tuesday.

Mrs. Joshua King went to St. John, on Wednesday evening, to spend Christmas.

It is pleasant to hear that we are enjoying "an old-fashioned winter!" If this is the sort of thing our unlucky ancestors had to put up with, they have my sympathy. The modern article is good enough for me. THYME.

SACKVILLE.

[Progress is for sale in Sackville at C. H. Moore's bookstore.]

DEC 30.—The Misses Estabrooks know what takes with the young people. They treated them to a jolly little dance, on Christmas night, which was just the thing, as every one was in a dancing humor. Among those who were not slow to get there, were Mr. and Mrs. F. MacDougall, the Misses Black, Miss Ayer, Miss L. Fawcett, Miss R. Knapp, Miss M. Rannie, Mr. Lane, Mr. Saunders, M. F. Rannie, Mr. Norman.

There were as usual a number of private family gatherings on Christmas day. I noticed a gay party wending their way to that hospitable mansion situated at "Acacia Grove."

There was also a family dinner at Mr. Christopher Milner's "Thorne Cottage."

Mr. and Mrs. T. A. Kinnear, while driving home from Westmorland on Friday, met with what might have been a serious accident. In turning the corner opposite the Merchant's bank, the runner of the sleigh ran against some stones with such force that Mrs Kinnear was thrown out; but beyond a severe shaking, I believe Mrs. Kinnear escaped uninjured.

Mr. M. G. Lane found his way to Sackville on Thursday.

Among the missing on Christmas day were Mr. B. E. Patterson, Mr. H. Dickson, Mr. Foster, Mr. Murray, and Mr. Kirkpatrick. They returned the next day, much to their disgust, I daresay.

Dr. R. K. Andrews went to Halifax on Tuesday.

Mr. and Mrs. R. C. Borden were in town last week, the guests of Dr. and Mrs. Borden of the Academy.

Mr. Binnie was in town on Monday.

Miss Daisy Wood is home for her holidays.

Mrs. Tupper, of Halifax, was in town last week on her way to St. John to spend Christmas.

H. C. Thorne, son of Dr. Thorne, spent part of last week with his parents, and left Saturday for the celebrated hunting grounds at Canaan, Queens Co., where he will join some friends to try their luck at moose hunting before returning to the University at Fredericton.

C. C. Macdonald, formerly of Pictou, but now of Halifax, spent Wednesday in town.

I noticed the manly form of Mr. H. Knapp the other day. He returns to school at Wolfville, N. S., after the holidays.

Dr. Thorne, Capt. Moore and Dr. Inch went to Moncton on Friday to attend the political meeting.

Master Hoodie Milner delighted the hearts of his juvenile friends by treating them to a gaily decorated Christmas tree on Christmas eve. This is the first thing of the kind I believe he has ever invested in.

Mr. Norman spent last week in town.

Dr. and Mrs. D. W. Borden, and Miss Borden went to Moncton on Wednesday to spend New Year.

Rev. W. E. Wall and little daughter spent a few days in St. John last week. We are sorry to hear that it is only too true that Mr. Hall is forced to resign his pastorate here. The climate not agreeing with his health, I understand he has accepted a church in Halifax.

Mr. and Mrs. J. F. Allison spent Sunday in Dorchester.

Invitations are out for a party at Miss Maud Read's, New Year's night. COPPERFIELD.

MARYSVILLE.

DEC. 31.—We are again called to mourn the loss of another friend, Mrs. Jas. Robinson, who died at her father's residence, Mr. G. Foster, on Saturday evening, 27th inst. Deceased had been suffering from that dreaded disease, consumption, for some months, but her friends were very hopeful until a few weeks ago. Mrs. Robinson was a general favorite, having lived among us the greater part of her life, and had by her kind and thoughtful manner, endeared herself to us all. She leaves a sorrowing husband and little child. Rev. Mr. Chapman held a very impressive service at the house on Monday evening. Christmas, this year, was very quiet, there seemed to be no amusement of any kind, except for a few who indulged in an afternoon sleigh drive.

A WONDERFUL DISCOVERY.

A Canadian Druggist Makes a Discovery Rivalling that of Dr. Koch.

The civilized world has recently been deeply agitated over the announcement that Dr. Koch, an eminent German physician, had discovered a lymp for the cure of consumption. This discovery has been heralded throughout the world, and is looked upon as one of the greatest achievements of modern medical science. Of equal, if not greater in importance, is a discovery made by a well-known Canadian druggist, which, while it does not pretend to cure consumption after the lungs have been affected, is offered with every confidence as a preventative of that disease. Medical testimony bears out the satement that more than two-thirds of the cases of consumption, occuring in this country annually, are of catarrhal origin. The trouble one sufferer a cold in the head, which if not treated as a light matter, ame invariably quently neglects. This in turn mucous membrane becomes thickened, profuse discharge developes into catarrh, the inflammed and hardened, and there is a matter from the of watery and poisonous poisonous secretions nostrila, or else the hardened. A remedy that will prevent these in death. us consequences must be regarded disastrous soon to mankind, and, as already as a fact, such a remedy has been discovered stated Canadian druggist. There is no case by cold in the head which it will not instantly relieve and permanently cure. Do not, for an instant neglect a cold in the head, but, by its prompt treatment, you will prevent its developing into catarrh—the second stage on the road to the grave. If, however, catarrh has already developed, the use of this great remedy will prove equally beneficial, as it affords speedy relief, and will effect a certain cure even in the most aggravated cases, if persistently used. It removes the secretions, frees the clogged nostrils, and sweetens the breath, stops the inflammation and thus saves the lungs and prevents the disease developing into consumption. This great discovery is known and sold throughout the country under the name of Nasal Balm. It is a positive and certain cure, and the thousands of testimonials in the hands of its proprietors prove that it is all they claim for it. It is sold by all dealers, and every sufferer from cold in the head or catarrh should use it.—*Advt.*

He would please, she hoped, permit her to have her preference in the matter. The dreadfully blond clerk, somewhat nettled that one so young should presume to oppose his experienced taste in baby carriages, carried the argument still further, and after insinuating that he had been in the business long enough to know what was appropriate and stylish, he suggested to the girl that her mother should come and select her own baby carriage.

"My mother," exclaimed the girl; "what do you mean? What has my mother got to do with it?"

"Why," said the clerk, "the carriage is for your mother's baby, isn't it?"

"No," responded the girl wile curtly, tossing her head as she spoke: "it's for my own baby. The blond clerk blushed violently for several seconds, and then said in a mild voice that he could have such a carriage as the young lady desired made to order. —*N. Y. Sun.*

Cause For Alarm.

The great frequency with which pale, sallow and enfeebled girls are met now-a-days is cause for genuine alarm. The young girls of the present generation are not the healthy, robust, rosy lassies, their mothers and grandmothers were before them. Their complexion is pale and sallow or waxy in appearance, and they are the victims of heart palpitation, ringing noises in the head, cold heads and feet, often fainting spells, racking headaches, backaches, shortness of breath, and other distressing symptoms. All these betoken chlorosis or anæmia—or in other words a watery or impoverished condition of the blood, which is thus unable to perform its normal functions, and unless speedily enriched with those natural remedies which give richness and redness to the blood corpuscles, organic disease and an early grave is the inevitable result. Is not this prospect sufficient to cause the gravest alarm? Mothers are your daughters suffering from any of the symptoms indicated above, or from any of the irregularities incident to a critical period in their lives? If they are, as you value their lives do not delay in procuring a remedy that will save them. Delays in such cases are not only dangerous, but positively criminal. Dr. Williams' Pink Pills for Pale People is a remedy compounded especially to meet such cases. These pills are not a patent medicine, but a remedy prepared with the greatest care for the formula of an experienced physician, who has used it for years in his daily practice with unvarying success. These pills are especially rich in those constituents which stimulate the blood and give it that rich, red color necessary to preserve health and life. They are in all cases a never-failing blood-builder and nerve tonic, acting upon the system in a natural manner and restoring health and strength to all who suffer from a watery or depraved condition of the blood or from any of those weaknesses peculair to females. Dr. Williams' Pink Pills are sold by all dealers, or will be sent post paid on receipt of price
