Be Careful What You Wash Your Hair With

Don't use prepared shampoos or anything else, that contains too much alkali, for this is very injurious, as it dries the scalp and makes the hair brittle.
The best thing to use is just plain unperfumed coconut oil, for it is pure and entirely germicide. It's very cheap, and beats anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.
Simply massage the hair with water and sub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

WESTERN UNION CO. STATES POSITION

President Carleton Says If Government Takes Lines It Will Not Permit Employees To Belong To An Outside Union.

Special to The Standard.
New York, July 4.—In order that employees may have a full understanding of present conditions it seems proper for me to say that on the eve of the formation of a Western Union Employees' Association the government is considering taking over the telegraph lines because of the threat of an outside organization without membership in our forces.
No one would pay any attention to such a threat were not the nation at war. It is therefore pertinent to call attention to the government's point of view on outside unions as expressed by Postmaster-General Burleson before the house committee on Tuesday last as follows:
"I have never opposed the government employees organizing, but if the telegraph and telephone lines are taken over by the employees, they will be affiliated with any outside organization. The sole affiliation should be with the government and no outside organization should be allowed to influence their action."
From the foregoing it would appear that the policy of the company is precisely that of the Postmaster-General. When your association is formed it is proposed that the company make an exclusive contract with it under which the company will deal with the association in matters relating to wages, condition of employment, sickness, benefits, pensions, life insurance and any other matters affecting the interest of employees.
Meanwhile you may be urged to do something foolish by self-seeking individuals who hope to improve their own position, and such an individual representing a small union of about 2,500 members, largely Canadian, proposes on his own authority to call you loyal men and women of the Western Union from your work in order to defeat the association which you are about to form.
"I am confident you will answer this attempt by an additional demonstration of your loyalty to your government by continuing at your post of duty without fear of criticism by right minded people."

ROBBERS BLOW OPEN BANK NATIONAL SAFE AT SCOTTS, QUEBEC

After Obtaining Large Sum of Money They Make Their Getaway in An Automobile.

Quebec, July 4.—A band of robbers entered the village of Scott's, shortly before three o'clock this morning and robbed the branch of the Bank National of a large amount of cash. The village was asleep when shortly before daylight half a dozen men entered the place in an automobile and after little difficulty succeeded in entering the bank building.
A charge of nitroglycerine was injected into the safe door and touched off. The sound was partially deadened by sacks piled near the safe. The robbers had no trouble in making their getaway. There is a theory that the men came from the New England States, although it is possible they belong in the Montreal district. The police of many places have been notified of the robbery.

THE CANADIAN APPLE PROSPECTS POORER

Slight Falling Off Shown in Report For June — Less Than 400,000 Barrels For N. S.

Ottawa, July 4.—The fruit crop report for the month of June just issued by the department of agriculture, indicates a slight falling off in prospects of the Canadian apple crop with the previous report issued just after the blossoming period. Reports from Nova Scotia are not optimistic and it is doubtful if the yield will reach four hundred thousand barrels against seven hundred thousand last year.
In Ontario the best prospects are in Prince Edward county, Georgian Bay and in the western counties.
In these districts the yield, while considerably better than last year, is much greater than last year. Early varieties give greater promise than late ones.

SALMON CREEK COUPLE MARRIED FIFTY YEARS

Mr. and Mrs. W. J. Higgins Centre of Party of 200— Couple Get \$225.

Chipman, July 4.—What proved a particularly joyous occasion was the celebration of the 50th anniversary of the wedding of Mr. and Mrs. W. J. Higgins at their home at Salmon Creek on Tuesday, June 25th when friends to the number of 200 gathered and showed them with congratulations and expressions of good wishes for many more years of happy married life. Both Mr. and Mrs. Higgins are in the best of health, and bid fair to realize the wishes expressed by their friends. Tables, beautifully decorated, were set on the lawn, and the guests enjoyed a very sumptuous repast. Shortly before leaving Rev. E. E. Alcott, and Rev. D. Price, spoke a few words of congratulatory wishes on behalf of the assembled guests, and Mr. and Mrs. Higgins were presented with \$225, as remembrance from friends and relatives. One of the guests present was Wm. Stenfield, of Meriden, Conn., who was a guest at the wedding of Mr. and Mrs. Higgins. Mrs. Higgins was formerly Miss McPhee, a daughter of Mr. and Mrs. Alex. and McPhee. Mr. Higgins has been quite extensively for quite a number of years. They have ten children, three living in this country and seven in the United States.

SHIP STRAWBERRIES TO BOSTON MARKET

Prices Vary From Twenty-Four To Thirty-Five Cents — Montreal Quotes Seventeen Cents.

Special to The Standard.
Fredericton, July 4.—The first shipments of strawberries from this station to the Boston market took place this evening. The regulation requiring a license costing \$15 to export to the United States is in force, but representatives of Boston produce firms who are here purchasing the berries and avoiding the trouble which in individual shippers would have. Boston reports are that on that market yesterday New England strawberries were bringing 24 cents and New York State berries 30 to 35 cents. The New Brunswick berries should bring good prices. The Montreal market is also expected to take a considerable quantity of New Brunswick strawberries. A price of seventeen cents has been quoted by Montreal dealers.
The Provincial Horticulturalist reports that the crop of strawberries in the Fredericton district is fair. In Kings county the crop is not up to the average. No report has been received yet from Sackville and other districts.
