Another Possible Site For Big Fight

Willard-Dempsey Championship Battle May be Pulled off in Cumberland, Md.—Rickard Evidently Impressed.

New York, April 14.—Another possible site for the Willard-Dempsey heavyweight championship battle entered the lists today when representatives of Cumberland, Md., offered promoter Tex Rickard a substantial inducement to stage the bout there.

The delegation which was headed by J. J. Snyder, came to this city armed with letters and other documents from business and civic organizations and presented a strong plea which evidently impressed Rickard.

After a conference of several hours it was announced that while no assurance had been given the Maryland delegation it appeared that Cumberland would be seriously considered as a site for staging the contest.

Rickard stated that another locality had a virtual option upon the bout providing certain terms were met within a week. If an agreement cannot be reached within that time Cumberland may advance to first choice.

FIRE DAMAGE AT MONCTON. Young Man Gets Hand Badly Mangled in Coverdale Mill.

Moncton, April 14.—A young man named Allan Power was brought to the Moncton Hospital this afternoon suffering with a badly mangled hand which had been cut in the saw mill of Albert Wood, of Upper Coverdale, Albert county, the injured man had to be driven nine miles, and it was a race with death, as he was slowly bleeding to death as the result of an artery being severed. Power reached the hospital in an exhausted condition, but in time to save his life. Part of the hand had to be amputated and tonight the patient was resting well.

Fire tonight did about a thousand dollars damage to a house owned by W. F. Ferguson, Lower Main street. The house was occupied by Wallace Alken, who sustained loss on furniture.

N. B. MAN GETS APPOINTMENT

Lt. Gregg, V. C. of Mountain Dale Enters Services of Department of Soldiers' Civil Reestablishment.

Lieut. Milton F. Gregg, V. C., M. C., (with bar) the first V. C. to enter the services of the Department of Soldiers' Civil Reestablishment, has been given an appointment in the Chief Inspector's Branch. Lieut. Gregg, who comes from Mountain Dale, King's County, N. B., was educated at Acadia University and is twenty-six years old. He went overseas as a private in the 13th Montreal Battalion and was drafted to the Royal Canadian Regiment, receiving his commission in November, 1916, and being three times wounded while at the front. The official account of the circumstances under which this young officer received the greatest fighting honor of all reads as follows:

On 28th September, when the advance of the brigade was held up by fire from both flanks and by thick, misty fogs, he crawled forward alone and explored the wire until he found a small gap, through which he subsequently led his men, and forced an entry into the enemy's trench. The enemy counter-attacked in force, and through lack of bombs, the situation became critical. Although wounded, Lieut. Gregg returned alone under terrific fire and collected a further supply. Then rejoining his party, which by this time was much reduced in numbers, and in spite of a second wound, he reorganized his men and led them with the greatest determination against the enemy trenches, which he finally cleared. He personally killed or wounded 11 of the enemy and took 25 prisoners, in addition to 12 machine guns captured in this manner. Remains with his company in spite of wounds, he again on the 30th September led his men in attack upon severely wounded. The outstanding valor of this officer saved many casualties and enabled the advance to continue.

GIRLS! BEAUTIFY YOUR HAIR AND STOP DANDRUFF

Hair becomes charming, wavy, lustrous and thick in few moments.

Every bit of dandruff disappears and hair stops coming out.

For a few cents you can save your hair. In less than ten minutes you can double its beauty. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and charming as a young girl's after applying some Danderine. Also try this moisture cream with its Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil, and in just a few moments you have doubled the beauty of your hair.

A delightful surprise awaits those whose hair has been neglected or scrubbed, scraggy, limp, dry, brittle or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff, cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few weeks' use, when you see new hair—fine and downy at first—growing—but really new hair growing all over the scalp. If you care for pretty, soft hair, and lots of it, surely you can't afford to neglect your hair. Danderine from any drug store or toilet counter and just try it.

COMMUNISTS ARE NOT YET MASTERED

Heavy Fighting Still Raging in the Streets of Munich—Communists in Control of Public Buildings.

Berlin, April 14.—(By the Associated Press)—The latest news received here is to the effect that the Communists in Munich have not yet been mastered, and that heavy fighting is raging in the streets of Munich between Red Guards and troops loyal to the Government. The Central Railway Station, the Post Office and Telegraph Office, and several other public buildings again are in the hands of the Communists who used heavy machine guns in their capture. A number of persons have been killed or wounded.

GERMANY HELD RESPONSIBLE FOR LOSSES ACCORDING TO 14 POINTS

Commission to Determine the Extent of the Payment, to Take Testimony, Assemble Data, and Arrange All Details of the Payments from the Enemy and Distribution Among the Allied and Associated Powers.

Paris, April 14.—In view of the fact that the commission which has been set up to determine the extent of the payment, to take testimony, assemble data, and arrange all details of the payments from the enemy and distribution among the Allied and Associated Powers, has not yet been formed, the commission is set up to take testimony, assemble data and arrange all details of the payments from the enemy and distribution among the Allied and Associated Powers.

While the commission will administer the details of the payments, sufficient is known to permit the determination that an initial payment will be required of twenty billion gold marks, payable in two years, without interest. It has also been determined that forty billion gold marks shall be payable in bonds extending over a period of thirty years, beginning 1921 with a sinking fund beginning in 1926. These forty billion marks draw 2 1/2 per cent. interest from 1921 to 1926, and five per cent. interest after 1926.

In addition to the foregoing payments, Germany will also be required to deliver additional bonds for forty billion marks, when the commission determines that this shall be done. These three payments of twenty, forty and forty billion marks bring the total to 100 billion gold marks. Beyond the total, the commission is empowered to fix anything further into the details of the payments from Germany's indebtedness.

Enquiry Into the Death of Carpenter

Jury Last Night Found George E. Colwell Died of Fractured Skull—Injured on Board Ship—Regret Lack of Sympathy Shown by Fellow Workmen.

We, the jury empanelled to enquire into the death of George E. Colwell, do find: That he died in the General Public Hospital on the evening of April 12th, 1919, from a fractured skull; said fracture was received while he was at work on the C. P. O. S. Scandinavian on the afternoon of April 12, 1919, at No. 6 berth, West St. John, by his being struck on the head by a falling iron workman.

It is the gold mark that all payments are expressed in the final terms. This excludes depreciated paper marks, and fixes the standard of payment in gold. The gold mark is worth about the same as the English shilling, and before the war was quoted at 25.82 American cents.

The Allied and Associated Powers marks, among the Allied and Associated Powers, has not yet been finally decided, but a tentative arrangement made to the effect that France will receive fifty-five per cent. of the total; Great Britain's allotment between twenty and thirty per cent. of the total; and the United States between two and five per cent.

The text of the opening clause of the terms, whereby Germany is held generally responsible, reads substantially as follows: "The Allied and Associated Powers affirm and Germany admits responsibility for all losses and damages of the Allied and Associated Powers, and their nationals, resulting from the war waged by the enemy powers against the Allied and Associated Governments."

These three payments of twenty, forty and forty billion marks bring the total to 100 billion gold marks. Beyond the total, the commission is empowered to fix anything further into the details of the payments from Germany's indebtedness.

"In other words," concluded the eminent American authority who framed the terms and furnished the foregoing summary, "a commission is set up with power to collect from Germany to the utmost her capacity to pay, within the limitation of her indebtedness."

GRAND FALLS PAYS HOMAGE TO HERO

Welcomes Back One Who Early Heard the Clarion Call to Duty and Fought the Fight of the Brave.

Special to The Standard. Grand Falls, April 14.—Among the first soldiers to arrive back from overseas, after having loaned their strength and vitality to democracy in a successful combat against tyrannical rule, as practiced by the people of Prussia, is Charles Paradis, a popular and estimable resident of Grand Falls. When the clarion sounded through the country to young men to buckle on their armor and make haste to the khaki line which stood for devastation and transportation of the world, he was the first to respond to the call.

Paradis, who is now in the ranks of the 5th Battalion, returned to Valcartier, accepted into his ranks one of the finest boys who were not to leave the ranks of the front line trenches, otherwise he would have been a sergeant. He was wounded on several occasions but was given medical attention and this was on account of the severity of his wound.

While overseas he was advised of the death of his brother, Pte. John Paradis, who passed away in October of last year. He was a member of the 1st Canadian Infantry, and his death was a great loss to the family.

BRITISH HELD SUPREME RIGHTS IN THE FLEET

Thus Causing U. S. Gov't to Withdraw Its Offer to Purchase American Interests in Tonnage of I. M. M.

Washington, April 14.—Withdrawal by the United States government of its offer to purchase the American owned interest in British tonnage held by the International Mercantile Marine, and which a British syndicate previously desired to buy, was due to conditions surrounding the company's contracts with the British government.

It was learned today that Great Britain had the right to requisition the fleet at any time, and this government did not wish to acquire property with the control virtually resting elsewhere. There was also said to be some doubt as to the legality of the shipping board acquiring stock, although there is no doubt of its authority to buy or build ships.
