OF THE ST. LAWRENCEHas Gone Down Eighteen
Inches Since Saturday.

Montreal, April 12.—The water in the river here and at Sorel has gone down nearly 18 inches today as compared with Saturday. The Canadian Government steamer Lady Grey reached the De Grace about five miles below Sorel this afternoon and expects to reach Sorel tomorrow night or Wednesday morning.

Colonel Dubuc, supervising engineer of canals for the government, said today that in the absence of bad luck the Locking Canal should be open for navigation by May first.

Faint And Dizzy Spells

Weakness and
Shortness of Breath.

You can generally tell when the heart is affected by the faint and dizzy spells, the shortness of breath, palpitation, throbbing, irregular beating, smothering sensation, weak, sinking, all-gone feeling, choking sensation, etc.

Many men and women become run down and worn out when otherwise they could be strong and healthy if they would only pay some attention to the first signs of heart weakness.

No remedy will do so much to make the heart regain strength and vigor, regulate its beat and restore it to a healthy and normal condition as Milburn's Heart and Nerve Pills.

Mrs. C. A. S. Drake, Paris, Ont., writes:—"I have used on towards the second box of Milburn's Heart and Nerve Pills and find they have done me good. I had those fainting, dizzy spells, once in a while, and also weakness and shortness of breath, and would become so choked up at times I could hardly sleep without sitting up in bed. When walking too fast I would have to stop and try to catch my breath. I feel a lot better since I have used your pills and know that they have helped me wonderfully as I have improved very much."

Millions of men and women take a Cascaret now and then and never know the misery caused by a lazy liver, clogged bowels, or an upset stomach.

Don't put in another day of distress. Let Cascarets cleanse your stomach; remove the sour, fermenting food; take the excess bile from your liver and carry out all the constipated waste matter and poison in the bowels. Then you will feel great.

Cascarets tonight straighten you out by morning. They work while you sleep.

Turn the rascals out—the headache, biliousness, indigestion, colds the sour stomach and misery-making gases—turn them out tonight and keep them out with Cascarets.

RAILROAD STRIKE
UPSETS N. Y. STOCKSForeign Exchange Was An-
other Disquieting Influence.

New York, April 12.—The railroad strike and another flurry in money markets against the conservative side of today's stock market, although it did not entirely restrain pools from extending their bullish commitments in certain speculative issues.

Foreign exchange was another disquieting influence, further acute depression in French, Italian and Belgian remittances forcing on those countries to new levels of discount, while the British rate also reacted.

Call loans opened at six per cent as compared with last week's final quotation of 10, but soon rose to eight and repeated the recent maximum before the close of the session.

Offerings of time money were at most negligible, except for moderate renewals.

Stocks were lower at the outset, rallied indifferently at midday, but lost ground again very generally as the broader selling which accompanied the tightening of credits at the end. Sales amounted to 1,175,000 shares.

A few issues notably food stocks, as represented by sugars and corn products and several of the less conspicuous steel and equipment retained part of their rise but otherwise the reaction carried many shares under last week's final prices.

There was much unsettlement in the bond market, resulting mainly from heavy selling of Liberty issues. Of this group the second 4's and the second, third and four 4 1/4's established lowest quotations yet recorded. Investment railroad and industrial bonds also reacted sharply. Total sales (per value) aggregated \$14,875,000.

Old U. S. Bonds unchanged on call, which added a point at 100.

Weak issues were Dominion Textile which sold down three points at 132; Asbestos preferred, which lost 1 1/2 points at 88 1/2 and Bank of Montreal down two points at 210.
