

GEORGE B. JONES MAKES TELLING SPEECH AT NOMINATION DAY PROCEEDINGS FOR KINGS-QUEENS

Produced Cheques Issued by Provincial Gov't to Few Electors of Royal for Work Never Performed, Which Arrived Yesterday—Makes His Position Clear on Campaign Issues—Dr. McAllister Provides Some Amusement, and Mr. Perkins Some Pathos.

Hampton, N. B., Nov. 22.—Nomination day here resulted in officially placing three candidates in the race to contest the constituency of Royal in the persons of George B. Jones, Conservative; Dr. Duncan McAllister, Liberal; and G. Harold Perkins, Farmer. Following the closing of nominations at two o'clock, a meeting was held in the old Court House building, which was addressed by the three candidates. H. N. Flowering, of Hampton, presided as chairman.

High Finance.

The three speakers consumed their full allotment of time, and the best speech of the day was made by George B. Jones, who discussed at length the issues of the campaign with convincing effect.

In the course of his remarks, and in corroboration of his statements, Mr. Jones produced two cheques which had been issued by the Provincial Government, one for \$15.00 in favor of Duxton Roberts, and the other for \$12.00 made payable to the order of Lee Jones. Both cheques were dated November 18th, 1921, and were received by the gentlemen in question at Wickham on Monday. In the first instance, Mr. Roberts had done nothing to earn the sum set out on the cheque he received, with the exception of work to the value of \$5.00 only. Lee Jones had done \$3.00 worth of work, but his cheque was for \$12.00. The two cheques were charged against "capital account" of the Provincial Government, and not to the "bridge and road account."

Provincial Treasurer Challenged

On November 18th the speaker had met Hon. Dr. Hetherington, provincial treasurer; Dr. Duncan McAllister, the Liberal candidate; and G. Harold Perkins in a certain part of Queens county. He did not charge them in the matter, but he did make the definite charge that it looked mighty fishy, especially in view of what happened in the Parish of Wickham last year, just before the provincial election, when cheques were received by various people all the way to \$40,000, of which the recipients had not done a day's work to earn them.

Mr. Jones remarked that as the Provincial Treasurer was in the audience, he challenged him to make an explanation of the whole matter. Hon. Dr. Hetherington did not make any statement.

The Conservative candidate declared that he desired to make his stand clear in reference to his attitude towards the Farmers' Party. A short time before the nomination at Norton, on October 5, he had been asked by a large number of them to be their candidate. He had replied that he would be glad to accept, but that it was impossible for him to go on the same platform with Mr. Gray, as he did not believe it was in the interests of the Maritime Provinces. At their request he had sent a letter in which he had embodied his reasons. When the convention was subsequently held his name had not been entered, it was stated, because he was not a full-fledged farmer. Ninety per cent. of his business was with the farmers of the counties of Kings and Queens, and he believed that he would make them a good representative.

Union Government History

In 1917 Sir Robert Borden had decided that it would be advisable to form a Union Government with a cabinet on a fifty-fifty basis. Mr. Jones had worked for the Government candidate in the constituency of Royal during the campaign which took place at that time, although it had not done so. Sir Robert Borden first approached Sir Wilfrid Laurier

It was on Nov. 22, 1920, that the strike began, and the men, conductors and brakemen in the employ of the Dominion Steel Corporation and the Nova Scotia Steel and Coal Company walked out for standard rates of pay, hours and working conditions, and they have been out ever since. The companies continue to operate what yard engines they have.

Prince of Wales Broke Away From Fixed Programme

London, Nov. 22.—Describing the reception of the Prince of Wales in Bombay, the correspondent for the London Times, in a despatch received here today, relates how the Prince broke away from his scheduled programme at the Poona race course last Sunday, making a half-mile detour in order to pass, unaccompanied, through the crowd. Striding well ahead of the staff, says the correspondent, the Prince rushed along close to the rails, laughing, acknowledging the cheering, exchanging greetings, touching hundreds of eager outstretched hands and then inspecting a group of veterans in the center of a great throng of Indians.

It causes palpitation, pain in the heart, irregularity of the beat, makes the hands tremble, sets the nerves on edge, causes shortness of breath, and loss of sleep. To counteract this demoralizing influence on the heart and nerves there is no remedy so equal as WILBUR'S HEART AND NERVE PILLS.

They make the heart beat strong and steadily, restore tone and vigor to the nerves, and remove all the bad results caused by the tobacco.
