ABERDEEN RANGE (for coal or wood).

One of the particular
features of excellence
in these Ranges is
their extraordinarily
good draft. * *

VICTORIAN RANGE (for wood only)

It is with pride and pleasure we illustrate our two beautiful Ranges—the Aberdeen (for coal and wood), and Victorian (for wood only) in the pages of this excellent *Canadian* magazine. Our Ranges are *Canadian* also in every particular, built for and by Canadian people, and are warranted to work perfectly. The charm of their appearance, the adornment to any kitchen, the cheerful face they will give any cook, is the inducement for you to purchase an Aberdeen or Victorian Range in preference to any other. Send for Booklet.
