LEAST COST**

# GURNEY-OXFORD

## HOT WATER BOILERS

HEAT your home with the Gurney-Oxford Hot Water System—it's economical, dependable, besides it lessens fuel bills. But how? Simply this:—The fire in the Gurney-Oxford Boilers is all used up—(not in heating the chimney)—it must heat the water. Why? Sloping walls round the firepot and on water section immediately above fire simply corral the heat before it finally escapes up the chimney—that promotes economy. Think it over—it's your privilege to secure what's right. It's our wish to help you secure what's best—the Gurney-Oxford—by years of test.

Write for illustrated booklet on "Heating the Home"—interesting, instructive, free.
