GREETINGS, STUDENTS! I'M BACK WITH A QUICK 'N' EASY RECIPE FOR ALL OF YOU CULINARY PSEUDOWIZARDS! IT'S CALLED "SMURFY SURPRISE"!

YOU NEED QUITE A FEW SMURFS FOR THIS DISH AND, AS GARGAMEL WILL ATTEST TO, THEY'RE A BITCH TO CATCH. I RECOMMEND USING THIS "CAN-O-SMURF", AVAILABLE IN YOUR GROCERS MEAT SECTION.

FIRST, LOP OFF THEIR HEADS. THIS WON'T WIPE THAT STUPID GRIN OFF THEIR FACE BUT IT'LL MAKE YOU FEEL TERRIFIC! FRY THEIR LITTLE BLUE CORPSES IN AN OPEN PAN AT 375°F FOR 2 HOURS. ADD 14 CLOVES OF GARLIC AND A PACK OF DENTYNE! SERVES TWO.

MM-MMM GOOD! THE PERFECT AFTER-SEX SNACK! A WARNING, HOWEVER: SMURF IS A BANNED SUBSTANCE AT THE OLYMPICS! AND WATCH OUT FOR THOSE NASTY BLUE HAIRBALLS - THEY STICK IN YOUR THROAT!

A little AC/DC?

Here they are, the psychedelic flush tones with "You're wet but I lust you anyway."
