MAGGIE-JEAN READY SOON

GIRLS MAY MOVE IN NEXT WEEK

Maggie Jean is bulging at the seams! But not for long, for the work on the new addition has been stepped up considerably. It is hoped that in a very short time at least part of it will be ready for occupancy.

The co-ed population of U.N.B. has increased rapidly in the past few years. At present there are sixty-seven co-eds at the Residence, about half the total number attending the University. Of these sixty-seven, twelve have been temporarily boarding out, either with relatives or at places found for them by a committee of Alumni ladies, headed by Dr. Warren.

The need for an extension was felt greatly last year when eleven of the freshmen stayed at the Annex, across the street from the Maggie Jean. Plans for an extension were drawn up then, and work began on it shortly after the close of the University last spring.

This addition to the Maggie Jean Chestnut House, has been built to join the main section of the Residence to the Barn. This will mean that all of the Residents will be under one roof for the first time since that time when there were so few co-eds that even the Barn was unoccupied.

This extension is a modern two-story structure with a kitchen, diningroom, office and a few bed-rooms, on the first floor, while the second floor has been given entirely to bed-rooms. The workmen have been concentrating on the second floor, and the progress made since the opening of University indicates that in about a week's time, most of those girls who have been staying out will be back in Residence.

At present the Maggie Jeaners are, for the most part, living out of suit cases, but the promise of a lovely new wing seems to be sufficient to keep up the spirits.

It will be a while before the dining room and kitchen are ready for use. Until that time the residence girls will be a part of the Dinner Parade at the Student Centre. Eating at the Centre, despite its seeming disadvantages, has definite advantages which cannot be over-looked. The long trudge to and from there at noon hour has for the time being been abolished. Also, there are some excellent chances to strike up new acquaintances while waiting in the long line for meals.

Newmanites Congregate

The Newman Club Alumni of Fredericton were host to the Newman Club of U.N.B. at a reception which was held in St. Dunstons Hall on Sunday 30th of September. Guest speakers included Monsignor C. Boyd, Pastor of St. Dunstons Parish, newly appointed chaplain of the Newman Club and Mr. B. Henneffer, Regional Vice-President of the Canadian Federation of Newman Clubs. The reception which was held to welcome all Catholic students to Fredericton was very successful.

This, believe it or not is the Dining Room of the Maggie-Jean Residence for the Co-eds. It is one of the rooms which has been taken over for temporary accommodation.

Dolls! Where Have You Gone?

With the start of the Football season and the coming of Hockey it is imperative that the University has a full complement of cheerleaders.

This year eighteen girls are needed during the Football season due to the fact that during Girls Basketball and swimming only the good work for the rest of the year.

At present the turn-out of cheerleaders has not been at all promising and it has been decided that the choosing of the final cheerleading team will be put forward to a later date.

Practices are held at the Gym every night, except Saturday and Sunday at 7:00 p.m.

Any Co-ed who has had previous experience in cheer-leading and those who are interested in cheer-leading for the first time will be made welcome.

NOTICE TO ALL STUDENTS

A Post Office is located in the Basement of the Arts Building for the convenience of the University faculty, staff and students. Students' mail arriving at the Post Office (excepting Residence mail will be placed in the Pigeonholes, on the first floor of the Arts Building. Any mail returned to the University without a return address will be placed in a 'dead letter' Box in the Post Office.

VARSITY HAS PROBLEMS TOO

The University of New Brunswick does not seem to be the only university with an overcrowding problem. At the University of Toronto "The engineering faculty is fighting to accommodate a sixteen per cent increase in the freshman enrolment this fall." Classrooms are overcrowded and professors are overworked.

U.N.B. has a similar problem. In Dr. Toole's Freshman Chemistry class, over three hundred and fifty students come together for lectures. For labs the class is broken into sections with lab space being utilized to the limit. This is only an example of the complete situation. The Engineering Department has a comperable predicament.

MANAGERS STILL NEEDED

The Amateur Athletic Association held its first meeting of the new university year Tuesday. The president, Eric McAlary, was in the chair and all members were present.

P. C. (Pete) Kelly, athletic director at U.N.B., spoke to the team managers about their duties, especially the handling of finances.

The cheerleaders, five-pin bowling and proposed constitution changes were other items discussed.

The AAA still has need for managers. Needed are a manager for badminton and assistant managers for men's basketball and track and field.

JOB

The Student Centre cafeteria requires four people for part time work in the kitchen. No experience is necessary. The hours are from 5 P.M. until about 9 P.M. on weekdays, and a free supper will be provided.

PRE-GAME PARADE AT MONCTON, SATURDAY

It was learned on Wednesday that as a curtain opener to Saturday's Football game at Moncton there will be a parade. It will take place in the morning at 11 o'clock.

The participants will ride down the Main Street in cars, though the Red Bombers will, unfortunately, be unavailable for the parade. There is a good chance that the U.N.B. cheerleaders will be present, so the Moncton folk will see a part of the University 'delegation'. We feel sure that they will not be disappointed. Also in the parade will be the Moncton Cubs team, and the Navy Band. So there is promise of a fine send off to the U.N.B. squad's first game of the season.

It is hoped that there will be a strong group of supporters to cheer on our team in the all-important first game.

Drama Group Meets

The first meeting of the Drama Society was held on Wednesday, in the Art Centre. There were about 35 members of the Society present, including 15 Freshmen, who it is hoped, will play a leading role in the affairs of the society in years to come.

The meeting began with a short address by the President of the Society, Stephen Fay, who stressed the importance of the Freshmen in the group this year. For they will immediately play an important role in the workings of the Society. It is hoped that the fall production will be staged by a large percentage of the Freshmen class, and a nucleus of the experienced members of the Society. The Festival production for the second term is already cast but much of the work

ACCOMODATION

The University's Accommodation Registry, situated in Room 211 of the Forestry and Geology Building, still has a list of good accommodations available. Students having any difficulties with their accommodations are urged to get in touch with the Registry as soon as possible.

CAMPUS CALENDAR

In succeeding issues of the Brunswickan, this column will present a calendar of coming events as reported to the Campus Co-ordinator. The Campus Co-ordinator is appointed each year by the SRC to advise any campus group of the most opportune time to hold a meeting or social function in order that time conflicts may be avoided.

It is hoped that Campus Calendars may serve not only to co-ordinate campus activities but also to stimulate student interest in them. It will contain the name, date, time, and location of the event taking place, and, in the case of meetings, will present the important part of the agenda when possible. The Calendar will also report the major coming sports events.

As it has been impossible to contact the executives of the thirty-odd organizations on the campus before this issue, the Campus Co-ordinator, Mike Caughey, asks these organizations to get in touch with him when planning an activity by phoning 9004 or dropping in at Room 310 of the Lady Beaverbrook Residence. For insertion in Tuesday's Brunswickan, material should reach Mike by 5:30 p.m. of the preceding Wednesday.

S.R.C. MEETING NEXT WEDNESDAY

The first meeting of the Year for the Students Representative (Continued on Page 2)

Some murmurs were heard during Freshman Week that this year's class was slightly lacking in spirit. Surely this picture of the Downtown Parade disproves any of these theories.
